Schedule H, Line 4i - Schedule of Assets (Held at End of Year) 12

All other schedules required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 are omitted because of the absence of the conditions under which they would apply.

Independent Auditor's Report

To the Plan Administrator of the
Naterra International, Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Naterra International, Inc. 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The Plan Administrator of the
Naterra International, Inc. 401(K) Plan

Other Matter

The supplementary information listed in the table of contents as of December 31, 2018 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, has been audited by us in accordance with US GAAS and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Naterra International, Inc. 401(K) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Naterra 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became effective on January 1, 1997 and was amended and restated effective May 1, 2010.

Eligibility

The Plan is a "401(k) Plan" covering all eligible employees of Naterra International, Inc. and Beauty Manufacturing Solutions, Inc. (the Employers) who are a minimum of twenty-one years of age and have completed one month of service.

Contributions

Participating employees may contribute, through payroll deductions from 1% to 15% of their eligible compensation up to a maximum as defined in the Internal Revenue Code, as deferred contributions. Effective January 1, 1997, the Plan is operating under a deferral election. The entry date to the plan shall be the first date of each month during the plan year in which the employee has been employed for one month.

The Employers make matching safe harbor contributions equal to 100% of the employee's salary deferral contributions up to the first 4% of their eligible compensation. In addition, as of each Plan year-end, the Employers may make a special discretionary contribution equal to a certain percentage of employee compensation. No special discretionary contribution was made or declared for the year ended December 31, 2018 and 2017. Each participant's share is based on the ratio of their compensation to the total compensation for all participants. For a participant to qualify for a matching safe harbor contribution and special discretionary contribution, the participant must be employed on any day of the plan year.

At the discretion of the Plan Administrator, the participant may be permitted to deposit or rollover into the Plan, assets he or she has received from other plans. The rollovers will be placed in the participant's account based upon their election allocations in the Plan enrollment form, which would be 100% vested.

Vesting

Safe harbor employer matching contributions vest immediately. Vesting of special discretionary employer contributions in the participant's account is determined under the following schedule, based on years of credited service.

Years of Credited Service	Vested Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

However, the participant will always be 100% vested upon the normal retirement age, disability, or death. Regardless of this vesting schedule, participants will be 100% vested in their own contributions to the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay Plan expenses first and then to offset Employers contributions to the Plan. No forfeitures were used to pay plan expenses or to offset employer contributions for the year ended December 31, 2018 and 2017. Unallocated forfeitures as of December 31, 2018 and 2017 were $6,160 and $5,949, respectively.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the non-forfeitable account balance. All notes must be a minimum of $1,000. All notes must have a definite repayment period which range up to 60 months, and participants may have up to three outstanding notes at a time. The notes are collateralized by the balance in the participant's accounts and bear a reasonable rate of interest based on prevailing market conditions.

Benefit Payments

Participants are entitled to receive their benefits under the Plan in the event of retirement, termination of employment, disability, or death. At the time a participant is entitled to receive a distribution under the Plan, the plan administrator will direct the trustee to pay the benefits in either one lump sum or, if elected by the participant and the vested account balance exceeds $5,000, in installment payments. For termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump sum distribution or rollover.

Administration

Substantially all administration expenses incurred by the Plan are paid by the Employers except for fees charged by the trustee for processing loans and early redemption penalties.

Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to suspend or discontinue its contributions at any time and to terminate the Plan in whole or in part, subject to the provisions of ERISA. In the event of Plan termination, Plan participants will become 100% vested in their Employers contributions. After provisions for the expenses of administration, the proportionate interests will be distributed to the participants.

Note 2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. Employee contributions are recorded in the period during which the Employers make payroll deductions from the Plan participants' earnings. Employer's contributions are recorded in the same period. Benefit payments are recorded in the period in which they are distributed. Income and expenses are recorded in the period earned and incurred, respectively. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect reported amounts in the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation

The Plan's investments are in pooled separate accounts which invest in mutual funds and are stated at fair value, based on quoted market prices at the Plan's year-end. Fair value of mutual funds is based on quoted market prices in an active market as of the last day of the Plan year. Shares of guaranteed investment contracts are valued at the unit value as reported by the investment manager, which are reported at contract value which approximates fair value. Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Purchases and sales of investments are recorded on a trade date basis. Interest is allocated to participant accounts on a pro-rata basis depending on the participant's account balance. Dividends are allocated based on the number of shares in a participant's account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Market and Credit Risks

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company is evaluating the impact of the adoption of this ASU on the Plan financial statements.

Plan Management's Review of Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2018 up through October 3, 2019, the date the financial statements were available to be issued. During this period there were no material recognizable subsequent events.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation in fair value of investments, investment income (loss), and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information provided to the Plan management and certified by the trustee, Massachusetts Mutual Life Insurance Company, as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974.

Note 4. Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Unit value calculated based on the observable net asset value (NAV) of the underlying investment which approximates their fair value. The pooled separate accounts are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses, risk, profit and annual management fees.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	2018	2017
Investments Measured at Net Asset Value		
Pooled separate accounts	$ 3,832,060	$ 3,885,731
Investments at fair value	$ 3,832,060	$ 3,885,731

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	2018	2017
Pooled separate accounts		
Fair value	$ 3,832,060	$ 3,885,731
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 5. Guaranteed Investment Contract with Hartford Life Insurance Company

During 2018, the Plan held a fully benefit-responsive guaranteed investment contract (GIC) with Hartford Life Insurance Company. Hartford Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.65 and 1.5 percent at December 31, 2018 and 2017, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value, as reported to the Plan by Hartford Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2018	2017
Guaranteed investment contract	$ 56,419	$ 52,612
Total	$ 56,419	$ 52,612

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of pooled separate accounts provided through Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for the years prior to 2015.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2018 - 12/31/2018 and indirect compensation is presented on a calendar year basis ending 12/31/2018.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **$4,203.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$4,203.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2018 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2018, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$71.20**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.43% for 2018) earned on the bank accounts and investments associated with the short-term investment pool for the 2018 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan’s/Plan Sponsor’s tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2018.Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2018 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and,

if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Independent Auditor's Report

To the Plan Administrator of the
Naterra International, Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Naterra International, Inc. 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The Plan Administrator of the
Naterra International, Inc. 401(K) Plan

Other Matter

The supplementary information listed in the table of contents as of December 31, 2018 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, has been audited by us in accordance with US GAAS and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Naterra International, Inc. 401(K) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Naterra 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan became effective on January 1, 1997 and was amended and restated effective May 1, 2010.

Eligibility

The Plan is a "401(k) Plan" covering all eligible employees of Naterra International, Inc. and Beauty Manufacturing Solutions, Inc. (the Employers) who are a minimum of twenty-one years of age and have completed one month of service.

Contributions

Participating employees may contribute, through payroll deductions from 1% to 15% of their eligible compensation up to a maximum as defined in the Internal Revenue Code, as deferred contributions. Effective January 1, 1997, the Plan is operating under a deferral election. The entry date to the plan shall be the first date of each month during the plan year in which the employee has been employed for one month.

The Employers make matching safe harbor contributions equal to 100% of the employee's salary deferral contributions up to the first 4% of their eligible compensation. In addition, as of each Plan year-end, the Employers may make a special discretionary contribution equal to a certain percentage of employee compensation. No special discretionary contribution was made or declared for the year ended December 31, 2018 and 2017. Each participant's share is based on the ratio of their compensation to the total compensation for all participants. For a participant to qualify for a matching safe harbor contribution and special discretionary contribution, the participant must be employed on any day of the plan year.

At the discretion of the Plan Administrator, the participant may be permitted to deposit or rollover into the Plan, assets he or she has received from other plans. The rollovers will be placed in the participant's account based upon their election allocations in the Plan enrollment form, which would be 100% vested.

Vesting

Safe harbor employer matching contributions vest immediately. Vesting of special discretionary employer contributions in the participant's account is determined under the following schedule, based on years of credited service.

Years of Credited Service	Vested Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

However, the participant will always be 100% vested upon the normal retirement age, disability, or death. Regardless of this vesting schedule, participants will be 100% vested in their own contributions to the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay Plan expenses first and then to offset Employers contributions to the Plan. No forfeitures were used to pay plan expenses or to offset employer contributions for the year ended December 31, 2018 and 2017. Unallocated forfeitures as of December 31, 2018 and 2017 were $6,160 and $5,949, respectively.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the non-forfeitable account balance. All notes must be a minimum of $1,000. All notes must have a definite repayment period which range up to 60 months, and participants may have up to three outstanding notes at a time. The notes are collateralized by the balance in the participant's accounts and bear a reasonable rate of interest based on prevailing market conditions.

Benefit Payments

Participants are entitled to receive their benefits under the Plan in the event of retirement, termination of employment, disability, or death. At the time a participant is entitled to receive a distribution under the Plan, the plan administrator will direct the trustee to pay the benefits in either one lump sum or, if elected by the participant and the vested account balance exceeds $5,000, in installment payments. For termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump sum distribution or rollover.

Administration

Substantially all administration expenses incurred by the Plan are paid by the Employers except for fees charged by the trustee for processing loans and early redemption penalties.

Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to suspend or discontinue its contributions at any time and to terminate the Plan in whole or in part, subject to the provisions of ERISA. In the event of Plan termination, Plan participants will become 100% vested in their Employers contributions. After provisions for the expenses of administration, the proportionate interests will be distributed to the participants.

Note 2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. Employee contributions are recorded in the period during which the Employers make payroll deductions from the Plan participants' earnings. Employer's contributions are recorded in the same period. Benefit payments are recorded in the period in which they are distributed. Income and expenses are recorded in the period earned and incurred, respectively. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect reported amounts in the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation

The Plan's investments are in pooled separate accounts which invest in mutual funds and are stated at fair value, based on quoted market prices at the Plan's year-end. Fair value of mutual funds is based on quoted market prices in an active market as of the last day of the Plan year. Shares of guaranteed investment contracts are valued at the unit value as reported by the investment manager, which are reported at contract value which approximates fair value. Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Purchases and sales of investments are recorded on a trade date basis. Interest is allocated to participant accounts on a pro-rata basis depending on the participant's account balance. Dividends are allocated based on the number of shares in a participant's account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Market and Credit Risks

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company is evaluating the impact of the adoption of this ASU on the Plan financial statements.

Plan Management's Review of Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2018 up through October 3, 2019, the date the financial statements were available to be issued. During this period there were no material recognizable subsequent events.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation in fair value of investments, investment income (loss), and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information provided to the Plan management and certified by the trustee, Massachusetts Mutual Life Insurance Company, as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974.

Note 4. Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Unit value calculated based on the observable net asset value (NAV) of the underlying investment which approximates their fair value. The pooled separate accounts are credited with earnings on the underlying investments and charged for Plan benefits paid and deductions for investment expenses, risk, profit and annual management fees.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	2018	2017
Investments Measured at Net Asset Value		
Pooled separate accounts	$ 3,832,060	$ 3,885,731
Investments at fair value	$ 3,832,060	$ 3,885,731

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	2018	2017

Note 5. Guaranteed Investment Contract with Hartford Life Insurance Company

During 2018, the Plan held a fully benefit-responsive guaranteed investment contract (GIC) with Hartford Life Insurance Company. Hartford Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.65 and 1.5 percent at December 31, 2018 and 2017, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value, as reported to the Plan by Hartford Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2018	2017
Guaranteed investment contract	$ 56,419	$ 52,612
Total	$ 56,419	$ 52,612

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of pooled separate accounts provided through Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for the years prior to 2015.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
