NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Mercury Plastics, LLC 401(k) Profit Sharing Plan (the “Plan”), formerly known as Mercury Plastics, Inc. 401(k) Profit Sharing Plan, is provided for general information purposes only. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution plan covering substantially all employees of Mercury Plastics, LLC, formerly known as Mercury Plastics, Inc. (the “Company”) who have attained age 18 and completed at least 3 months of service. The Plan provides for retirement, death and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Covered employees may contribute a percentage of their annual compensation, and subsequently receive discretionary employer matching contributions. Employee contributions follow the limitations under Section 401 of the Internal Revenue Code (“IRC”). Employees will be automatically enrolled in the Plan, after satisfying the eligibility requirements, at a deferral rate of 4% unless they opt out of participation or elect to defer a different amount. The Company matches 100% of the first 4% of base compensation that an employee contributes to the Plan. The Company may also make an additional discretionary profit-sharing contribution to the Plan. Employees enter the Plan on the date of satisfaction of the eligibility requirements.

During 2017, Mercury Plastics, Inc. was sold to an independent third-party buyer. As a result of this transaction, the Plan name changed to Mercury Plastics, LLC 401(k) Profit Sharing Plan effective March 1, 2018. The assets of the Plan were transferred into the qualified plan of the Company’s parent company as of December 31, 2018.

Participant Accounts

Separate accounts are maintained by Ascensus (the “Recordkeeper”) in the name of each participant. Participant accounts are credited with their contributions, matching contributions and profit-sharing contributions.

Participants specify the desired allocation of all salary deferred, Company and profit-sharing contributions, to the various investment accounts. The allocation percentages may be changed at the participants’ discretion. New employees are automatically enrolled in the Plan, unless they elect otherwise, at an automatic enrollment rate of 4%.

Participants who terminate under the Plan are paid the current value of their contributions plus the value of any vested Company contributions. Participants will not vest in the employer matching contributions until they have reached 3 years of service, at which time they will be 100% vested.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Notes Receivable from Participants

The Plan allows for loans to participants from their individual account balances, limited to the lesser of \$50,000 or 50% of the vested interest. The \$50,000 maximum amount will be reduced by the participant's highest outstanding loan balance (if any) in the previous twelve months, even if the amounts have been repaid. A participant may have no more than one loan outstanding at any one time, and the loan must be repaid within 5 years of the date of the loan or upon termination, with an interest rate of prime plus 1% as of the date of the loan. If the entire proceeds of the loan will be used to acquire a principal residence for the participant, the loan will be required to be repaid within 30 years of the date of the loan.

Allocation of Forfeitures

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. The Statement of Changes in Net Assets Available for Benefits presents net appreciation in fair value of investments, which includes both unrealized and realized gains and losses. The change in the difference between fair value and the cost of investments is reflected as unrealized appreciation or depreciation.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

The realized gain or loss on the sale of investments shall be the difference between the proceeds received and the cost of the investments sold. Securities listed on any generally recognized stock exchange shall be valued at the last sale price reported on an exchange on the valuation date, or, if there were no sales on the valuation date, then on the quoted bid price on the valuation date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Administrative Expenses

Investment fees, general recordkeeping fees, administration fees and necessary professional services fees are paid by the Plan, unless otherwise paid by the Company.

Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2019, the date the financial statements were available to be issued.

NOTE 3 – SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has obtained certifications from the Recordkeeper, acting as agent for the Ascensus Trust Company (the "Trustee"), that the following information used in preparation of these financial statements is complete and accurate.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon observable inputs such as quoted prices in active markets.
- Level 2 – Valuation is based upon inputs, other than the quoted prices in active markets that are observable either directly or indirectly.
- Level 3 – Valuation is based upon unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value ("NAV") per share as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in the below tables are intended to permit reconciliation of the fair value hierarchy to total investments at fair value. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund.

Common/collective trust: Valued at NAV of the underlying investments held by the funds. NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets held as of December 31, 2018 as all assets were transferred to the parent company's plan on December 31, 2018. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	2017		
	Level 1	Level 2	Level 3
Mutual funds	\$10,350,684	\$ -	\$ -
Common/collective trust valued at NAV as a practical expedient			955,275
Total investments at fair value			<u>\$ 11,305,959</u>

The Plan's investment in the common/collective trust may be redeemed on a daily basis and requires a redemption notice of one trade day. There are no unfunded commitments related to the common/collective trust.

NOTE 5 – TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Recordkeeper, by letter dated March 31, 2008, that its Prototype Non-standardized Profit Sharing Plan with CODA, which was adopted by the Plan on October 1, 2010, is a qualified plan under Section 401 of the IRC and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since having filed for this determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 6 – PLAN TERMINATION

The Company has the right under the Plan to amend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts. The assets of the Plan were transferred into the qualified plan of the Company's parent company as of December 31, 2018, effectively terminating this Plan.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for recordkeeping services in 2018 qualify as party-in-interest transactions.
