LEONARD'S 401(K) BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Leonard's 401(K) Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Rekcut Photographic, Inc. (the Company) who have one year of service, a minimum of 1,000 hours, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participant contributions are limited to dollar amounts specified by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options for participants. The Plan currently offers twenty-six mutual funds and one collective trust fund as investment options for participants. Beginning with the year ended December 31, 2015, the Company elected safe-harbor status and reinstated the employer matching contribution of 3% of compensation. In addition, the Company contributes 0.5% of compensation, up to a maximum match of 4%.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2004, employer contributions made under the safe-harbor non-elective contributions are also immediately vested plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts. The minimum loan is $1,000 up to the lesser of one-half of their vested account balance or $50,000. A maximum of one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the loan date. At December 31, 2018 and 2017, outstanding loans had interest rates ranging from 4.25% to 6.25% and 4.25% to 5.25%, respectively. Principal and interest is paid ratably by payroll reductions over the term of the loan.

Forfeited Accounts – Forfeited non-vested accounts may be used to pay administrative expenses or reduce future employer contributions. During the year ended December 31, 2018, $23,000 was used to pay administrative expenses. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $2,691 and $910 respectively.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals if certain conditions are met. Hardship distributions are permitted from all vested accounts that meet certain specified criteria. If account balances are below $5,000, distribution may be only a single lump sum.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's mutual funds are stated at fair value. Quoted market prices are used to value these investments. Shares of the collective trust funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, and net of an allowance for doubtful accounts, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses – The Company pays for certain administrative expenses on behalf of the Plan, which were $11,806 for the year ended December 31, 2018.

Payment of Benefits - Benefits are recorded when paid.

3. Notes Receivable from Participants

At December 31, 2018 and 2017, the Plan had $131,064 and $85,232 in loans outstanding respectively, under the terms specified by the Plan. The loans earn interest at rates between 4.25% and 6.25%. Interest received on participant loans was $5,655 and $4,067 for the years ended December 31, 2018 and 2017 respectively. As of December 31, 2018, the loans are considered current and collectible. Loan balances are collateralized by the borrowers' account balances in the Plan. Maturity dates range from February 2019 to May 2023. Payments on these loans are made by the participants each bi-weekly payroll period through payroll deductions.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair Value Measurements Using:			
	(Level 1)	(Level 2)	(Level 3)	Total

Mutual funds	$ 4,771,295	$ -	$ -	$ 4,771,295

4. Fair Value Measurements – Continued

Professional standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on unadjusted quoted prices for identical assets in active markets of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of investments is generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prices from more than one source, and a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at estimated fair value by utilizing the net asset value of the shares held by the Plan at year-end. The NAV is based on the underlying investments held by the fund, less liabilities, and is based on quoted market prices or on values obtained by a pricing service.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2018 are reported in net depreciation in fair value of investments.

5. Investments

Certification by Custodian – The December 31, 2018 and 2017 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by the custodian (SunTrust Bank) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $5,631,818 and $6,264,570, and notes receivable from participants of $131,064 and $85,232 at December 31, 2018 and 2017 respectively, and related net investment loss of ($218,140) for the year ended December 31, 2018. (See Note 9)

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2015.

The Plan is required to determine whether it is more likely than not that a tax position will be sustained upon examination based on the technical merits of the position. A tax position that meets the more likely than not recognition threshold is measured to determine the amount of expense and benefit to recognize in the financial statements. The Plan administrator has concluded that there are no significant uncertain tax positions requiring recognition in the financial statements.

7. Related Party Transactions

Certain Plan investments are shares of a mutual fund managed by SunTrust Bank. SunTrust Bank is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. The value of these mutual funds was $609,457 and $514,647 at December 31, 2018 and 2017 respectively.

8. Risks and Uncertainties

The Plan provides for various investment options, which, in turn, invest in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan includes an account among its investments that is insured by the Federal Deposit Insurance Corporation (FDIC) on a per-participant basis. At December 31, 2018 and 2017, the account exceeded the insured limit on two individuals' accounts by $69,663 and $0, respectively.

9. Summary of Information Certified by the Plan Custodian

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer and employee contributions and all earnings.

11. Participant Withdrawal from the Plan

There were no participants who left the Plan at December 31, 2018 that had requested a distribution of their account balance.

12. Contingencies

ERISA requires that the Plan maintain continuous coverage under a fidelity bond, equal to the lesser of 10% of the funds handled or $500,000. The Plan had sufficient coverage in place during the Plan year, thus fulfilling ERISA's requirements.

13. Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through October 4, 2019, the date on which the financial statements were available to be issued.
