NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note #1 – Significant Accounting Policies

Basis of Accounting:

The financial statements of the Fort Recovery Industries, Inc. Money Accumulation Plan and Trust (the Plan) are prepared on the accrual method of accounting.

Participant Loans:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is calculated using the interest method. Participant loans are considered in default if any scheduled repayments are unpaid at the end of the calendar quarter following the quarter the loan becomes past due. Loans are immediately due upon separation of service.

Investment Valuation and Income Recognition:

Investments are reported at fair value except fully benefit-responsive investment contracts which are carried at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Use of Estimates:

Management used estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported additions and deductions of net assets. Actual results could vary from those estimates that were used.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net investment gain and realized/unrealized gains (losses). Fees for recordkeeping and plan administration are included in Contract Administrative Fees and charged directly to participant's accounts.

Note #2 – Description of the Plan

The Plan, established effective July 1, 1988, is a defined contribution plan covering substantially all employees of Fort Recovery Industries, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Eligibility Requirements and Vesting: Each employee, unless classified as temporary full-time or temporary part-time, of Fort Recovery Industries, Inc. shall become a participant on the entry date (January 1 or July 1) coincident with or next following age 18 and the completion of three months of service. Terminated participants are 100% vested in employer contributions after 3 years (defined as 100 hours per year) of service. Participants are 100% vested upon retirement, death or disability.

Note #2 – Description of the Plan (Continued)

Contributions and Allocation: Employee contributions may be up to 100% of their compensation. Employer contributions to the Plan are based on matching contributions equal to 50% of the first 6% of employee salary reductions not to exceed limits of Internal Revenue Code Sections 415, 401(k) and 404. The employer discretionary contribution is determined annually and credited to participants eligible to make elective deferral contributions. The employer discretionary contribution is allocated to each participant in the proportion that each participant's compensation bears to the total compensation of all participants. There was no employer discretionary contribution for 2018.

Earning: Plan earnings are allocated using daily valuation accounting to each participant's account in the proportion that each participant's account balance, as defined, bears to the total account balances of all participants.

Forfeitures: Forfeitures are allocated to reduce administrative fees or employer matching contributions. Forfeitures reduced employer matching contributions by $111 and $0 for 2018 and 2017, respectively. The Plan had unallocated forfeitures of $13,315 and $4,844 at December 31, 2018 and 2017, respectively.

Benefit Payments: Upon normal retirement age of 65, early retirement age of 55, death, disability or termination of employment, a participant may receive the amount of his or her vested account balance. Payments are made in the form of a lump-sum payment. Vested accounts of terminated participants of $5,000 or less can be distributed without the participant's consent. Hardship distributions are also permitted.

Notes Receivable - Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid in less than 5 years unless it is for the purchase of a principal residence. The loans are secured by the balances in the participants account and bear interest at one percentage point higher than the prime lending rate. The loans bear interest at 4.25% to 6% and 4.25% to 5% at December 31, 2018 and 2017, respectively. Principal and interest are paid ratably through payroll deductions.

Note #3 – Certification

The investments, notes receivable – participants, and plan earnings have been certified as complete and accurate by the asset custodian, Great-West Trust Company, LLC, as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note #4 – Income Tax Status

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed, in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination Letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

Note #5 – Plan Termination

Although the employer has not expressed any intent to do so, it has the right, under the Plan Agreement, to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, any uncollected funds of the trust shall be allocated, and all participants' accounts will become fully vested and non-forfeitable.

Note #6 – Investments

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for similar or identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value measurements are as follows as of December 31, 2018:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 15,234,675	$ 15,234,675	$ 0	$ 0

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value measurements are as follows as of December 31, 2017:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 16,063,522	$ 16,063,522	$ 0	$ 0

Mutual fund share prices/net asset values are generally obtained from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation. The reported values for the Guaranteed Investment Contract are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. Participant notes receivable are carried at cost, which approximates fair value.

Note #7 – Guaranteed Investment Contract

The Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The group annuity contract is included in the financial statements at contract value which is equal to fair value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than the contract value are not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing conditions.

The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average was 1.10% for 2018 and 2017.

Note #8 – Party-In-Interest Transactions

Certain Plan investments are managed by Great-West Trust Company, LLC (Great-West). Great-West is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Administrative fees paid to the party-in-interest amounted to $52,443 for 2018.

Note #9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note #10 – Subsequent Events

Plan management has evaluated subsequent events through the report date, the date on which the financial statements were available to be issued.
