Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Simplex Time Recorder Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by U.S. Bank National Association, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following brief description of the Simplex Time Recorder Pension Plan (the "Plan"), formerly the Simplex Time Recorder Company Employees' Pension Plan, is provided for general information purposes only. Selected Plan provisions are described below. Participants should refer to the Plan document and summary of Plan description for more complete information regarding the terms of the Plan.

General

The Plan is a trustee, noncontributory, defined benefit pension plan which covers virtually all United States employees of Simplex Time Recorder Co. ("Simplex") who completed one year of service and attained age 21 prior to December 31, 2001. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code"). The Plan was amended and restated effective January 1, 2016.

Simplex is part of a controlled group of entities with Tyco International Management Company, LLC ("TIMCO LLC"), which is the Plan Sponsor.

Effective December 31, 2001, all future participation under the Plan ceased. Annual cash balance credits on account of compensation or service and transition credits for cash balance accounts were no longer provided, except for those participants who were eligible for special transition credits through December 31, 2006.

On September 2, 2016, Johnson Controls, Inc. ("JCI Inc.") and Tyco International plc ("Tyco"), TIMCO LLC's parent company, completed a merger, with JCI Inc. being the surviving corporation in the merger and a wholly owned indirect subsidiary of Tyco (the "Merger"). Following the Merger, Tyco changed its name to Johnson Controls International plc (the "Company").

Plan Merger

In July 2018, the Company executed Unanimous Consent Resolutions ("Resolutions") for plan mergers. The Resolutions indicated that at midnight on December 31, 2018, the Plan, along with others, was merged with and into the Johnson Controls Pension Plan, effectively terminating the Plan.

The Resolutions indicate that the assets held and liabilities owed under each of the merged (non-surviving) plans shall be consolidated into the assets held and liabilities owed in the surviving plan, which is a participant in the Johnson Controls, Inc. Master Pension Trust ("Master Trust") for the benefit of the surviving plan.

Finally, the Resolutions indicate that the amount of benefits to participants shall be unaffected by the plan mergers.

Funding Policy

The Plan Sponsor's funding policy is to make all required contributions to the pension plan in accordance with applicable pension laws and regulations. Additional voluntary contributions (in excess of required minimum amounts) are periodically considered based on their individual merits. The Company's contributions for 2018 met the minimum funding requirements under ERISA.

Pension Benefits

Participants are entitled to annual pension benefits beginning at normal retirement age of 65 based on the participant's calculated balance which consists of the following:

- 1) Opening balance credit for benefits earned through December 31, 1988.
- 2) Annual transition credits for active participants on January 1, 1989 credited through 1998; Annual transition credits for active participants on January 1, 2002 credited through 2006. Transition credits are equal to a percentage of compensation based on age and years of benefit service as of December 31, 1988 and December 31, 2001, respectively.
- 3) Annual cash balance credits for active participants on January 1, 1989 credited through 2001, were equal to a percentage of compensation based on age and years of service.
- 4) Annual interest credits for computation years shall not exceed 6% based on regulations issued under the Pension Protection Act of 2006, as amended.

The Plan permits early retirement at age 55 and 10 years of vesting service. Retirement benefits are normally paid in equal monthly installments for life to unmarried employees and on a reduced basis 50% for married participants with the reduced benefit paid to the designated beneficiary for life.

Participants may elect the following:

- a) An unreduced benefit payable for his/her lifetime only.
- b) A percentage (100%, 75%, 66-2/3% or 50%) of the reduced benefit continued to a designated beneficiary for life.
- c) A reduced benefit for life with a guarantee that no less than 120 payments will be made.

Vesting

Accrued benefits vest at the earlier of: normal retirement age, completion of five years of vesting service, three years of vesting service for participants with a cash balance and a hour of service after January 1, 2008, or complete or partial plan termination.

Disability and Death Benefits

Participants who terminate employment due to total and permanent disability or spouses of vested participants who die may be entitled to receive benefits under this Plan.

Administrative Expenses

Insurance premiums, custodian service charges, audit fees and certain administrative and actuarial fees are paid by the Plan. Investment related fees are included in net investment income (loss). All other expenses associated with the administration of the Plan are paid by the Company.

Plan Administration

Johnson Controls Employee Benefit Policy Committee serves as plan administrator. The Investment Committee acts in the capacity of plan fiduciary and appoints the investment managers to manage the assets of the Master Trust.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Actuarial Valuation Method and Assumptions

Independent actuaries are employed by the Company to determine the Plan's required contributions, present value of accumulated plan benefits, and prior service costs using the standard unit credit cost method. The significant actuarial assumptions including mortality, salary increases, and investment returns, used by the independent actuaries in the January 1, 2018 valuation are summarized as follows:

Interest Rate:	7.50%
Retirement:	Weighted average age 65
Mortality:	Aggregate 2006 base rates from the RP-2014 mortality study, with no collar adjustments, projected generationally from 2006 with Scale MP-2017

Mortality actuarial assumptions discussed above have changed since the January 1, 2017 valuation.

The effect of these changes is included in note 3 under the caption change in actuarial assumptions.

The foregoing actuarial assumptions were based on the presumption that the Plan will continue. In conjunction with the Plan merger discussed in Note 1, different actuarial assumptions and other factors might be applicable in the determination of the actuarial present value of the merged plan accumulated plan benefits for future years.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment Valuation and Income Recognition

The investment in the Master Trust is shown at estimated fair value based on the fair values of the underlying investments held in the Master Trust. The Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income or loss (including interest, dividends, net unrealized and realized gains and losses) less actual distributions and allocated administrative expenses. Net investment income or loss and certain administrative expenses are allocated to the individual plans based upon the ratio of the plans holdings in the Master Trust of the prior month end.

Other significant accounting policies include: investment transactions are recorded on the trade date, net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Fair value is the price that would be received by the Plan to sell an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs for the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

The fair values of the underlying investments of the Master Trust as of December 31, 2018 and 2017 are determined as follows:

Fixed Income Funds: The fair value for the fixed income securities is determined by direct or indirect quoted market prices. If the direct quoted market prices are utilized, the securities publish daily their net asset values (NAV) after the close of trading on regulated financial exchanges. The NAV represents the current market value of the fund's holdings after deducting the fund's liabilities. In the event a direct quoted market price is not available, the fair value of the fund holdings are determined by using pricing inputs that are either directly or indirectly observable and therefore classified as Level 2 assets.

Equity Investments: The fair value for the equity investments is determined by direct or indirect quoted market prices. If the indirect quoted market prices are utilized, the value of assets held in separate accounts is not published, but the investment managers report daily the underlying holdings. The underlying holdings are direct quoted market prices on regulated financial exchanges.

Investments in Real Estate: The fair value of certain investments in real estate do not have a readily determinable fair value and requires the fund managers to independently arrive at fair value by calculating NAV per share. In order to calculate NAV per share, the fund managers value the real estate investments using any one, or a combination of, the following methods: independent third party appraisals, discounted cash flow analysis of net cash flows projected to be generated by the investment and recent sales of comparable investments. Assumptions used to revalue the properties are updated every quarter. Due to the fact that the fund managers calculate NAV per share, the Company utilizes a practical expedient for measuring the fair value of its real-estate investments, as provided for under ASC 820, "Fair Value Measurement." In applying the practical expedient, the Company is not required to further adjust the NAV provided by the fund manager in order to determine the fair value of its investment as the NAV per share is calculated in a manner consistent with the measurement principles of ASC 946, "Financial Services - Investment Companies," and as of the Company's measurement date. The Company believes this is an appropriate methodology to obtain the fair value of these assets. For the component of the real estate portfolio under development, the investments are carried at cost until they are completed and valued by a third party appraiser. In accordance with ASU No. 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)," investments for which fair value is measured using the net asset value per share practical expedient should be disclosed separate from the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of total plan assets to the amounts presented in the notes to the financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 6, 2016, that the Plan and related trust are designed in compliance with applicable sections of the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes is required.

5. INVESTMENT IN THE MASTER TRUST

As of January 1, 2017, the Plan's sole investment was in the Tyco Master Trust, which was established for the investment of assets of the Plan and several other TIMCO LLC and affiliated companies' sponsored retirement plans. As of December 31, 2017, the Plan's sole investment was in the Johnson Controls, Inc. Master Pension Trust. The assets of the Master Trusts were held by its custodians, The Northern Trust Company from January 1, 2017 to December 31, 2017 and U.S. Bank, N.A from May 1, 2017 to December 31, 2017 and all of 2018. Each participating retirement plan has an undivided interest in the assets of the Master Trust except for any other securities, which, if applicable, are identifiable with individual plans. The Plan's interest in the net assets of the Johnson Controls, Inc. Master Pension Trust is approximately 0% and 10% at December 31, 2018 and 2017, respectively.

The following financial information was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Master Trust. Such financial information has not been audited by the Plan's independent auditors.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management or the Plan Sponsor evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no significant transfers in or out of any levels.

6. RISKS & UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Master Trust are managed by U.S. Bank, N.A., the custodian for the Plan. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

8. SUBSEQUENT EVENT

The Plan Sponsor has evaluated subsequent events through September 12, 2019, which is the date the financial statements were available to be issued.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Annual Cash Balance Credit

The annual cash balance credit is the sum of the compensation for the year multiplied by the factors below:

Sum of Age Plus Credited Service	Compensation	Compensation Above Break
0-39	1.8%	1.8%
40-49	2.5%	2.5%
50-59	3.4%	3.4%
60-69	4.5%	4.0%
70-79	6.0%	4.0%
80-89	8.1%	4.0%
90 or more	10.9%	4.0%

The annual cash balance credit is limited to 8.0% of compensation for participants with more than 35 years of credited service.

Except for the disability benefit, annual cash balance credits ceased to be credited after December 31, 2001.

Transition Credits

Participants on January 1, 1989 receive an additional credit for 10 computation years equal to compensation multiplied by the applicable factor as shown below:

Sum of Age Plus Credited Service	Percentage of Compensation
0-39	0.5%
40-49	1.0%
50-59	1.5%
60-69	2.5%
70-79	3.5%
80 or more	4.5%

Participants actively employed who had completed at least 10 years of credited service and whose age plus years of credited service as of December 31, 2001 was 60 or greater receive an additional credit for each computation year equal to compensation multiplied by the applicable factor as shown below:

Schedule SB Attachment (Form 5500)—2018 Plan Year
 Simplex Time Recorder Pension Plan
 EIN: 20-5073412 PN: 063

Sum of Age Plus Credited Service	Percentage of Compensation
60–69	1.50%
70–79	2.00%
80–89	2.75%
90 or more	3.75%

No transition credits are credited for any computation year after 2006.

Interest Credits

Interest credits for computation years on or after January 1, 1996 are equal to 6%, credited annually on the last day of the plan year.

Normal Retirement
Eligibility

Age 65 and five years of participation.

Benefit

A monthly amount equal to the actuarial equivalent value of the cash balance account but not less than the accrued benefit under the prior plan.

Early Retirement
Eligibility

Age 55 and 10 years of continuous service.

Benefit

A monthly benefit equal to the greater of (1) or (2):

- (1) Actuarial equivalent value of the cash balance account.
- (2) The accrued benefit as of December 31, 1988 reduced by 6% for each year early retirement precedes normal retirement. The maximum reduction is 30%.

Late Retirement
Eligibility

Retirement after age 65.

Benefit

A monthly benefit equal to the greater of (1) or (2):

- (1) The actuarial equivalent of the cash balance account as of late retirement age.
- (2) The normal retirement benefit increased on an actuarially equivalent basis to the late retirement age.

Vested Termination

Eligibility

Five years of continuous service.

Benefit

The accrued benefit at the date of termination. Reduced payments may begin any time after eligibility for early retirement reduced on an actuarial equivalent basis.

Disability

Eligibility

Eligible for long-term disability and commenced LTD benefit prior to January 1, 2002.

Benefit

The actuarial equivalent of the cash balance account assuming continued annual, transition and interest credits until normal retirement date. Benefit may commence immediately provided the participant waives any right to further long-term disability benefits.

Surviving Spouse

Eligibility

Married (spouse or domestic partner) with five years of continuous service.

Benefit

The actuarial equivalent of the cash balance account as of the date of death, payable as a deferred cash balance annuity. For participants that die after completing 10 years of continuous service, payments may commence when the participant would have attained age 55 (or immediately if already over age 55). Otherwise payments commence at the date the participant would have attained normal retirement age.

Normal Form of Annuity

Without Spouse

Single life annuity.

With Spouse

50% joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity
50% joint and survivor annuity
66⅔% joint and survivor annuity
75% joint and survivor annuity
100% joint and survivor annuity
10 year certain and life annuity
Level income single life annuity

Definitions	
Credited Service	One year of credited service is earned for each twelve month period beginning on date of hire and ending on severance date. Service earned prior to January 1, 1989 is calculated on an elapsed time basis calculated to the nearest month. Credited service was frozen on December 31, 2001.
Continuous Service	One-twelfth of a year of continuous service is earned for each calendar month in which the employee completes at least one hour of service beginning on date of hire (or January 1, 1991 if later) and ending on severance date. Service earned prior to January 1, 1991 is based on the provisions under the prior plan.
Eligibility Service	One year of eligibility service is earned for each calendar year in which the employee completes 1,000 hours. Eligibility service was frozen on December 31, 2001.
Breakpoint	For computation years after 1989, an amount equal to the average of Social Security taxable wage bases for the computation year and each of the 34 preceding calendar years multiplied by 1.6, rounded up to the next \$100.

JOHNSON CONTROLS MASTER PENSION TRUST

The Company has entered into a master trust agreement with U.S. Bank, N.A. (the "Trustee"). Under the agreement, the Plans participate under a master trust arrangement whereby all the assets of the Plans are pooled and invested in one or more investment accounts.

The Master Trust holds investments in short-term securities, U.S. government securities, bonds, mutual and pooled equity funds, and common stocks as of December 31, 2018 and 2017.

The Company requires collateral at a minimum of 102% of the value of any securities lending transactions.

Each plan's interest in the investments of the Master Trust is evidenced by units of participation, as no plan has a right, title or ownership of any of the specific assets in the Master Trust. In accordance with the master trust agreement, net investment income or loss of the Master Trust is prorated to each participating plan in proportion to the number of units held by each plan. Plan participation in the Master Trust is adjusted as required to reflect benefit payments to the Plans' participants and for Company contributions.

The following financial information was obtained from data that has been prepared and certified to as complete and accurate by the Trustee of the Master Trust. Such financial information has not been audited by the Plans' independent accountants.

The following represents the percentage interest in the Master Trust by plan:
