RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the National Employee Management Resources Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering eligible employees of National Employee Management Resources (the "Employer"), an employee leasing company. Great West Life & Annuity Insurance Company served as insurance carrier of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan offers a 401(k) option to multiple employers. All participating employers of this multiple employer plan have signed co-adoption agreements that enable them to accept or modify the elections of a master plan document to meet their needs. Each company's adopted plan agreement should be referenced by the participants for additional information regarding plan specifications.

Contributions

Each year, participants may contribute a portion of their pre-tax compensation, as defined in the plan, subject to certain Internal Revenue Code (the "Code") limitations. In addition, after-tax contributions may be made from 1% to 15% of participant's compensation. Participants are eligible once they reach age 21. Participating employers may contribute a discretionary percentage of the amount deferred by the employees. The employer may also contribute a discretionary amount determined each year by the participating employer.

Effective August 1, 2014 participants may designate a portion of their contributions to be treated as Roth contributions and are subject to current federal income tax at the time of contribution to the plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Employer's matching contribution, if applicable, and plan earnings. Each participant's account is charged with withdrawals and Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service, as indicated in the following table:

Forfeited Accounts

All forfeitures from non-vested interests in the Plan occurring during the plan year shall be applied to reduce employer contributions. In addition, forfeitures shall be calculated and applied separately with respect to employees of each particular employer. Balances in forfeited non-vested accounts at December 31, 2018 and 2017 were \$1,751 and \$1,070, respectively. During 2018, no forfeited balances were used to offset the employer contributions.

Payment of Benefits

Participants will receive the full amount of their vested account balances in the event of normal retirement, termination of service, death or disability. Early withdrawals are permitted at the participant's request after the age of 59-1/2. Certain hardship withdrawals are also permitted.

Distributions will be made in lump-sum payments, joint and survivor annuities or pre-retirement survivor annuities.

Hardship Withdrawals

The Plan provides for hardship withdrawals, not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from the participants' personal residence and such other circumstances as the Plan Administrator may determine based on rules set forth in the Internal Revenue Service regulations. Salary deferral contributions are suspended for six months following a hardship withdrawal.

Participant Loans

Participant loans are a Plan option that must be elected by the Co-Adopting employer. The rules are covered in a separator loan application form and promissory note form and loans must be applied for through the plan administrator. Participants may borrow from their employee elective deferral accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with prevailing rates as determined quarterly by the plan administrator. Loan terms range from 1-5 years or up to a reasonable amount of time for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the participating employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Company may determine.

Administrative Expenses

Certain costs such as the annual contract fees are paid by the Plan. Certain other administrative and auditing fees are paid by the Employer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

Use of Estimates

The Plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, reported changes in net assets available for benefits and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Recognition

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses bought and sold as well as held during the year, based on the value of assets at the beginning of the year or at the time of purchase during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are allocated based upon participant account holdings on the record date and are recorded on the ex-dividend date.

Notes Receivable from Participants, Net

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a deemed distribution is recorded. On a periodic basis, the Plan sponsor evaluates notes receivable from participants and, if necessary, establishes an allowance for doubtful accounts. As of December 31, 2018, the Plan sponsor estimates the allowance for doubtful accounts to be \$0.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West American Life and Annuity Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles (GAAP) establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Generally Accepted Accounting Principles are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of this asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NATIONAL EMPLOYEE MANAGEMENT RESOURCES 401(k)
RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lower level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Fixed Annuities: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed Annuities	\$ -	\$ 147,094	\$ -	\$ 147,094

NOTE 5 - INCOME TAX STATUS

The Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since its original effective date the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the

applicable requirements of the Code. The tax years that remain open to examination are 2015, 2016, and 2017.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

The Plan holds units of mutual funds managed by Great-West American Life and Annuity Insurance Company, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Great-West Life & Annuity, Inc. was paid \$68,694 in direct compensation. Continental Benefits Group, Inc. was the Plan's third-party administrator, and was paid \$17,240 in direct compensation and \$7,972 in indirect compensation. Empower Retirement Advisory Service was paid \$364 in direct compensation for contract administration. Securities Service Network, Inc. was paid \$19,530 in indirect compensation for other services. Envestnet Retirement Solutions LLC was paid \$3,188 in direct compensation for other services.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, record-keeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan.

NOTE 7 – FIDELITY BOND

As of December 31, 2018, the plan was covered by a fidelity bond in the amount of \$375,000.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
