Cedar Fair 401(k) Plan

1 Description of Plan

The following description of Cedar Fair 401(k) Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began January 1, 2011, is a defined contribution plan covering certain employees of Cedar Fair, L.P. and its wholly-owned affiliates ("Partnership") who meet the service and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 3, 2017, the Plan was amended to allow benefit payments to be paid in installments and partial withdrawals.

Eligibility:

Employees are eligible to participate in the employee deferral contributions and employer discretionary contribution after completing one year of service and attaining age 21, as defined. A participant must have earned at least 501 hours of service during the Plan year.

Contributions:

401(k) Deferral - Participants may elect between 1% and 75% of their compensation to be contributed to the Plan. In addition, the Plan has a Roth contribution feature.

Employer discretionary contributions are made annually at the discretion of the Partnership. Contributions are allocated in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the contribution period. There were no employer discretionary contributions in 2018 and 2017.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

Each participant's account is credited with the participant's elective before tax contributions, employer discretionary contributions, earnings and losses thereon.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the common/collective trust fund is valued based on the underlying investments which are generally fixed-income securities or bond funds and may include derivative instruments and 'wrap' contracts entered into with third parties. These securities are valued at fair value based on market values obtained from independent pricing services, quotes by dealers who are market makers in these securities, or by a methodology approved by the Trustee. The stable value fund is valued based on the Net Asset Value as the practical expedient as determined by the asset custodian on a daily basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Fees of the Trustee and Plan auditors are paid by the Plan. Fees for withdrawals and recordkeeping are paid by the participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and stable value funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 12, 2019, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets;
 - * Quoted prices for identical assets or similar assets or liabilities in inactive markets;
 - * Inputs other than quoted prices that are observable for the asset or liability;
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

Cedar Fair 401(k) Plan

3 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

* Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified in Level 1 of the valuation hierarchy.

Common/Collective Trust Fund:

The fair value of the common/collective trust funds is based on the underlying assets of the contracts. The fair value is expressed in units. The guaranteed interest account is classified in the Level 2 category of the valuation hierarchy.

Participant transactions (purchase and sales) in the common/collective trust are recorded, upon receipts of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawals from the Trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable Value Fund:

Valued at the net asset value as a practical expedient ("NAV") of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4 Tax Status

The Plan adopted a prototype plan under Fidelity Management Trust Company. On March 31, 2014, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the Trustee, Fidelity Management Trust Company.

	<u>2018</u>	<u>2017</u>
Investments, at fair value	\$ 415,605	\$ 373,877
Interest and dividend income	\$ 15,908	\$ 9,325
Net unrealized/realized appreciation (depreciation)	\$ (46,185)	\$ 38,562

6 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and collective trusts managed by Fidelity Management Trust Company, the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

The following table reconciles changes in net assets available for benefits per the financial statements at December 31, 2018 to the Form 5500 filed with the Internal Revenue Service. The difference is due to interest and earnings transactions being recorded on the Form 5500 at fair value while the financial statements report interest and earnings at contract value.
