DESCRIPTION OF PLAN

The following description of the Bell & McCoy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Bell & McCoy, Inc. (the "Sponsor" or "Company") and is a single employer defined contribution 401(k) plan covering substantially all full-time employees of the Sponsor regardless of age or length of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan originally began on January 1, 2004, and includes the following adopting employers:

Bell & McCoy, Inc.
Bell & McCoy South, LLC
Porter of Arkansas, LLC
Bell & McCoy Lighting and Controls, LLC
Bell & McCoy Lighting and Controls San Antonio, LLC
Bell & McCoy Lighting and Controls North Texas, LLC
Bell & McCoy Lighting and Controls Oklahoma, LLC
Bell & McCoy Lighting and Controls Mississippi, LLC
Bell & McCoy Integrated Solutions, LLC
Bell & McCoy of Louisiana, LLC

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are also eligible to make catch up contributions. These contributions are tax deferred elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans.

DESCRIPTION OF PLAN (Continued)

Contributions (continued)

The Company may elect to make a discretionary matching contribution equal to a percentage of an employee's elective deferrals. The Company made matching discretionary contributions totaling $152,244 for the year ended December 31, 2018. The Company may also elect to make profit sharing contributions (non-elective contributions) equaling an amount established by management on an annual basis. No profit sharing contributions for the 2018 plan year were made.

Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and Company may be impacted by investment earnings and losses. $3,024 of excess contributions that were not paid as of year-end were included in accrued liabilities at December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit-sharing contribution, if any, (c) Plan earnings or losses, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Investment Options

Plan participants have the opportunity to direct the investment decisions relating to the assets in their individual account balance. Currently, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the employer matching contributions, non-elective contributions, and related investment earnings based on years of continuous service. The Plan utilizes the following vesting schedule:

Years of service	Vested %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

DESCRIPTION OF PLAN (Continued)

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived are first to be used to pay for administrative expenses and then are deducted from future employer matching and/or profit-sharing contributions. Total outstanding forfeitures remaining are included in investments on the accompanying statements of net assets available for benefits and amounted to $69,159 and $58,831 at December 31, 2018 and 2017, respectively. Forfeitures used to fund employer matching contributions are reported in net employer contributions on the statement of changes in net assets available for benefits. There were no forfeitures used during the year ended December 31, 2018.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by transferring the balance to a different trustee (i.e., rollover) or lump-sum distribution. Vested account balances that do not exceed $5,000 will be subject to automatic distribution without participants' consent. Rollover contributions are excluded in determining the $5,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Only one loan may be outstanding at a time. Loan principal and interest is generally repaid through payroll deductions and is reinvested in the participant's account according to the individual's investment election. Loan terms may not exceed five years except for the purchase of a primary residence, for which the term may extend up to 15 years. Loans are secured by the balance in a participant's account and bear interest at a rate of prime plus 2%. Any loan origination fee will be described in the loan application form and will be paid from the participant's vested account balance in the Plan. Loan prepayments are allowed without penalty.

Hardship Withdrawals

Hardship withdrawals are allowed for immediate and heavy financial needs from accounts which are fully vested.

DESCRIPTION OF PLAN (Continued)

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Unless the Plan administrator decides otherwise, the following expenses will be allocated to the participant's account relative to which the expense is incurred: distribution expenses, loan expenses, participant direction expenses, including brokerage fees and benefit calculations. Certain administrative expenses may be paid by the Company at its discretion.

Administrative expenses amounted to $3,790 for the year ended December 31, 2018, and includes participant transaction fees.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Actual results may vary from those estimates used in preparing the accompanying financial statements.

Payment of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts and Plan assets will be distributed in accordance with the Plan document.

PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in funds offered by First Mercantile Trust Company, the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transaction processing fees paid by the Plan are included on the statement of changes in net assets available for benefits as shown in the administrative expenses note above.

The Plan also permits loans to participants.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, First Mercantile Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments as shown in the statements of net assets available for benefits, as of December 31, 2018 and 2017.
b. Net appreciation (depreciation) in fair value of investments, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2018.
c. The schedule of assets held for investment purposes as of December 31, 2018, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall measurement.

Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires us to classify these assets and liabilities in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Common collective trust.* Valued at net asset value of shares held by the Plan at year end, as determined by First Mercantile Trust Company. The net asset value is used as a practical expedient to estimate fair value. The net asset value is based on the value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table represents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits and presents the level that the fair value measurements fall on a recurring basis at December 31, 2018 and 2017:

	December 31, 2018 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common collective trust	$ 4,827,592	$ -	$ -	$ 4,827,592
Total assets categorized in the fair value hierarchy	4,827,592	-	-	4,827,592
Investments measured at net asset value*				*3,038,347
Total investments, at fair value				$ 7,865,939

FAIR VALUE MEASUREMENTS (Continued)

	December 31, 2017 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common collective trust	$ 5,549,171	$ -	$ -	$ 5,549,171
Total assets categorized in the fair value hierarchy	5,549,171	-	-	5,549,171
Investments measured at net asset value*				*2,807,633
Total investments, at fair value				$ 8,356,804

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the amounts in the hierarchy to the total investments at fair value line presented in the statement of net assets available for benefits.

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2018 and 2017.

The Plan recognizes transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2018 and 2017.

FAIR VALUE MEASUREMENTS (Continued)

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, fair value, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

TAX STATUS

Effective January 1, 2015, the Plan is based on a volume submitter plan developed by Malcom Thompson & Associates, Inc., which received a favorable opinion letter dated September 30, 2014 from the IRS stating the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP required Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

SUBSEQUENT EVENTS

The Plan administrator evaluated events that occurred after December 31, 2018 through September 30, 2019, which is the date these financial statements were available to be issued, and no subsequent events that met recognition or disclosure criteria were identified.
