## NOTE 1 - DESCRIPTION OF PLAN

The following description of the F.S. Lopke Contracting, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Sponsor: F.S. Lopke Contracting, Inc. (the Sponsor)
Plan Name: F.S. Lopke Contracting, Inc. 401(k) Plan
Plan Number: 001
Employer Identification Number: 16-1012179
Plan Trustees: Frank S. Lopke, Barbara A. Lopke and Steve Gregg (the Trustees)
Plan Custodian: Great-West Trust Company, LLC (the Custodian)

General - The Plan, which began service on January 1, 1995, is a defined contribution plan covering the employees of F.S. Lopke Contracting, Inc. and Lopke Quarries, Inc., a related company to the Sponsor. The Plan covers essentially all employees, who are at least 21 years old and have one year of service. Employees are able to enter the Plan on the earlier of January 1st or July 1st upon meeting the aforementioned eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may elect to defer compensation and make voluntary cash contributions to the Plan with certain limitations. Participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to, certain limitations of the Internal Revenue Code. The maximum deferral a participant may make may not exceed the lesser of their eligible compensation or $18,500 and $18,000 for 2018 and 2017, respectively. Annually, the Sponsor determines the match contribution percentage on the first 4% of eligible compensation and a non-elective discretionary contribution. The Sponsor authorized a matching contribution percentage of 50% on the first 4% of employee's eligible compensation for 2018 and 2017. In addition, the Sponsor may make a non-elective discretionary contribution. There were no non-elective discretionary contributions for 2018 or 2017. Under no circumstances are employees allowed to make annual additions to their accounts in excess of the lesser of 100% of compensation or $55,000 and $54,000 plus catch-up contributions for the years ended December 31, 2018 and 2017, respectively, combining both 401(k) elective deferrals and Sponsor match and non-elective discretionary contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Sponsor's contribution, (b) Plan earnings (net of losses) and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan is a participant-directed plan.

Vesting - Participants are immediately vested in their voluntary contributions. For participants credited with an hour of service beginning after December 31, 2001, the Plan provides for the following graduated vesting, with regard to the Sponsor's contributions: 20% per year after two years, with 100% vesting at six years of service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payments of Benefits - Benefits are available for distribution at the normal retirement age of 65, or a deferred retirement date if a participant works past age 65, termination of employment, permanent disability, or upon death. Distributions are paid in the form of a lump-sum of the total vested participant account balance.

Administrative Expenses - Participant administration and record keeping fees are paid by the participants. The annual plan administration and compliance fee is paid by the Sponsor.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous twelve months, even if amounts have been repaid. The loans are secured by the balance in the participant's account and bear interest at a rate of 3.25% to 5.25%, which is commensurate with local prevailing rates as determined monthly by the Plan administrator. The maximum repayment period is 5 years. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts - If a participant's employment is terminated, the non-vested portion of a participant's account balance becomes subject to forfeiture. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $5,035 and $4,914, respectively. Forfeitures of Sponsor matching contributions and non-elective discretionary contributions reduce current matching contributions and non-elective discretionary contributions, respectively. For the years ended December 31, 2018 and 2017 forfeited amounts were not used to supplement current matching contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan has elected to present these statements on the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement dates. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan's investments consist of mutual fund shares held under contract and unallocated insurance contracts with the Custodian. The Plan's participants do not hold shares of stocks, bonds or mutual fund shares under the contract, instead contributions to the contract are held in the Custodian's pooled separate account, which, in turn, purchases shares of mutual funds. The interest, dividends and realized/unrealized gains and losses with respect to the mutual fund shares held under contract are factored into the value of the separate account funds. The value of the separate account unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held by the plans invested in the separate account. The value of the separate account includes the dividends earned and any realized or unrealized gains or losses associated with the underlying investments. The Custodian has advised the Plan administrator that it is impractical to have a separate accounting of investment income and appreciation/depreciation on the value of the assets.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Subsequent Events – The Plan's trustees have evaluated events and transactions that occurred during the period from January 1, 2019 through October 1, 2019, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

## NOTE 3 - TAX STATUS

The Plan obtained its latest determination letter on September 18, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is exempt from federal income tax under Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

## NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

| | 2018 | 2017 |
|---|---|---|
| Equity and Fixed Income Mutual Funds | $ 3,041,419 | $ 3,139,748 |
| Unallocated Insurance Contracts | 462,681 | 431,053 |

| **Total of Certified Assets** | $ 3,509,135 | $ 3,575,715 |

| Dividends and Interest - Investments | 286,178 | 242,366 |
| **Total Investment Income (Expense)** | $ (249,909) | $ 521,133 |

## NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

## NOTE 6 - SEPARATED PARTICIPANTS

At the Plan's year-end, there were twenty-two participants separated from service, with plan assets. The separated participants are entitled to the income earned from their assets but are not eligible to share in subsequent Plan contributions or forfeitures. The value of the assets of separated participants was $170,674 at December 31, 2018.

## NOTE 7 - RELATED PARTY TRANSACTIONS

As of December 31, 2018 and 2017, certain Plan investments are shares of mutual funds that are managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is also the Custodian as defined by the Plan and, therefore, these transactions qualify as related party transactions.

## NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature, pursuant to Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, establishes a fair value hierarchy that prioritize the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

### Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**NOTE 9 - FAIR VALUE MEASUREMENTS** (Continued)

**Level 3 Fair Value Measurements**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

**Mutual Funds** - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of mutual funds are based on the closing prices reported on the active markets where the individual securities are traded. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual fund shares held under contract, see Note 2, are deemed to be actively traded.

**Guaranteed Investment Contracts** – See Note 10, where these investments are more fully disclosed.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

| | | Investments at Fair Value | |
|---|---|---|---|
| | Total | (Level 1) | (Level 2) |

| December 31, 2017 | | | |
| Mutual Funds | $ 3,139,748 | $ 3,139,748 | $ - |
| Guaranteed Investment Contracts | 431,053 | - | 431,053 |

## NOTE 10 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Trust Company, LLC (Great-West). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017 was $462,681 and $431,053, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than .54%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value Great-West. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.
