EMPLOYER FLEXIBLE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Employer Flexible 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a multiple-employer plan maintained by Employer Flexible Recruiting, LLC and its affiliates (the Company or Plan Sponsor) as a defined contribution plan covering eligible employees of the Company and Adopting Employers or Participating Employers. With the consent of the Company, an Adopting Employer or Participating Employer may adopt the Plan by executing an adoption agreement. The provisions of the Plan as applicable to the Participating Employer and its employees are based on the selections of the Participating Employer with respect to the variable features provided by the Plan Document and the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a multiple-employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resources to its clients. Each client of the Company has the option of adopting this Plan for the benefit of its employees. A client establishes its eligibility requirement related to age and length of service for its employees in accordance with the Plan Document and IRC. An Adopting Employer may elect to waive or change the service eligibility requirement for individuals who are performing services for the Adopting Employer as of the date the Plan is adopted. However, hiring individuals after the adoption date is subject to the standard requirements, unless otherwise elected.

The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 50% of their pretax annual compensation within the limits prescribed by the Internal Revenue Service (the IRS). Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2018 and 2017, individual participants' contributions were limited to \$18,500 and \$18,000, respectively. Participants who are age 50 and older may also contribute an additional \$6,000 for each of the years ended December 31, 2018 and 2017.

Participants may change their contribution percentages at any time or may elect to completely suspend contributions at any time. A Participating Employer may also make a discretionary profit-sharing contribution and a discretionary matching contribution at an amount determined in accordance with the formula specified in the adoption agreement, if so elected in the adoption agreement. A Participating Employer may also elect to make safe harbor contributions intended to meet the requirements of Section 401(k)(12) of the IRC, if so elected in the adoption agreement. If a Participating Employer has elected to make a safe harbor contribution, the Participating Employer shall provide each participant with written notice of the participant's rights and obligations under the Plan. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions applicable to the years ended December 31, 2018 and 2017 amounted to \$3,261,901 and \$2,392,148, respectively. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Forfeitures

Non-vested employer contributions forfeited by participants are used to reduce future employer contributions. Total forfeitures available to reduce Participating Employer contributions for the years ended December 31, 2018 and 2017 were \$221,747 and \$190,038, respectively. Also, in 2018, Participating Employer contributions were reduced by \$3,757 from forfeited nonvested accounts.

EMPLOYER FLEXIBLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contribution and the Company's or the Participating Employer's safe harbor matching and discretionary contributions, as well as allocations of Plan earnings or losses. Allocations of fund earnings or losses are based on the participants' account balances as of the end of each quarter. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions and the Company's or Participating Employer's safe harbor contributions plus actual earnings thereon. The Company or the Participating Employer discretionary contributions made on behalf of a participant, and earnings thereon, vest in accordance with the schedule specified in the corresponding Participating Employer's adoption agreement. Participating Employers may also elect to make safe harbor contributions with automatic enrollment.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment, installment payments, or a rollover into another qualified plan. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to the lesser of 50% of the value of the participant's vested interest in his or her account or \$50,000. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence. The loans are secured by the balance in a participant's account and bear interest at rates ranging from 5.25% - 6.50%. Principal and interest are collected ratably through payroll deductions.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by 3(16) Fiduciary Services Corporation pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, designated employees of the Plan Sponsor act as trustees.

The Plan Sponsor has contracted with Transamerica under a group variable annuity contract to act as the Custodian. Transamerica will invest each participant's account balance in pooled separate accounts and a guaranteed account, as instructed by each participant.

EMPLOYER FLEXIBLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Administrative expenses

Total administrative expenses relating to and paid by the Plan for the years ended December 31, 2018 and 2017 were \$410,450 and \$408,452, respectively.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Payment of benefits

The Plan records benefits when paid.

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment. Management retains a third party investment advisory group to review investment performance and risk.

EMPLOYER FLEXIBLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the excess contributions to the applicable participants.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company (the Custodian) have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

EMPLOYER FLEXIBLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2018 and 2017. During the years ended December 31, 2018 and 2017, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed investment contracts - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018

Note 4 – Fair Value Measurements, Continued

* In accordance with subtopic 820-10, certain investments that were measured at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Note 5 - Group Annuity Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with Transamerica Financial Life Insurance Company totaling \$2,329,601 in 2018 and \$1,680,139 in 2017. Transamerica maintains the contributions in a general account. The Transamerica Stable Value Core Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average crediting rate for the year ended December 31, 2018, was 0.75%. The crediting rate is reviewed twice a year for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The account can be redeemed daily. The Plan has no unfunded commitments.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and a guaranteed fund managed and administered by Transamerica. Transamerica is the Custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

EMPLOYER FLEXIBLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Plan Transfers

In the normal course of business, the Plan Sponsor adds employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as employers leave the Plan Sponsor and adopt different qualified plans, assets attributable to these outgoing employers are transferred out of the Plan.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through October 3, 2019, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the notes thereto.
