1. Description of the Plan

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The PubWorX 401(k) Plan (the Plan) was established August 1, 2016 as a defined contribution plan for eligible employees of PubWorX Services LLC (the Company or the Employer). Employees are eligible to participate in the Plan upon commencement of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Service with the following predecessor employers is counted for eligibility and vesting purposes:

- Hearst Communications, Inc.
- Hearst Magazines Division
- Hearst Publishing Services, Inc.
- Conde Nast Entertainment LLC
- Advance Magazine Publishers, Inc.
- CNE Productions LLC
- Lower Broadway LLC
- CNE Studios

Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper.

Contributions

Participants may contribute up to 25% of pre-tax annual eligible compensation (including up to 100% of any bonus compensation), as defined in the Plan documents. Participants may designate a portion or all of their deferral contribution as a Roth 401(k) contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other eligible retirement plans (rollover contributions). Contributions are subject to certain annual limitations as imposed by the Internal Revenue Service (IRS). The Company matches deferrals for employees who have completed one year of credited service. For the Plan year ended December 31, 2018, the Company matched 50% of each participant's deferral contributions, up to 3% of the participant's eligible compensation. Additional discretionary matching contributions may be contributed at the option of the Company. There were no additional discretionary amounts contributed to the Plan in 2018. Former employees of Hearst Communications, Inc., Hearst Magazines Division, Hearst Publishing Services, Inc. and Conde Nast Entertainment LLC were provided the option to rollover their account balance into the Plan.

Participant Accounts

Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Each participant's account is credited with the participant's contributions and the Company's matching contributions,

as well as allocations of the Plan's investment earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service, as defined in the Plan document.

Notes Receivable from Participants

Participants are allowed to borrow up to one-half of their vested interest from a minimum of $1,000 to a maximum of $50,000, pursuant to the Plan document. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed, as determined by Fidelity Management Trust Company, the Plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. As of December 31, 2018, participant loans have maturities through August 2027 at interest rates of 5.25% through 7.00%. As of December 31, 2017, participant loans had maturities through August 2027 at interest rates of 5.25% through 6.25%.

Payment of Benefits

A participant is eligible to receive a distribution of their vested account balance under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, and (d) death. A participant also is eligible for in-service withdrawals. Types of in-service withdrawals available under the Plan are withdrawals after attaining 59½ years of age and hardship withdrawals.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $5,388 and $2,663, respectively. These accounts will be used to reduce future company matching contributions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are paid out of the participant's account when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability

- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. These have seen no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - These funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account - These accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common Collective Trust Fund - This fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

December 31, 2018

	Assets at Fair Value (Level 1)	Total
Mutual funds	$ 16,480,208	$ 16,480,208
Self-directed brokerage account	11,862	11,862
Common collective trust fund*	-	37,518
Total Investments, at fair value	$ 16,492,070	$ 16,529,588

December 31, 2017

	Assets at Fair Value (Level 1)	Total
Mutual funds	$ 17,869,974	$ 17,869,974
Self-directed brokerage account	155,596	155,596
Common collective trust fund*	-	49,908
Total Investments, at fair value	$ 18,025,570	$ 18,075,478

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in this table are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during 2018 or 2017.

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends, and interest income on notes received from participants for the year ended December 31, 2018 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, a self-directed brokerage account, and a common collective trust fund managed or sponsored by Fidelity. Fidelity is the trustee and recordkeeper, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. Certain officers and employees of the Company, who may be participants in the Plan, perform administrative and other duties for the Plan at no cost to the Plan.

The Plan issues notes receivable to participants, which are secured by the vested balances in the participants' accounts. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, as specified in the Plan document, subject to the provisions set forth in ERISA. In the event of Plan termination, participants' accounts will become fully vested.

8. Tax Status

Effective August 1, 2016, the Plan adopted a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits, per the financial statements, to Form 5500:

December 31,	2018	2017
Net assets available for benefits per the financial statements	$ 16,838,406	$ 18,411,444
Fair value adjustment for common collective trust fund	(398)	(142)
Net Assets Available for Benefits, per Form 5500	$ 16,838,008	$ 18,411,302

The following is a reconciliation of net increase per the financial statement to Form 5500:

Year ended December 31,		2018
Net decrease per the financial statements	$	(1,573,038)
Fair value adjustment for common collective trust fund, net		(256)
Net Decrease, per Form 5500	$	(1,573,294)

10. Subsequent Events

On November 20, 2018, the Plan was amended effective January 2, 2019 to implement an automatic enrollment feature with a 3% contribution deferral for all newly eligible employees, as defined in the Plan.

Subsequent events were evaluated through September 18, 2019, the date the financial statements were available to be issued. There were no other subsequent events requiring adjustments or disclosures to the financial statements.
