# EDGES ELECTRICAL GROUP 401(k) PLAN

## Notes to Financial Statements

December 31, 2018 and 2017

### Note 1 - Description of plan

#### General

The following description of EDGES Electrical Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) plan that was originally established in 2003 by Granite Electrical Supply ("GES") to provide benefits to eligible employees, as defined in the Plan Document.

GES merged with another company, Chester C. Lehman Co., Inc. dba Electrical Distributors Company ("ED") to form EDGES Electrical Group, LLC ("EDGES", "Plan Sponsor", "plan administrator"), effective January 1, 2015. After the merger, all employees of GES and ED became employees of the new entity EDGES. The Plan was amended in 2015 to change the name of the Plan to EDGES Electrical Group 401(k) Plan and to allow all the employees of EDGES to participate in the Plan once they meet the eligibility requirements.

Effective January 1, 2019, the plan was amended to remove the safe harbor provision, and all eligible employees that were employed as of January 1, 2019 were considered fully vested in all contributions in their accounts.

#### Administration

EDGES has appointed Trustees to manage the operation and administration of the Plan and the Board of Trustees is responsible for oversight of the Plan. EDGES contracted with Voya Retirement Insurance and Annuity Company ("Voya") to act as the Plan custodian. EDGES has adopted a Volume Submitter 401(k) plan and has contracted with Pacific Retirement Plans, Inc., a third-party administrator, for processing and maintaining the records of participant data and monitoring compliance with governmental regulatory requirements.

#### Contributions

Each year, participants may elect to defer up to 100% of their annual gross compensation as defined in the Plan Document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in pooled separate accounts and a fixed annuity fund to its participants. Through December 31, 2018, the Plan utilized a safe harbor design under the Internal Revenue Service 401(k) Plan regulations in which employee pre-tax and employer matching contributions are not subject to discrimination testing. The Plan Sponsor made matching contributions as defined in the Plan Document and matched 100% up to a maximum of 3% of eligible compensation, plus 50% of employee deferral contributions from 3 to 5% of eligible compensation. Matching contributions for the years ended December 31, 2018 and 2017 were $596,573 and $541,236, respectively. Contributions are subject to certain IRS limitations.

**Note 1 - Description of plan (continued)**

**Participant accounts**

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions, the employer safe harbor contributions, plus actual earnings thereon. Prior to adopting the safe harbor provisions in 2014, the Plan Sponsor made discretionary matching contributions. Vesting in such employer discretionary matching contributions was based on years of continuous service. GES employees who received such discretionary matching contributions in 2014 and in prior years are 20% vested for each year of qualified service and are fully vested in the Plan Sponsor's contributions upon the completion of five years of qualified service. As of January 1, 2019, all participants were fully vested in such employer discretionary matching contributions.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan Sponsor. Loan terms range up to five years or may exceed five years for the purchase of a primary residence. A participant may only have one loan outstanding at any given time. Principal and interest are paid ratably through bi-weekly payroll deductions.

**Payment of benefits**

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

**Forfeited accounts**

Forfeitures of non-vested employer discretionary contributions may be used to reinstate previously forfeited account balances of participants or to satisfy employer contributions related to a corrective action or to pay plan administrative expenses. No forfeitures were used in 2018 or 2017. At December 31, 2018 and 2017, the amount of forfeited non-vested accounts was not material to the financial statements.

## Note 2 - Summary of accounting policies

### Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in pooled separate accounts and the fixed annuity fund, and management's estimate of the allowance for losses on notes receivable from participants.

### Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

### Payment of benefits

Benefits are recorded when paid.

**Note 2 - Summary of accounting policies (continued)**

**Expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments to participants and notes receivable from participants are charged directly to the participants' accounts. Such fees totaled $6,366 and $6,150, for the years ended December 31, 2018 and 2017, respectively. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment and charged to participants' accounts.

**Subsequent events**

In preparing its financial statements, the Plan has evaluated subsequent events through October 4, 2019, which is the date the financial statements were available to be issued.

**Note 3 - Certified investments**

All investment information disclosed in the accompanying financial statements and the supplemental Schedule of Assets (Held at End of Year), including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2018 and 2017 (excluding notes receivable from participants and related interest income), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Note 4 - Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Note 4 - Fair value measurements (continued)**

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The Plan's fixed annuity fund is reported daily, based on the valuation methods disclosed in the annuity contract, as calculated by the annuity provider (see Note 5).

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were valued at Levels 1 and 3 for the years ended December 31, 2018 and 2017. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

| | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Pooled separate accounts* | $ - | $ - | $ - | $ 9,574,834 |
| Fixed annuity fund | - | 54,062 | - | 54,062 |
| Investments at fair value | $ - | $ 54,062 | $ - | $ 9,628,896 |

| | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Pooled separate accounts* | $ - | $ - | $ - | $ 8,964,118 |
| Fixed annuity fund | - | 36,879 | - | 36,879 |
| Investments at fair value | $ - | $ 36,879 | $ - | $ 9,000,997 |

* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

**Note 4 - Fair value measurements (continued)**

| Investments | Fair Value as of December 31, 2018 | Fair Value as of December 31, 2017 | Unfunded Commitments | Redemption Frequency (if Currently Eligible) | Redemption Notice |
|---|---|---|---|---|---|
| Pooled separate accounts | $ 9,574,834 | $ 8,964,118 | n/a | Daily | 1 Day |

The Plan's investments in pooled separate accounts are valued at the Net Asset Value ("NAV") of units held. The NAV is based on the fair value of the underlying investments held by the fund, less liabilities. The underlying securities are comprised of bonds, LifeStyle funds, and mutual funds. Bond funds are invested in fixed income securities for investors primarily seeking income and growth of income, with less emphasis on capital appreciation. LifeStyle funds invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds, or money markets, as determined at the discretion of the fund manager to achieve the best risk adjusted performance based on the stated objectives of the particular fund. Mutual funds invest in a combination of stocks and bonds within and outside the United States. The investment style varies to achieve growth, value, or a blend of growth and value.

**Note 5 - Fixed annuity fund**

The fixed annuity fund (Voya Fixed Account) held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. All funds invested by the Plan in the Voya Fixed Account receive the same credited rate. The crediting rate is based on a formula established by the contract issuer, may not be less than 1%, and is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date. The fixed annuity fund is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Voya Fixed Account is not considered to be fully benefit-responsive due to a provision in the Plan's investment contract that imposes restrictions on participant-initiated transactions such as transfers to other funds within the Plan. This contract is required to be reported at fair value, which was $54,062 and $36,879 at December 31, 2018 and 2017, respectively.

Events that may limit the ability of the Plan to transact at contract value with the issuer include premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives.

The average yield earned by the fixed annuity fund for the years ended December 31, 2018 and 2017 was 1%.

**Note 6 - Rollover contributions**

During 2018, a rollover contribution of $88,462 from another plan came from one active participant and during 2017, rollover contributions of $1,314,207 from other plans came from 43 active participants.

**Note 7 - Related-party and party-in-interest transactions**

Plan investments in pooled separate accounts and the fixed annuity fund are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. The Plan made direct payments to Voya of $6,366 and $6,150 for the years ended December 31, 2018 and 2017, respectively. Voya paid asset-based fees calculated at 30 basis points to other service providers pursuant to a revenue sharing arrangement. The Plan Sponsor pays any other fees related to the Plan's operations.

**Note 8 - Plan termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

**Note 9 - Tax status**

The Internal Revenue Service has informed the third-party administrator by letter dated March 31, 2014 that the Volume Submitter 401(k) Plan adopted by the Plan Sponsor is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter. However, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods

**Note 10 - Risks and uncertainties**

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
