H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 1 – Description of Plan

The following description of the H.O. Penn 401(k) & Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of H.O. Penn Machinery Company, Inc. (the "Company") who are not covered by a collective bargaining agreement that provides for retirement benefits. Eligibility for the 401(k) Plan and the Profit Sharing Plan does not have a service requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan and in any combination of before-tax and after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Company, on a payroll basis, contributes 50 percent of the first 6 percent of compensation contributed as pre-tax contributions. Additional amounts may be contributed at the option of the Company's board of directors. Annual contributions are subject to certain limitations prescribed by the Internal Revenue Code. Effective September 1, 2017, under a Plan amendment, the Plan implemented an eligible automatic contribution arrangement for employees.

The Plan was amended, effective January 1, 2012, to add a provision allowing Roth In-Plan Rollovers. Under this feature, a participant may elect to rollover all or a portion of his or her vested Plan account that is then available for distribution or in-service withdrawal into Roth (after-tax) funds. A participant is required to pay income taxes on the amount rolled over and, assuming the applicable holding period and distribution requirement are satisfied, the Roth In-Plan Rollover held in the Plan together with subsequent investment earnings will not be subject to Federal income taxes at the time of distribution. There were no Roth In-Plan Rollovers for the year ended December 31, 2018.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan net earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested 401(k) accounts are used to reduce future Company contributions and reimbursement of certain Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes receivables from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 3.25 percent to 7.25 percent. Principal and interest is paid ratably through payroll deductions or by direct payment by the participants to their account.

In-service and hardship withdrawals

While a participant is employed with the Company, a participant may make withdrawals in cash of amounts applicable to a participant and employer contributions and compensation or losses thereon, subject to certain restrictions. A participant can take hardship withdrawals (certain medical expenses, purchase of principal residence, tuition payment for post-secondary education, and payments to prevent eviction from a primary residence) as defined in the plan document. A participant's hardship withdrawal will preclude the participant from making additional employee before-tax contributions to the Plan for a six-month period after the hardship withdrawal. Participant before-tax contributions and matching contributions can be withdrawn after attainment of age 59 ½.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative expenses

Although not required by the Plan, the Company has elected to pay the majority of the administrative expenses of the Plan, including legal, audit and other administrative expenses. Notwithstanding the foregoing, the Company may direct that administrative expenses, that are allocable to the account of a specific participant, be paid from that account.

Forfeitures

If a participant terminates their employment with the Company, prior to full vesting, the nonvested portion of his or her account attributable to the Company matching and discretionary contributions and earnings thereon is forfeited. The discretionary contributions and earnings thereon will be reallocated to participants. At December 31, 2018 and 2017, forfeited nonvested accounts totaled $46,977 and $38,743, respectively. These accounts will be used to reduce future employer 401(k) matching contributions and certain administrative expenses.

Note 2 – Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. Shares of registered investment companies are valued at the quoted daily closing price as reported by the fund and the common collective trust investment is valued at the NAV as provided by the Trustee, which is used as a practical expedient. Notes receivable from participants are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as deemed distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 17, 2019, the date the financial statements were available to be issued.

Note 3 – Investments

Information prepared and certified by the Trustees

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2018 and 2017 and for the years then ended was obtained from data that has been prepared and certified to as complete and accurate by the plan of trustees.

	2018	2017

Mutual funds	$ 56,149,357	$ 59,194,198
Common collective trust	1,903,629	1,731,673
Cash and cash equivalents	695,540	355,549

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Investment options

H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 4 – Fair Value Measurements

The Plan adopted FASB Accounting Standards Codification 820 ("ASC 820"), "Fair Value Measurements and Disclosures", which establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1" measurements), gives the next priority to quoted values based on observable inputs ("Level 2" measurements), and the lowest priority to values based on unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy under ASC 820 are briefly described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds would be Level 1.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement. For example, real estate using an independent appraisal process would be Level 3.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

(a) Mutual Funds

The fair value is determined by reference to the funds' Net Asset Value (NAV). NAV per share is computed once a day based on the closing market prices of the securities in the fund's portfolio.

(b) Putnam Stable Value Fund

The Putnam Stable Value Fund ("PSVF"), a common collective trust, invests directly or indirectly in fully benefit–responsive investment contracts. The PSVF is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the PSVF, the issuer reserves the right to temporarily delay withdrawal from the PSVF in order to ensure that securities liquidations will be carried out in an orderly business manner. The PSVF, included in the fair value hierarchy table below, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under FASB ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,149,357	$ -	$ -	$ 56,149,357
Cash and cash equivalents	695,540	-	-	695,540
Total investments in the fair value hierarchy	56,844,897	-	-	56,844,897
Investments measured at net assets value [(a)]:				
Common collective trust	-	-	-	1,903,629
Investments at fair value	$ 56,844,897	$ -	$ -	$ 58,748,526

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 59,194,198	$ -	$ -	$ 59,194,198
Cash and cash equivalents	355,549	-	-	355,549
Total investments in the fair value hierarchy	59,549,747	-	-	59,549,747
Investments measured at net assets value [(a)]:				
Common collective trust	-	-	-	1,731,673
Investments at fair value	$ 59,549,747	$ -	$ -	$ 61,281,420

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

Plan investments may be redeemed by the participant or by the Plan. Participants redeem investments when they elect to receive a withdrawal, make a transfer to another investment, or take a loan. The Plan redeems investments when the fiduciaries determine that an investment will no longer be offered as a Plan investment.

Note 5 – Nonparticipant-Directed Investments

Information about the net assets and the significant components of the change in net assets relating to the nonparticipant-directed investments are as follows:

	December 31,	
	2018	2017
Net assets:		
Forfeiture account	$ 46,977	$ 38,743

	Year Ended December 31, 2018
Change in net assets:	
Investment earnings on forfeitures	$ 769
Forfeitures relating to current year activities	7,465
	$ 8,234

Note 6 – Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Tax Status

The Plan uses a volume submitter plan document of Fidelity "Volume Submitter Profit Sharing Plan with CODA". The volume submitter plan document has obtained an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however, the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that would more likely than not would not be sustained upon examination by the tax authorities. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress. The Plan's management believes the tax years from 2016 to 2018 are still subject to tax examinations.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
