We were engaged to audit the accompanying financial statements of Datamark, Inc. 401(k) Retirement Plan, which comprise the statements of net assets available for Plan benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for Plan benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the note to the financial statements entitled "Information Prepared and Certified by Custodian," which was certified by Principal Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

DATAMARK, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following description of the Datamark, Inc. 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined-contribution plan covering employees of Datamark, Inc. ("the Company") who have attained age twenty-one and completed one year of service. Effective January 1, 2019, Plan management revised the eligibility service requirement from one year to 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Principal Trust Company is the Custodian of the Plan. The Trustees are responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan Administrator.

Contributions – Each year, participants may establish contributions at any level of pre-tax annual compensation allowable under the provisions of the Internal Revenue Code, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution on behalf of each participant who contributed during the Plan year. In 2018, the Company made a matching contribution equal to 50% of the participant's elective deferral, not to exceed 3% of the participant's compensation. The matching Company contribution is invested into the various investment options selected by the participants. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and the Company's matching contribution as well as an allocation of the Plan's earnings and administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contributions, plus actual earnings thereon, is according to a graduated schedule based on years of service. Participants are fully vested in these contributions after six years of service.

(Continued)

DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants – Subject to limitations, a participant may borrow from the vested portion of his or her elective account. The minimum amount of any loan is $1,000 and the maximum amount is the lesser of one-half of their vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the balance in the participant's accounts. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Notes receivable from participants, at the time of loan withdrawal, are applied with interest rates of Wall Street Prime, which was 5.5% and 4.5% as of December 31, 2018 and 2017, plus 2% and remain at that rate through the loan's maturity. Outstanding notes receivable from participants have interest rates ranging from 5.25% to 7.25%. Principal and interest are paid through payroll deductions. Notes receivable from participants are reported at their unpaid balances, plus any accrued, but unpaid, interest. For the year ended December 31, 2018, there were defaulted loans of $2,528.

Payment of Benefits – On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited Accounts – Forfeitures of the Company's contributions, and earnings thereon resulting from participants leaving the Company prior to vesting, are retained in a forfeiture account. Forfeitures of Company contributions may be applied first to the payment of Plan administration expenses, and then shall be applied to reduce the contributions of the Company. The balance in the Plan's forfeiture account as of December 31, 2018 and 2017 was $2,707 and $836, respectively. Administrative expenses of $2,098 were paid using the balance of forfeited non-vested accounts during 2018 and are included in administrative expenses. During 2018, employer contributions were reduced using the balance of forfeited non-vested accounts by $827.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates – The preparation of the Plan's financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(Continued)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition – Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end. Collective investment trusts are stated at fair value, as determined by redeemable measurement-date net asset values of the shares held by the Plan at year-end. Unallocated contract funds held in the insurance company general account are valued at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Notes receivable from participants are valued at cost, which approximates fair value.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

As of December 31, 2018 and 2017, there were two loan holders that held loans totaling 66% and one loan holder that held a loan totaling 46%, respectively, of the total loans outstanding. Management does not believe that the Plan is exposed to any significant credit risk, and no allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable as of December 31, 2017 was $5,773. There were no excess contributions payable as of December 31, 2018. For the Plan years ended December 31, 2017 and 2016, the Plan distributed $5,773 and $15,285 in excess contributions from the applicable participant's account in July 2018 and November 2018, respectively.

Net Appreciation (Depreciation) in Fair Value of Investments – Net appreciation (depreciation) consists of the unrealized appreciation (depreciation) of the investments and the excess (deficiency) of net proceeds over market value of the related investment at the beginning of the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the year ended December 31, 2018, administrative expenses amounting to $21,194 were paid by the Plan.

(Continued)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties – The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End-of-Year), including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Trust Company, the Custodian of the Plan.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 (formerly SFAS No. 157) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair value determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets the Plan has the ability to access for identical assets or liabilities. Fair value determined by Level 2 inputs utilize inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices observable for the asset or liability, such as interest rate and yield curves observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

(Continued)

FAIR VALUE MEASUREMENTS (CONTINUED)

In instances in which the inputs used to measure fair value may fall into different levels of the fair value hierarchy, the level in the fair value hierarchy within which the fair value measurement in its entirety has been determined is based on the lowest level input significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Observable Inputs Other than Quoted Prices (Level 2)
December 31, 2018			
Mutual funds	$ 277,190	$277,190	$
Collective investment trusts	1,179,185		1,179,185
Total	$1,456,375	$277,190	$1,179,185
December 31, 2017			
Mutual funds	$ 225,901	$225,901	$
Collective investment trusts	1,172,040		1,172,040
Total	$1,397,941	$225,901	$1,172,040

Level 1 Fair Value Measurements

The fair value of the mutual fund accounts is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fair value of collective investment trusts is based on redeemable measurement-date net asset values of the shares held by the Plan at year-end, which approximates fair value.

GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for Plan benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for Plan benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017 was $107 and $515, respectively. The crediting interest is declared monthly at an annual effective rate but may not be less than 1% or greater than 3%.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

(Continued)

EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and collective investment trusts managed by Principal Trust Company ("Principal"). Principal is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Principal provides certain administrative services to the Plan pursuant to a Plan service agreement between the Company and Principal. Principal receives revenue from mutual fund service providers for services Principal provides to the funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan. If the revenue received by Principal from such mutual fund service providers exceeds the amount owed under the Plan service agreement, Principal remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2018, there were no excess amounts. The Plan or Company may make a payment to Principal for administrative expenses not covered by revenue sharing. Fees paid by the Plan to Principal for investment management services amounted to $2,098 for the year ended December 31, 2018.

SBNG, PC, the auditor of the Plan and Company, charges fees for the audit and attest services it provides, which are paid by the Company. These transactions qualify as party-in-interest transactions. Fees paid by the Company for the Plan's audit fees amounted to $10,227 for the year ended December 31, 2018.

The Plan has notes receivable from participants, which are secured solely by a portion of the participants' vested account balance, in accordance with the Plan document. These transactions qualify as exempt party-in-interest transactions. The balance of notes receivable from participants as of December 31, 2018 and 2017 was $25,619 and $33,999, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2018, the Company did not remit certain participant contributions to the Custodian in a timely manner based on when the participant contributions were withheld from participant paychecks as required under Department of Labor (DOL) Regulation §2510.3-103. Late 401(k) contributions and loan repayments for the year ended December 31, 2018 were $9,892.

(Continued)

NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

In September 2019, the Plan submitted an application under the Voluntary Fiduciary Correction Program ("VFCP") with the DOL for the 2018 Plan year and participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis. Lost earnings of $43 were credited to participant accounts in September 2019 for participant contributions remitted late to the Plan during the 2018 Plan year. Late contributions for the 2018 Plan year are disclosed in the accompanying supplemental schedule of Schedule H, line 4a - Schedule of Delinquent Participant Contributions as Contributions Pending Correction in VFCP. The status of the VFCP application has not been determined.

INCOME TAX STATUS

The Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status. The IRS has determined and informed Principal Trust Company by a letter dated March 31, 2014 that the master prototype plan from which the Plan was drafted is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, Plan management believes that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2018, there were no uncertain tax positions. The Plan files a Form 5500. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to U.S. federal and state income tax examinations by authorities for the years before December 31, 2015.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

SUBSEQUENT EVENTS

Subsequent events were evaluated through September 26, 2019, which is the date the financial statements were available to be issued.
