Notes to Financial Statements

1. Description of Plan

The following description of the FUJIFILM Manufacturing USA, Inc. (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all full time employees of the Company. The Retirement Committee of the Company controls and manages the operation and administration of the Plan. T. Rowe Price Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2018, plan management admitted the facilities maintenance department, which included 16 participants, into the plan from another FUJIFILM plan. As a result, assets of approximately \$3,666,000 were merged into the plan.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan provides an annual automatic increase of an additional by 1%, up to 12%, of the participant's annual compensation.

The Company makes a matching contribution of 50% of the first 6% of eligible compensation contributed by the participant. The Company also makes a safe harbor non-elective contribution of 4% of compensation on a quarterly basis. Additional discretionary amounts may be contributed at the option of the Company's board of directors. No additional contributions were made for the year ended December 31, 2018. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor non-elective contributions plus actual earnings thereon. Through May 31, 2018, participants were 100 percent vested in other Company contributions after five years of credited service. Effective June 1, 2018, the Plan was amended for vesting of prior matching contributions, which consist of employer contributions that were transferred to the plan from another plan in connection with a spinoff or plan merger. As of the amendment date, these prior matching contributions are fully vested after three years of credited service. The prior matching contributions do not include prior safe harbor non-elective contributions, as those are immediately vested.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2018, outstanding notes bore interest at rates ranging from 4.25% to 9.5%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$69,988 and \$1,964 respectively. These accounts can be used to reduce future Company contributions and pay administrative expenses. For the year ended December 31, 2018, forfeitures totaling \$47,580 were used to pay plan expenses.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investments valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FUJIFILM Manufacturing USA, Inc. 401(k) Retirement Savings Plan
Notes to Financial Statements

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either plan participants or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through October 1, 2019 the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

FUJIFILM Manufacturing USA, Inc. 401(k) Retirement Savings Plan
Notes to Financial Statements

Stable value collective trust fund

This fund is valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2018 and 2017:

	Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 114,875,878	\$ -	\$ -	\$ 114,875,878
Total assets in the fair value hierarchy	\$ 114,875,878	\$ -	\$ -	114,875,878
Investments measured at NAV (a)				19,839,229
Total investments				\$ 134,715,107

	Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 122,268,374	\$ -	\$ -	\$ 122,268,374
Total assets in the fair value hierarchy	\$ 122,268,374	\$ -	\$ -	122,268,374
Investments measured at NAV (a)				18,039,930
Total investments				\$ 140,308,304

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	\$ 19,839,229	\$ 18,039,930	None	Daily	12 months

Notes to Financial Statements

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no transfers between the levels during year ended December 31, 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2018</u>	<u>2017</u>
Investments	<u>\$ 134,715,107</u>	<u>\$ 140,308,304</u>
Notes receivable from participants	<u>\$ 3,398,353</u>	<u>\$ 3,384,557</u>
Net depreciation in fair value of investments	<u>\$ (16,472,766)</u>	
Interest and dividend income	<u>\$ 11,720,944</u>	
Interest income on notes receivable from participants	<u>\$ 157,171</u>	

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were approximately \$54,000 for the year ended December 31, 2018. Fees paid by the Plan for administrative services were approximately \$71,000 for the year ended December 31, 2018.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the determination letter; however, the plan administrator

FUJIFILM Manufacturing USA, Inc. 401(k) Retirement Savings Plan
Notes to Financial Statements

believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 as of December 31:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$ 138,731,592	\$ 144,291,734
Defaulted loans not reflected on Form 5500	<u>(6,708)</u>	<u>(4,945)</u>
Net assets available for benefits per Form 5500	<u>\$ 138,724,884</u>	<u>\$ 144,286,789</u>

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

Net decrease in net assets available for benefits per financial statements	\$ (9,226,159)
Change in defaulted loans	<u>(1,763)</u>
Net loss per the Form 5500	<u>\$ (9,227,922)</u>

10. Subsequent Events

Effective January 1, 2019, participants may contribute up to 100% of their compensation as 401(k) contributions. Participants may also make a separate election to contribute up to 100% of designated cash bonuses to the Plan as 401(k) contributions, provided that their total 401(k) contributions for the year do not exceed 100% their total compensation.
