Note 1 - Plan Description

The following description of Solidifi Home Equity & BPO Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Solidifi U.S., Inc. (the "Company") who have completed 12 months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor employer matching contributions and profit-sharing contributions equal to a discretionary percentage to be determined by the Company, which can be based on a percentage of the employee's deferrals or a percentage of the employee's eligible compensation. For 2018, the profit-sharing contribution was equal to 3 percent of the employee's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Participants who terminated employment prior to November 1, 2018 are immediately 100 percent vested in the Company's contribution and any income or loss thereon. For Company contributions for all over employees, vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. For these participants, they vest 20 percent in employer discretionary profit-sharing contributions after two years of service, and an additional 20 percent each year thereafter until they become fully vested after six years of service.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2018 and 2017, forfeited account balances totaled \$4,452 and \$8,575, respectively. No amounts were used to pay Plan expenses or reduce company contributions for the year ended December 31, 2018.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Transamerica Life Insurance Company and Voya Retirement Insurance and Annuity Company or its affiliates. Transamerica Life Insurance Company and Voya Retirement Insurance and Annuity Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan were stated at fair value, except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' net underlying assets.

The fully benefit-responsive unallocated contracts held at December 31, 2018 and 2017 were valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable were recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company and the Plan. The Company paid approximately \$15,000 of administrative costs on behalf of the Plan during 2018.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events

The financial statements and related disclosures include an evaluation of events through and including October 1, 2019, the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In November 2018, the Plan changed its trustee from Transamerica Life Insurance Company to Voya Retirement Insurance and Annuity Company (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments and executed all investment transactions during the periods under audit. The investment balances and related investment results included in the accompanying financial statements and supplemental Schedule of Assets Held at End of Year are based solely on information certified by the Trustees. Additionally, Transamerica Life Insurance Company held and executed participant notes receivable and certified the related balances and interest income as of December 31, 2017 and for the period of January 1, 2018 to October 31, 2018.

Note 4 - Tax Status

Effective November 1, 2018, the Plan, as adopted, is a volume submitter plan of The Angell Pension Group Inc., which does not require an application for a determination letter from the Internal Revenue Service ("IRS"). The volume submitter plan received a favorable notification letter from the IRS dated September 30, 2014. The Plan has not individually sought its own determination letter.

Prior to November 1, 2018, the Plan was adopted as a volume submitter plan of CCH Incorporated, which did not require an application for a determination letter from the IRS. The volume submitter plan received a favorable notification letter from the IRS dated March 31, 2014. The Plan had not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

December 31, 2018 and 2017

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Investments (at Fair Value)	
		Level 1
Mutual funds	\$	9,451,930 \$ 9,451,930

December 31, 2018 and 2017

Note 5 - Fair Value Measurements (Continued)

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

Note 6 - Investment Contract

Prior to November 1, 2018, the Plan had a benefit-responsive unallocated contract with Transamerica Life Insurance Company (Transamerica). Subsequent to November 1, 2018, the Plan holds a benefit-responsive contract with Voya Retirement Insurance and Annuity Company (Voya). Transamerica and Voya maintained the contributions in a general account. The accounts were credited with earnings from the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuers were contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest was credited on contract balance using a single “portfolio rate” approach. Under this methodology, a single interest rate was applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates were reviewed on a semiannual basis for resetting. When establishing interest credit rates for this product, Transamerica and Voya considered many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account. There was no stated minimum or maximum interest rate in the benefit-responsive unallocated contract with Transamerica. There was a minimum interest rate of 1 percent and no maximum interest rate in the benefit-responsive unallocated contract with Voya.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 7 - Partial Plan Termination

During 2018, the Company had a reduction in force that resulted in a partial termination of the Plan. Accordingly, the terminated participants became 100 percent vested in their account balance. All other participants remain subject to the Plan’s vesting requirements.

Note 8 - Subsequent Events

Subsequent to year end, all participants and their related account balances were transferred to other plans sponsored by the Company. Accordingly, all assets of the participants were transferred to the new plans in February and March of 2019.
