NOTE A – DESCRIPTION OF PLAN

The following description of the Yenman Enterprises (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution plan covering all full-time employees of the Company. An employee is eligible to participate in the Plan on the first day of the month following the completion of one year of service and having attained the age of 21. A participant is eligible to receive employer discretionary matching contributions if employed on the last day of the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

   Participants may make voluntary 401(k) contributions up to 100% of their compensation subject to the limitations of the Internal Revenue Code (IRC) for the Plan year which was $18,500 for 2018. Participants who are age 50 or older may make catch-up contributions up to $6,000 in 2018. The Company may make matching contribution and profit sharing contributions to the Plan solely at the discretion of the Company's Board of Directors. There were no discretionary matching contributions and profit sharing contributions authorized for 2018. All contributions are subject to the limitations imposed under IRC Section 404(a)(3)(A).

3. Participant Accounts

   Each participant's account is credited with the participant's voluntary 401(k) contributions, the Company's contributions, and the earnings thereon. Discretionary contributions are allocated to the participants employed on the last day of the Plan year based on the participant's percentage of total compensation. Plan earnings are allocated daily based on each participant's balance within each fund.

4. Vesting

   Plan participants are fully vested at all times with respect to their elective contributions plus earnings thereon. Company contributions are subject to a vesting schedule with the participant being fully vested after three years of credited service.

5. Payment of Benefits

   Upon termination of service, a participant is entitled to receive a lump-sum payment equal to his or her vested account balance. If the participant's account is less than $1,000, the Plan Administrator will make a direct rollover to an individual retirement plan designated by the administrator equal to his or her vested account balance. Participants terminated for reasons other that death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. In-service withdrawals are available for participants over the age of 59 ½. Withdrawals, while an employee of the Company, are also permitted in certain hardship circumstances, as defined.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

6. Forfeited Accounts

   Forfeitures are temporarily held in a suspense account maintained by the Plan and used to reduce employer contributions or administrative expenses. During 2018, there were no forfeitures transferred to the suspense account, no forfeitures were used to reduce employer contributions, and forfeitures of $32 were used to pay Plan expenses. At December 31, 2018, the unallocated forfeited account amounted to $0.

7. Notes Receivable from Participants

   Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested balance or $50,000. All notes are repaid within a period of five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time. The notes are collateralized by a portion of the balance in the participant's account and bear a fixed rate of interest based on the prevailing prime rate at the date of each note (5.50% as of December 31, 2018), and mature through April 2023. Principal and interest are repaid ratably through bi-weekly payroll deductions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Use of Accounting Estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from the estimates that were used.

3. Payment of Benefits

   Plan benefits are recorded when paid.

4. Plan Expenses

   Expenses of the Plan are paid by either the Plan or the Company, as provided by the Plan document.

5. Valuation of Investments and Income Recognition

   The Plan follows the fair value measurement requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the exchange price that would be received for the asset paid to transfer a liability in an orderly transaction between market participants. See Note C for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Valuation of Investments and Income Recognition (continued)

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the change in the unrealized appreciation or depreciation on those investments during the year.

   The Plan has invested in a fully benefit-responsive investment account with an insurance company. Fully benefit-responsive contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

6. Notes Receivable from Participants

   In accordance with FASB ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension* Plans, the Plan has classified loans to participants as notes receivable. The loans are recorded at principal plus any accrued and unpaid interest. Interest income is recorded when earned.

7. Subsequent Events

   The Plan has evaluated subsequent events through August 22, 2019, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts (PSAs): Valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the PSAs is not publicly traded. The NAV is reported by Great-West as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investments in PSAs totaling $2,472,490 and $2,470,693 as of December 31, 2018 and 2017, respectively, are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and therefore have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2008, the Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events, that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE E – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Great-West, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate as of December 31, and for the years then ended:

	2018	2017
Pooled separate accounts, at fair value	$ 2,472,490	$ 2,470,693
Fully benefit-responsive investment contract, at contract value	255,440	286,984
Notes receivable from participants	63,785	82,874
Investment loss	(210,907)	n/a
Interest on notes receivable from participants	3,547	n/a

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Great-West is the trustee and third party administrator of the Plan. Plan investments at December 31, 2018 and 2017, included units of pooled separate accounts and the investment contract with the insurance company, managed by Great-West. Commonwealth Equity Services, Inc. is the investment advisor of the Plan. Total fees paid by the Plan were $17,195 for the year ended December 31, 2018, which includes $12,255 of investment advisory services and administration expenses that are considered party-in-interest transactions. Certain Plan investments included shares of pooled separate accounts managed by the trustee and therefore those transactions qualify as party-in-interest transactions.

NOTE G – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
