INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
K & N Engineering, Inc. 401(k) Plan
Riverside, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of K & N Engineering, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by LT Trust Company and The Prudential Insurance Company of America (Prudential), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Prudential held the Plan's investment assets and executed investment transactions from September 11, 2018 through December 31, 2018 and that LT Trust Company held the Plan's investment assets and executed investment transactions as of January 1, 2018 through September 10, 2018. The Plan administrator has obtained certifications from the custodians on behalf of the trustee, as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by LT Trust Company, the Custodian of the Plan. Their report, dated October 5, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the K & N Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution retirement plan for the eligible employees of K&N Engineering, Inc. (the "Company"). The Plan has an effective date of November 1, 1997 and was restated on September 1, 2018. The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performances. Effective September 11, 2018, employees are eligible to participate having completed at least 30 days of service and are age 18 or older. Prior to September 11, 2018, employees were eligible to participate having completed 60 months of service and attained age 20. Eligible participants may enter the Plan on the first day they become eligible. Effective September 11, 2018, the Plan adopted an automatic enrollment feature with a 4 percent pretax deferral. Each year the deferral percentage increases by 1% up to 99% unless the participant files a contrary election form. If no investment fund election is made by the participant, the automatic contributions will be invested into the appropriate Vangaurd Target Retirement date fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution of 100% of a participant's deferrals up to 4% of the employee's compensation. The matching contribution is funded each pay period. Total employer matching contributions for the year ended December 31, 2018 were $669,670.

The Company may also make a discretionary nonelective contribution. The nonelective contribution is allocated based on the percentage of the participant's compensation to the total compensation of all eligible participants. The nonelective contribution is funded annually. There were no qualified-nonelective contributions for the year ended December 31, 2018.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and employer's contributions and an allocation of the Plan's earnings and losses including administrative fees paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN, Continued

VESTING

Participants are immediately vested in their contributions and any employer qualified-nonelective contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after 6 years of credited service, or if they were an employee upon retirement, disability, death, or termination of the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid through after-tax payroll deductions.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. As of September 11, 2018, these investment options are comprised of pooled separate accounts and a guaranteed investment account. Prior to September 11, 2018, investment options were comprised of mutual funds and a money market account. An investment balance reallocation may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, or in installments. Under certain circumstances, participants may make a financial hardship withdrawal.

If the participant's vested account balance does not exceed $5,000, the distribution will automatically be paid in a single lump-sum payment.

FORFEITED ACCOUNTS

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death or permanent disability. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. As of December 31, 2018 and 2017, the forfeited, nonvested account total was $132,875 and $46,331, respectively.

ADMINISTRATIVE EXPENSES

The trustees have elected to have the Company pay for the audit fees of the Plan. For the year ended December 31, 2018, expenses paid by the Company were approximately $8,000.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient and removes certain disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is to be applied retrospectively. The Trustees adopted ASU 2015-07 for the year ended December 31, 2018. As a result of applying ASU 2015-07, the pooled separate accounts using NAV as a practical expedient are excluded from the fair value hierarchy at December 31, 2018 and 2017.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2018.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

POOLED SEPARATE ACCOUNTS

As of December 31, 2018, the pooled separate accounts are amounts allocated to variable investment accounts within The Prudential Insurance Company of America (Prudential) separate account which is credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by Prudential and the daily equivalent of any fee charged by Prudential pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by Prudential exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder. The Plan's pooled separate accounts are valued using the net asset value as a practical expedient, which is the price at which participants are able to initiate transactions. These funds have no redemption restrictions or unfunded commitments.

The pooled separate accounts are valued daily based on quoted net asset values of the units held by the Plan.

GUARANTEED INVESTMENT ACCOUNT

As of December 31, 2018, the Plan's fully benefit-responsive guaranteed investment account (Prudential Stable Value Account) is backed by Prudential's general account assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract can be subject to a market value adjustment upon contract termination. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is equal to the principal balance plus accrued interest. At December 31, 2018, the investment in the Prudential Stable Value Account is $463,774 and is included in the statements of net assets available for benefits under "Investment at contract value."

Interest rates are established and declared for new contributions that will be received in a calendar year. The rate is based on the return Prudential expects on new investments made and held within the Prudential general account, and will always equal or exceed the contractually guaranteed rate.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value with Prudential. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan's sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, are probable.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable for contributions to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in benefit payments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Effective September 11, 2018, the Plan assets were transferred to a new custodian. As of December 31, 2018, the Plan's investments were held by Prudential Insurance Company of America (Prudential). As of December 31, 2017, and for the period of January 1, 2018 through September 10, 2018, the Plan's investments were held by LT Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN, Continued

Investments:	2018	2017

Interest and dividend income	473,028
Net investment loss	$ (907,810)
Other income:	
Interest on notes receivable from participants	$ 39,820

During 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $1,380,838.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017:

Mutual Funds
Mutual funds are valued based on quoted net asset values of the shares held by the Plan at year end. The funds must publish their daily net asset value and transact at that price. The mutual funds provide for daily redemption by the Plan and participants. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017.

Description	Level 1	Level 2	Level 3	Total December 31, 2017
Mutual funds	$ 17,846,406	$ -	$ -	$ 17,846,406

NOTE 5: EXCESS CONTRIBUTIONS PAYABLE

For the year ended December 31, 2018, distribution payments of $60,051 were due to certain participants for refund of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 6: INCOME TAX STATUS

Effective September 11, 2018, the Plan adopted a Prototype Non-standardized Profit Sharing Plan, in which the Internal Revenue Service has determined by a letter dated April 29, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

Prior to September 11, 2018, the Plan had adopted a Volume Submitter Profit Sharing Plan with CODA, in which the Internal Revenue Service determined by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan was exempt from federal income taxes under Section 501(a) of the Code.

NOTE 6: INCOME TAX STATUS, Continued

The plan was amended for the Pension Protection Act (PPA). The Plan adopted IRS-pre-approved documents on those dates, which did not require a formal letter of determination. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Tax years open for examination include calendar years ended 2015 through 2018. There have been no notifications of audit received by Plan Administration or Trustees. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 16,375,911	$ 18,686,172
Add: excess contributions payable	-	78,068
Less: benefit claims payable per the Form 5500	-	(5,421)
Net assets available for benefits per the Form 5500	$ 16,375,911	$ 18,758,819

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

	2018
Net decrease in net assets per the financial statements	$ (2,310,261)
Add: corrective distributions	(72,647)
Net decrease in net assets per Schedule H of Form 5500	$ (2,382,908)

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and the guaranteed investment account which are managed by Prudential Insurance Company of America (Prudential). Prudential is the Plan's third-party administrator and custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments were units of money market accounts and mutual funds that were managed by LT Trust Company. LT Trust Company was the Plan's custodian and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 4, 2019, the date that the financial statements were available to be issued. No events were noted that would require adjustment to, or disclosure in, the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
K & N Engineering, Inc. 401(k) Plan
Riverside, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of K & N Engineering, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by LT Trust Company and The Prudential Insurance Company of America (Prudential), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Prudential held the Plan's investment assets and executed investment transactions from September 11, 2018 through December 31, 2018 and that LT Trust Company held the Plan's investment assets and executed investment transactions as of January 1, 2018 through September 10, 2018. The Plan administrator has obtained certifications from the custodians on behalf of the trustee, as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by LT Trust Company, the Custodian of the Plan. Their report, dated October 5, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the K & N Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution retirement plan for the eligible employees of K&N Engineering, Inc. (the "Company"). The Plan has an effective date of November 1, 1997 and was restated on September 1, 2018. The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performances. Effective September 11, 2018, employees are eligible to participate having completed at least 30 days of service and are age 18 or older. Prior to September 11, 2018, employees were eligible to participate having completed 60 months of service and attained age 20. Eligible participants may enter the Plan on the first day they become eligible. Effective September 11, 2018, the Plan adopted an automatic enrollment feature with a 4 percent pretax deferral. Each year the deferral percentage increases by 1% up to 99% unless the participant files a contrary election form. If no investment fund election is made by the participant, the automatic contributions will be invested into the appropriate Vangaurd Target Retirement date fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution of 100% of a participant's deferrals up to 4% of the employee's compensation. The matching contribution is funded each pay period. Total employer matching contributions for the year ended December 31, 2018 were $669,670.

The Company may also make a discretionary nonelective contribution. The nonelective contribution is allocated based on the percentage of the participant's compensation to the total compensation of all eligible participants. The nonelective contribution is funded annually. There were no qualified-nonelective contributions for the year ended December 31, 2018.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and employer's contributions and an allocation of the Plan's earnings and losses including administrative fees paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN, Continued

VESTING

Participants are immediately vested in their contributions and any employer qualified-nonelective contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after 6 years of credited service, or if they were an employee upon retirement, disability, death, or termination of the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid through after-tax payroll deductions.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. As of September 11, 2018, these investment options are comprised of pooled separate accounts and a guaranteed investment account. Prior to September 11, 2018, investment options were comprised of mutual funds and a money market account. An investment balance reallocation may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, or in installments. Under certain circumstances, participants may make a financial hardship withdrawal.

If the participant's vested account balance does not exceed $5,000, the distribution will automatically be paid in a single lump-sum payment.

FORFEITED ACCOUNTS

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death or permanent disability. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. As of December 31, 2018 and 2017, the forfeited, nonvested account total was $132,875 and $46,331, respectively.

ADMINISTRATIVE EXPENSES

The trustees have elected to have the Company pay for the audit fees of the Plan. For the year ended December 31, 2018, expenses paid by the Company were approximately $8,000.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient and removes certain disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is to be applied retrospectively. The Trustees adopted ASU 2015-07 for the year ended December 31, 2018. As a result of applying ASU 2015-07, the pooled separate accounts using NAV as a practical expedient are excluded from the fair value hierarchy at December 31, 2018 and 2017.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2018.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

POOLED SEPARATE ACCOUNTS

As of December 31, 2018, the pooled separate accounts are amounts allocated to variable investment accounts within The Prudential Insurance Company of America (Prudential) separate account which is credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by Prudential and the daily equivalent of any fee charged by Prudential pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by Prudential exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder. The Plan's pooled separate accounts are valued using the net asset value as a practical expedient, which is the price at which participants are able to initiate transactions. These funds have no redemption restrictions or unfunded commitments.

The pooled separate accounts are valued daily based on quoted net asset values of the units held by the Plan.

GUARANTEED INVESTMENT ACCOUNT

As of December 31, 2018, the Plan's fully benefit-responsive guaranteed investment account (Prudential Stable Value Account) is backed by Prudential's general account assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract can be subject to a market value adjustment upon contract termination. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is equal to the principal balance plus accrued interest. At December 31, 2018, the investment in the Prudential Stable Value Account is $463,774 and is included in the statements of net assets available for benefits under "Investment at contract value."

Interest rates are established and declared for new contributions that will be received in a calendar year. The rate is based on the return Prudential expects on new investments made and held within the Prudential general account, and will always equal or exceed the contractually guaranteed rate.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value with Prudential. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan's sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, are probable.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable for contributions to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in benefit payments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Effective September 11, 2018, the Plan assets were transferred to a new custodian. As of December 31, 2018, the Plan's investments were held by Prudential Insurance Company of America (Prudential). As of December 31, 2017, and for the period of January 1, 2018 through September 10, 2018, the Plan's investments were held by LT Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN, Continued

Investments:	2018	2017

Interest and dividend income	473,028
Net investment loss	$ (907,810)
Other income:	
Interest on notes receivable from participants	$ 39,820

During 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $1,380,838.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017:

Mutual Funds
Mutual funds are valued based on quoted net asset values of the shares held by the Plan at year end. The funds must publish their daily net asset value and transact at that price. The mutual funds provide for daily redemption by the Plan and participants. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017.

Description	Level 1	Level 2	Level 3	Total December 31, 2017
Mutual funds	$ 17,846,406	$ -	$ -	$ 17,846,406

NOTE 5: EXCESS CONTRIBUTIONS PAYABLE

For the year ended December 31, 2018, distribution payments of $60,051 were due to certain participants for refund of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 6: INCOME TAX STATUS

Effective September 11, 2018, the Plan adopted a Prototype Non-standardized Profit Sharing Plan, in which the Internal Revenue Service has determined by a letter dated April 29, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

Prior to September 11, 2018, the Plan had adopted a Volume Submitter Profit Sharing Plan with CODA, in which the Internal Revenue Service determined by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan was exempt from federal income taxes under Section 501(a) of the Code.

NOTE 6: INCOME TAX STATUS, Continued

The plan was amended for the Pension Protection Act (PPA). The Plan adopted IRS-pre-approved documents on those dates, which did not require a formal letter of determination. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Tax years open for examination include calendar years ended 2015 through 2018. There have been no notifications of audit received by Plan Administration or Trustees. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 16,375,911	$ 18,686,172
Add: excess contributions payable	-	78,068
Less: benefit claims payable per the Form 5500	-	(5,421)
Net assets available for benefits per the Form 5500	$ 16,375,911	$ 18,758,819

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

	2018
Net decrease in net assets per the financial statements	$ (2,310,261)
Add: corrective distributions	(72,647)
Net decrease in net assets per Schedule H of Form 5500	$ (2,382,908)

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and the guaranteed investment account which are managed by Prudential Insurance Company of America (Prudential). Prudential is the Plan's third-party administrator and custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments were units of money market accounts and mutual funds that were managed by LT Trust Company. LT Trust Company was the Plan's custodian and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 4, 2019, the date that the financial statements were available to be issued. No events were noted that would require adjustment to, or disclosure in, the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
K & N Engineering, Inc. 401(k) Plan
Riverside, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of K & N Engineering, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by LT Trust Company and The Prudential Insurance Company of America (Prudential), the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Prudential held the Plan's investment assets and executed investment transactions from September 11, 2018 through December 31, 2018 and that LT Trust Company held the Plan's investment assets and executed investment transactions as of January 1, 2018 through September 10, 2018. The Plan administrator has obtained certifications from the custodians on behalf of the trustee, as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by LT Trust Company, the Custodian of the Plan. Their report, dated October 5, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the K & N Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution retirement plan for the eligible employees of K&N Engineering, Inc. (the "Company"). The Plan has an effective date of November 1, 1997 and was restated on September 1, 2018. The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performances. Effective September 11, 2018, employees are eligible to participate having completed at least 30 days of service and are age 18 or older. Prior to September 11, 2018, employees were eligible to participate having completed 60 months of service and attained age 20. Eligible participants may enter the Plan on the first day they become eligible. Effective September 11, 2018, the Plan adopted an automatic enrollment feature with a 4 percent pretax deferral. Each year the deferral percentage increases by 1% up to 99% unless the participant files a contrary election form. If no investment fund election is made by the participant, the automatic contributions will be invested into the appropriate Vangaurd Target Retirement date fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution of 100% of a participant's deferrals up to 4% of the employee's compensation. The matching contribution is funded each pay period. Total employer matching contributions for the year ended December 31, 2018 were $669,670.

The Company may also make a discretionary nonelective contribution. The nonelective contribution is allocated based on the percentage of the participant's compensation to the total compensation of all eligible participants. The nonelective contribution is funded annually. There were no qualified-nonelective contributions for the year ended December 31, 2018.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and employer's contributions and an allocation of the Plan's earnings and losses including administrative fees paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN, Continued

VESTING

Participants are immediately vested in their contributions and any employer qualified-nonelective contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after 6 years of credited service, or if they were an employee upon retirement, disability, death, or termination of the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid through after-tax payroll deductions.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. As of September 11, 2018, these investment options are comprised of pooled separate accounts and a guaranteed investment account. Prior to September 11, 2018, investment options were comprised of mutual funds and a money market account. An investment balance reallocation may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, or in installments. Under certain circumstances, participants may make a financial hardship withdrawal.

If the participant's vested account balance does not exceed $5,000, the distribution will automatically be paid in a single lump-sum payment.

FORFEITED ACCOUNTS

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death or permanent disability. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. As of December 31, 2018 and 2017, the forfeited, nonvested account total was $132,875 and $46,331, respectively.

ADMINISTRATIVE EXPENSES

The trustees have elected to have the Company pay for the audit fees of the Plan. For the year ended December 31, 2018, expenses paid by the Company were approximately $8,000.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient and removes certain disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and is to be applied retrospectively. The Trustees adopted ASU 2015-07 for the year ended December 31, 2018. As a result of applying ASU 2015-07, the pooled separate accounts using NAV as a practical expedient are excluded from the fair value hierarchy at December 31, 2018 and 2017.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2018.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

POOLED SEPARATE ACCOUNTS

As of December 31, 2018, the pooled separate accounts are amounts allocated to variable investment accounts within The Prudential Insurance Company of America (Prudential) separate account which is credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by Prudential and the daily equivalent of any fee charged by Prudential pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by Prudential exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder. The Plan's pooled separate accounts are valued using the net asset value as a practical expedient, which is the price at which participants are able to initiate transactions. These funds have no redemption restrictions or unfunded commitments.

The pooled separate accounts are valued daily based on quoted net asset values of the units held by the Plan.

GUARANTEED INVESTMENT ACCOUNT

As of December 31, 2018, the Plan's fully benefit-responsive guaranteed investment account (Prudential Stable Value Account) is backed by Prudential's general account assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract can be subject to a market value adjustment upon contract termination. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is equal to the principal balance plus accrued interest. At December 31, 2018, the investment in the Prudential Stable Value Account is $463,774 and is included in the statements of net assets available for benefits under "Investment at contract value."

Interest rates are established and declared for new contributions that will be received in a calendar year. The rate is based on the return Prudential expects on new investments made and held within the Prudential general account, and will always equal or exceed the contractually guaranteed rate.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value with Prudential. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan's sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, are probable.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable for contributions to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in benefit payments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Effective September 11, 2018, the Plan assets were transferred to a new custodian. As of December 31, 2018, the Plan's investments were held by Prudential Insurance Company of America (Prudential). As of December 31, 2017, and for the period of January 1, 2018 through September 10, 2018, the Plan's investments were held by LT Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN, Continued

Investments:	2018	2017

Interest and dividend income	473,028
Net investment loss	$ (907,810)
Other income:	
Interest on notes receivable from participants	$ 39,820

During 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $1,380,838.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017:

Mutual Funds
Mutual funds are valued based on quoted net asset values of the shares held by the Plan at year end. The funds must publish their daily net asset value and transact at that price. The mutual funds provide for daily redemption by the Plan and participants. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017.

Description	Level 1	Level 2	Level 3	Total December 31, 2017
Mutual funds	$ 17,846,406	$ -	$ -	$ 17,846,406

NOTE 5: EXCESS CONTRIBUTIONS PAYABLE

For the year ended December 31, 2018, distribution payments of $60,051 were due to certain participants for refund of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 6: INCOME TAX STATUS

Effective September 11, 2018, the Plan adopted a Prototype Non-standardized Profit Sharing Plan, in which the Internal Revenue Service has determined by a letter dated April 29, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

Prior to September 11, 2018, the Plan had adopted a Volume Submitter Profit Sharing Plan with CODA, in which the Internal Revenue Service determined by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan was exempt from federal income taxes under Section 501(a) of the Code.

NOTE 6: INCOME TAX STATUS, Continued

The plan was amended for the Pension Protection Act (PPA). The Plan adopted IRS-pre-approved documents on those dates, which did not require a formal letter of determination. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Tax years open for examination include calendar years ended 2015 through 2018. There have been no notifications of audit received by Plan Administration or Trustees. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 16,375,911	$ 18,686,172
Add: excess contributions payable	-	78,068
Less: benefit claims payable per the Form 5500	-	(5,421)
Net assets available for benefits per the Form 5500	$ 16,375,911	$ 18,758,819

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

	2018
Net decrease in net assets per the financial statements	$ (2,310,261)
Add: corrective distributions	(72,647)
Net decrease in net assets per Schedule H of Form 5500	$ (2,382,908)

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts and the guaranteed investment account which are managed by Prudential Insurance Company of America (Prudential). Prudential is the Plan's third-party administrator and custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments were units of money market accounts and mutual funds that were managed by LT Trust Company. LT Trust Company was the Plan's custodian and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 4, 2019, the date that the financial statements were available to be issued. No events were noted that would require adjustment to, or disclosure in, the financial statements.
