NOTE 1: DESCRIPTION OF PLAN

The following description of the Saatva Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The plan became effective as of July 1, 2018.

General

The Plan is a cash or deferred profit sharing plan covering all employees of the company that have attained the age of 18, and complete the Plan's eligibility requirements. Employees are eligible to become a participant on the first of day of the month following the completion of the eligibility requirements. There are no minimum service requirements. The plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the plan.

The company has contracted with Automatic Data Processing ("ADP") to act as a trustee custodian and to process and maintain the records of participant data.

Contributions

Each year participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan limited to the maximum ($18,500 under 50 and $24,500 over 50) for 2018. The minimum percentage of compensation a participant may elect to be treated as an elective deferral if applicable is 1%. Participants may designate all or a portion of their contributions as a Roth elective deferral. Participants may also contribute amounts representing distributions from other qualified plans, if certain requirements are met. All amounts contributed to the Plan are directly invested in the participant accounts according to their investment elections. Participants may direct their investments and employer matching contribution by choosing from various investment options offered by the trustees.

For purposes of the Plan, eligible earnings is defined as compensation as reflected on the form W-2 including elective deferrals and any other contribution made to a "Section 125" cafeteria plan and any qualified transportation fridge benefits under Section 132 (f)(4) of the Internal Revenue Code (the "Code").

The employer may make a basic matching employer contribution on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of directors' resolution of the deferral contributions made by each participant during the contribution period. The board of directors' resolution may limit the deferral contribution matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount.

The safe harbor contribution will be made as an employer profit sharing allocation in the amount of 3% of each eligible participant's compensation. The ADP safe harbor non-elective contribution is 100% vested at all times. The Employer's safe harbor contribution is based on participant's eligible pay or Compensation. Compensation means the 3401(a) wages as defined for purposes of income tax withholding, plus, any other deferred compensation that is not included in gross taxable income due to Section 125 (Cafeteria Plan), Deemed Section 125 Compensation, Section 132(f)(4) (Transportation), Section 402(e)(3) deferrals, in a 401(k) or 403(b) plan, Section 457(b) deferrals, Section 402(h)(1)(B) deferrals in a Simplified Employee Plan and Section 408(p) (Simple Retirement Account 402(k) deferrals). This safe harbor contribution is allocated to participant's account annually.

NOTE 1: DESCRIPTION OF PLAN (continued)

The IRS limits the amount of compensation that may be taken into account for each participant for each plan year. For 2018, that limit is $275,000. For future years, the limit is subject to cost-of-living increases as published by the IRS.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contributions, if any, and Plan earnings or losses, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their participant accounts plus actual earnings thereon is based on years on continuous service. A participant is 0% vested until two years of credited service, increasing each year incrementally by 20% and is 100% vested after six years of credited service. Employer ADP safe harbor accounts are immediately 100% vested upon plan participation.

Investment Options

Upon enrollment in the Plan, Participants may direct the investment of all of their accounts. It is intended that the plan meets the requirements of ERISA section 404(c) by providing the participants with sufficient information for them to make informed investment choices. Participants may change their investment options at any time. The value of each of the accounts is established as of the valuation date under the plan and the valuation date is daily. An election can be revoked at any time. Participant may modify a prior salary deferral election at any time via ADP plan sponsor website within a reasonable time before the pay period for which such modification is to be effective. Any modification shall not have retroactive effect and shall remain in force until revoked , or until such time as may be indicated on such agreement or at the time established by the employer's deferral policies and procedures.

Withdrawals

In-service distributions are permitted for either In-Plan Roth conversion purposes or as A distribution from the Plan. In service distributions are permitted for the following accounts given that the 59 ½ age requirement is met, Employer non elective and matching contributions, Roth and pretax deferrals, safe harbor contributions and qualified Non elective contributions. You must take any non-hardship withdrawals that may be available to you under the Plan before you obtain a hardship withdrawal. You also must first obtain the maximum available loan under the plan. However, you will not be required to take the maximum available loan before receiving a hardship withdrawal to the extent that repaying the loan would increase the amount of your hardship. Hardship will be determined under the stated deemed hardship standards of Reg. 1.401(k)- 1(d)(2)(iv) (the 6 criteria).

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Generally, participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. However, the $50,000 amount is reduced by the highest outstanding loan balance you had during the previous one-year period. The loan must be evidenced by a promissory note and secured by the participant's interest in their account balance. The interest rate on the loan will be based on the prime rate of interest published by The Wall Street Journal on the 14th of each month, plus 2 percent.

Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of your primary residence. Loans used to purchase your primary residence may be repaid within a period of no more than 30 years. All prior loans must be repaid before a new loan can be made. The specific terms and conditions of such notes receivable are established by the Plan administrator.

Payment of Benefits

On termination of service due to death, disability, retirement or certain hardships according to the plan, the plan may elect to make a mandatory distribution of account balances that are $5,000 or less. The distribution will be made as soon as administratively feasible. In the event of a mandatory distribution that is greater than $1000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly in accordance with the plan then the Administrative Committee will pay the distribution in a direct rollover to an individual retirement plan designated by the Administrative Committee. The plan administrator will notify participants, if the automatic rollover provisions apply to your distribution. After receiving this notice, they will have an opportunity to decide whether they wish to receive an automatic payment directly in cash or have it rolled into an eligible retirement plan or IRA. The automatic rollover will be invested in an investment product designed to preserve principal and provide a reasonable rate of return, whether or not such return is guaranteed, consistent with liquidity.

After the age of 59-1/2 participants may request an in-service distribution from their pre-tax salary deferral, Roth deferral, ADP safe harbor contribution and qualified non-elective contribution accounts

Forfeitures

Forfeited non vested accounts will be used to reduce employee contributions or at the discretion of the administrator can be used to pay plan expense. The amount of unallocated forfeitures as of December 31, 2018 amounted to $0.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by Automatic Data Processing. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Administrative committee may elect that all transactional costs or charges imposed or incurred for an Investment Fund be charged to the account of the participant directing the investment. All other plan expenses are to be paid by the plan. However, the employer may elect to pay those expenses.

NOTE 3: UNAUDITED FINANCIAL INFORMATION CERTIFIED BY ADP

Supplemental schedules are attached following the notes representing investments at December 31, 2018 of the Plan at fair value which was furnished to the Plan administrator by ADP.

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the Company, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code as of the financial statement date.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The accompanying notes are an integral part of these financial statements.

NOTE 4: TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress

NOTE 5: NON-DISCRIMINATION

The Internal Revenue Code requires that a Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees.

NOTE 6: RELATED PARTY TRANSACTIONS

There were no related party transactions to report for the years ended December 31, 2018.

NOTE 7: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 16, 2019, the date the financial statements were available to be issued.

NOTE 8: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9: RISKS AND UNCERTANTIES

The Plan invests in various mutual funds. Investment funds are exposed to various risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The accompanying notes are an integral part of these financial statements.

NOTE 10: FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds:
Valued at the net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices determined in an active market.

Money market funds:
Valued at the closing price of shares held by the Plan at year end.

Participant loans:
Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting data.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

NOTE 10: FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Cash	99,940	-	-	99,940
