REVLOCAL, LLC
PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the RevLocal, LLC Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan is a defined contribution and profit sharing plan covering all full-time employees of RevLocal, LLC (the Company) who have attained age 21 and completed the Plan's eligibility service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective October 1, 2017, the Plan was amended to define participants' eligibility service requirements for purposes of salary deferrals as 60 days of service. Prior to the amendment, the eligibility service requirement was one year of service, defined as working a minimum of 1,000 hours. For purposes of employer matching contributions and employer profit sharing contributions, the eligibility service requirement is one year of service, defined as working a minimum of 1,000 hours. Newly eligible employees may enroll in the Plan on the first day of the month coinciding with or next following the date the Plan's eligibility requirements are satisfied. The Plan automatically enrolls all participants who have met eligibility criteria, at 4%, unless they specifically opt out of the Plan. This auto-enrollment contribution percentage was increased from 3% to 4% through a plan amendment effective January 1, 2017. Additionally, the amendment provided that the automatic deferral amount of 4% will increase by 1% of compensation up to a maximum of 8% each year following the period in which the initial deferral amount was withheld, unless participants specifically elect otherwise. Subsequent to December 31, 2018, two amendments were made to the Plan. The first amendment, which is effective January 1, 2019, increases the auto-enrollment contribution percentage from 4% to 6%, with a 1% increase each year up to a maximum of 10%. The second amendment, which is effective January 1, 2020, automatically enrolls all eligible employees not currently participating in the Plan.

Contributions - Plan participants may authorize payroll deductions or any fixed dollar amount equal to up to 90% of the participant's compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers one Stable Value Common Collective Trust fund and various mutual funds as investment options. During 2018, the Plan provided for a Company matching contribution equal to 50% of each participant's contribution each pay period up to 8% of compensation. Participants are eligible to receive the matching contribution regardless of the amount of service completed during the Plan year. The Company may also elect to make a discretionary profit sharing contribution. Participants are eligible to receive the discretionary profit sharing contribution when (a) 500 or more hours have been completed during the Plan year and (b) the participant is employed on the last day of the Plan year. The Company did not elect a discretionary profit sharing contribution in 2018. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, forfeitures and Plan earnings and losses. Allocations are based on each participant's deferral amount or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting - Participants are vested immediately in their voluntary contributions and actual earnings thereon. Vesting in the Company matching contribution and discretionary profit sharing contribution portions of their accounts plus earnings thereon is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Under terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to 50% of the present value of their vested account balances, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at prime plus 1% at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire a participant's principal residence.

Payment of Benefits - A participant may receive the value of his or her vested account upon retirement, disability or termination of employment with the Company. Upon death or disability of a participant or upon reaching retirement age, which is 65, the participant or beneficiary shall be entitled to the full value of the account. Distributions are made in a lump-sum or partial payment. Terminated participants who do not request a lump-sum distribution and have a vested account balance between \$1,000 and \$5,000 will have their account rolled over into an individual retirement account. Vested account balances less than \$1,000 will be paid directly to the participant in the form of a lump-sum payment. Hardship withdrawals, as defined in the plan agreement, are also available to participants only from the pretax deferral portion of their accounts, plus earnings thereon. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59½ while still employed with the Company.

Administrative Expenses - The Plan's administrative expenses are shared by the Plan and the Company as provided by the Plan document.

Forfeited Accounts - Forfeited nonvested amounts can be used to reduce administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures of approximately \$28,000 were used to reduce employer contributions during the year ended December 31, 2018. At December 31, 2018 and 2017, the balance in the forfeitures account was approximately \$300 and \$600, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the Plan sponsor in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Recent Accounting Pronouncement - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2018-13, which changes the fair value measurement disclosure requirements of Fair Value Measurement (Topic 820): Disclosure Framework - Change to Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 is effective for annual periods beginning after December 15, 2019 and early adoption is permitted under the guidance. Plan management is currently in the process of evaluating the impact that the adoption of ASU 2018-13 will have on its financial statements.

Subsequent Events - The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION

The Plan administrator has received certification from Reliance Trust Company (Reliance), the trustee of the Plan's assets, as to the completeness and accuracy of the investments, related investment income and notes receivable from participants. Such information includes the composition and current value of the investments reported in the statement of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENT

The accounting standard for Fair Value Measurement establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,989,726	-	-	\$ 4,989,726
Investments measured at net asset value (a)				346,025
Total Investments At Fair Value				\$ 5,335,751

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,511,789	-	-	\$ 4,511,789
Investments measured at net asset value (a)				462,026
Total Investments At Fair Value				\$ 4,973,815

- (a) In accordance with the Plan's adoption of Accounting Standards Update (ASU) 2015-07 and Codification Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan evaluates the significance of transfers between levels based on the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfers in or out of Levels, 1, 2 or 3.

The following table summarizes investments measured at fair value based on NAV per share of common collective trusts as of December 31, 2018 and 2017:

	Fund Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2018	2017			
Common collective trust - stable value fund	\$ 346,025	\$ 462,026	-	Daily	None
	\$ 346,025	\$ 462,026

NOTE 5 - PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Certain Plan investments are shares of mutual funds and a common collective trust managed by Reliance. Reliance is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Automatic Data Processing, Inc. is the record-keeper of the Plan and Everhart Financial Group, Inc. is the investment advisor to the Plan; therefore these transactions qualify as party-in-interest.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan adopted a non-standardized form of a prototype plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 16, 2014. The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
