To the Plan Administrative Committee
Adirondack Energy Products Inc. 401(k) Profit Sharing Plan & Trust:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Adirondack Energy Products Inc. 401(k) Profit Sharing Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN

The following description of Adirondack Energy Products Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Adirondack Energy Products Inc., Three Treats Colonies, LLC, Three Treats, LLC, Malone Transport, Inc., Mountain Mart 101 Inc., Mountain Mart 104 LLC, Mountain Mart 105 LLC, Mountain Mart 106 LLC, Mountain Mart 107 LLC, Mountain Mart 108 LLC, Mountain Mart 109 LLC, Mountain Mart 110 LLC, Mountain Mart 111 LLC, Adirondack Waste Solutions, LLC, AEP Management Corp., Mo's Pub & Grill LLC, Titus Mountain Family Ski Center, Titus Mountain Sand and Gravel, Adirondack Powersports, LLC and Adirondack Storage Kontainers (collectively known as the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed one year and at least 1,000 hours of service. The profit sharing feature of the Plan requires employees have at least 1,000 hours of service in the Plan year and to be employed with the Company as of the last day of the Plan year.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. In addition, participants have the option to elect to have after-tax contributions made to the Plan. After-tax contributions are included in a participant's taxable gross income for the year in which the contribution is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches each participant's elective deferrals by contributing 100% of the first 3% and 50% of the next 2% of compensation deferred. This contribution is intended to meet certain safe harbor requirements under the Internal Revenue Code.

Discretionary non-elective contributions may be made at the option of the Company's management. Contributions are subject to certain limitations. No discretionary non-elective contributions were made in 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution, matching contributions, allocation of any discretionary contribution, Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 95% of one-half of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed fifty-four months (except for certain residential loans which can extend up to ten years). The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding loans ranged from 4.25% to 6.25% at December 31, 2018. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held and maintained by Mid Atlantic Trust Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

At December 31, 2018 and 2017, there were no forfeited non-vested accounts. These accounts are reallocated annually as additional Company contributions. In 2018, there were no amounts reallocated to participants from forfeited non-vested accounts. In 2017, corrections of overfunded match in prior years were used to reduce company contributions by $7,775.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs reasonable expenses incurred in the administration of the Plan that include accounting and legal fees. Expenses related to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's accounts as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and disclosing fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2018 or 2017.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2018 and 2017.

3. FAIR VALUE MEASUREMENTS (Continued)

Fair value measurement at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,433,280	$ -	$ -	$ 4,433,280

Fair value measurement at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,573,789	$ -	$ -	$ 4,573,789

4. INVESTMENTS

The Plan administrator has received a certification from Mid Atlantic Trust Company, the trustee of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2018 and 2017.

	2018	2017
Statements of net assets available for benefits:		
Mutual funds	$ 4,433,280	$ 4,573,789
Statements of changes in net assets available for benefits:		
Dividend income	$ 370,565	$ 242,273
Net appreciation (depreciation) in fair value of investments	$ (722,351)	$ 384,218
Schedule of Assets (Held at End of Year)	Schedule I	

5. PARTY-IN-INTEREST TRANSACTIONS

Fees paid to Paychex Retirement Services, the record-keeper of the Plan, for administrative services amounted to $1,808 and $1,255 for the years ended December 31, 2018 and 2017, respectively, and qualifies as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 10, 2014, that the "Prototype Non-standardized Profit Sharing Plan with "CODA" is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 29, 2019, the date the financial statements were available to be issued.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches each participant's elective deferrals by contributing 100% of the first 3% and 50% of the next 2% of compensation deferred. This contribution is intended to meet certain safe harbor requirements under the Internal Revenue Code.

Discretionary non-elective contributions may be made at the option of the Company's management. Contributions are subject to certain limitations. No discretionary non-elective contributions were made in 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution, matching contributions, allocation of any discretionary contribution, Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 95% of one-half of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed fifty-four months (except for certain residential loans which can extend up to ten years). The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding loans ranged from 4.25% to 6.25% at December 31, 2018. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held and maintained by Mid Atlantic Trust Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

At December 31, 2018 and 2017, there were no forfeited non-vested accounts. These accounts are reallocated annually as additional Company contributions. In 2018, there were no amounts reallocated to participants from forfeited non-vested accounts. In 2017, corrections of overfunded match in prior years were used to reduce company contributions by $7,775.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs reasonable expenses incurred in the administration of the Plan that include accounting and legal fees. Expenses related to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's accounts as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and disclosing fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2018 or 2017.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2018 and 2017.

3. FAIR VALUE MEASUREMENTS (Continued)

Fair value measurement at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,433,280	$ -	$ -	$ 4,433,280

Fair value measurement at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,573,789	$ -	$ -	$ 4,573,789

4. INVESTMENTS

The Plan administrator has received a certification from Mid Atlantic Trust Company, the trustee of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2018 and 2017.

	2018	2017
Statements of net assets available for benefits:		
Mutual funds	$ 4,433,280	$ 4,573,789
Statements of changes in net assets available for benefits:		
Dividend income	$ 370,565	$ 242,273
Net appreciation (depreciation) in fair value of investments	$ (722,351)	$ 384,218
Schedule of Assets (Held at End of Year)	Schedule I	

5. PARTY-IN-INTEREST TRANSACTIONS

Fees paid to Paychex Retirement Services, the record-keeper of the Plan, for administrative services amounted to $1,808 and $1,255 for the years ended December 31, 2018 and 2017, respectively, and qualifies as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 10, 2014, that the "Prototype Non-standardized Profit Sharing Plan with "CODA" is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 29, 2019, the date the financial statements were available to be issued.
