Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

We were engaged to audit the accompanying financial statements of the Constantia Flexibles America Company 401(k) Plan (the “Plan”), which comprise the statements of net assets available for plan benefits as of December 31, 2018, and the related statements of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the Plan’s investment information, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan’s investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Plan Advisory Committee
Constantia Flexibles America Company 401(k) Plan

Other Matter – Supplemental Schedule

The supplemental schedule, as listed in the accompanying table of contents, as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 and for the year then ended, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 15, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2018 and 2017

1. Description of Plan

The following description of the Constantia Flexibles America Company 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits to full-time employees of Constantia Blythewood, LLC, Constantia Colmar, LLC, Constantia Flexibles Sales, LLC, Constantia Flexibles America Company, and Constantia Spear, LLC (collectively the “Company”) who meet the eligibility requirements of the Plan as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective October 31, 2017, Constantia Spear, LLC was sold to Multi-Color Corporation resulting in a partial plan termination. This affected approximately 60% of participants, some of whom took distributions from the Plan in 2017 with remaining distributions taken in 2018. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken.

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pretax compensation to the 401(k) portion of their account and any percentage greater than or equal to 1% of their after-tax compensation to the ROTH 401(k) portion of their account within the Plan, subject to contribution limitations specified by applicable laws and regulations. Participants may also contribute amounts representing distributions from other qualified employee benefit plans and individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three (3%) percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company is required, in accordance with the Plan’s documents, to make safe harbor matching contributions equal to the sum of 100% of the amount of each participant’s elective deferrals that do not exceed 3% of each participant’s pretax compensation, and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may also make either discretionary matching contributions determined as a percentage of participant salary deferrals, or discretionary profit-sharing contributions, which are contributed to eligible participants using an integration allocation method. The amounts of these contributions, if any, are determined by the Company’s board of directors. There were no discretionary profit-sharing contributions for the years ended December 31, 2018 and 2017.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, the appropriate amount of employer matching contributions, if any, an allocation of the Company's discretionary contributions, if any, and an allocation of Plan's earnings or losses. Participants' accounts are charged with an allocation of administrative expenses incurred by the Plan. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility

The Company's employees, who are age eighteen or older, are eligible to participate in the Plan upon completion of 2 months of service with the Company. If an employee meets this requirement, they may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company profit sharing contribution portion of their accounts is based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

Investment Options

The Plan allows individual participants, upon enrollment, to self-direct their accounts by investing in one or more of the mutual funds and a common/collective trust fund selected by the Plan administrator. Participants should refer to investment provider information for a detailed description of the Plan's investment options.

1. Description of Plan (continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are required to be repaid over a reasonable period of time not to exceed the earlier of five years or retirement age, unless for the purpose of purchasing a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at a nondiscriminatory rate established by the Plan administrator at the time of the loan. All loans outstanding at December 31, 2018 bear interest at rates ranging from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions. A participant may have no more than one note due to the Plan at any time. Delinquent notes receivable are reclassified as participant distributions based on the terms of the Plan document.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, participants, or their beneficiaries, may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Hardship distributions are permitted upon demonstration of financial hardship. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, there were no forfeited non-vested accounts.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2018 and 2017

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Administrative Expenses

The Plan paid approximately \$31,000 for recordkeeping and certain professional fees during both 2018 and 2017. The Company pays for certain other professional fees. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA.

3. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. All of the Plan's mutual fund investments were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan.

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2018 and 2017

3. Fair Value Measurements (continued)

The Plan's investments include the Wells Fargo Stable Value Fund M, a common/collective trust that invests in a variety of fully benefit-responsive investment contracts. This collective trust is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the account provider reserves the right to temporarily delay withdrawal from the accounts in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in different fair value at the reporting date.

Gains and losses (realized and unrealized) included in the changes in net assets available for plan benefits are reported in the net appreciation (depreciation) in fair value of investments.

4. Filing Status

The Company has adopted the Plan based on a volume-submitter plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company has received an opinion letter from the IRS dated March 31, 2014 that states that the form of the volume-submitter plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the IRS opinion letter on the volume-submitter plan. The Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2018 and 2017. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Subsequent Events

The Plan evaluated events and transactions after December 31, 2018 through October 4, 2019, the date the financial statements were available to be issued, for subsequent events and determined that there were no events to report during that period.

Constantia Flexibles America Company 401(k) Plan
Notes to Financial Statements
December 31, 2018 and 2017

1. Description of Plan

The following description of the Constantia Flexibles America Company 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits to full-time employees of Constantia Blythewood, LLC, Constantia Colmar, LLC, Constantia Flexibles Sales, LLC, Constantia Flexibles America Company, and Constantia Spear, LLC (collectively the “Company”) who meet the eligibility requirements of the Plan as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective October 31, 2017, Constantia Spear, LLC was sold to Multi-Color Corporation resulting in a partial plan termination. This affected approximately 60% of participants, some of whom took distributions from the Plan in 2017 with remaining distributions taken in 2018. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken.

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pretax compensation to the 401(k) portion of their account and any percentage greater than or equal to 1% of their after-tax compensation to the ROTH 401(k) portion of their account within the Plan, subject to contribution limitations specified by applicable laws and regulations. Participants may also contribute amounts representing distributions from other qualified employee benefit plans and individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three (3%) percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company is required, in accordance with the Plan’s documents, to make safe harbor matching contributions equal to the sum of 100% of the amount of each participant’s elective deferrals that do not exceed 3% of each participant’s pretax compensation, and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may also make either discretionary matching contributions determined as a percentage of participant salary deferrals, or discretionary profit-sharing contributions, which are contributed to eligible participants using an integration allocation method. The amounts of these contributions, if any, are determined by the Company’s board of directors. There were no discretionary profit-sharing contributions for the years ended December 31, 2018 and 2017.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, the appropriate amount of employer matching contributions, if any, an allocation of the Company's discretionary contributions, if any, and an allocation of Plan's earnings or losses. Participants' accounts are charged with an allocation of administrative expenses incurred by the Plan. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility

The Company's employees, who are age eighteen or older, are eligible to participate in the Plan upon completion of 2 months of service with the Company. If an employee meets this requirement, they may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company profit sharing contribution portion of their accounts is based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	25%
2	50%
3	75%
4	100%

Investment Options

The Plan allows individual participants, upon enrollment, to self-direct their accounts by investing in one or more of the mutual funds and a common/collective trust fund selected by the Plan administrator. Participants should refer to investment provider information for a detailed description of the Plan's investment options.

1. Description of Plan (continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are required to be repaid over a reasonable period of time not to exceed the earlier of five years or retirement age, unless for the purpose of purchasing a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at a nondiscriminatory rate established by the Plan administrator at the time of the loan. All loans outstanding at December 31, 2018 bear interest at rates ranging from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions. A participant may have no more than one note due to the Plan at any time. Delinquent notes receivable are reclassified as participant distributions based on the terms of the Plan document.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, participants, or their beneficiaries, may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Hardship distributions are permitted upon demonstration of financial hardship. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, there were no forfeited non-vested accounts.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Administrative Expenses

The Plan paid approximately \$31,000 for recordkeeping and certain professional fees during both 2018 and 2017. The Company pays for certain other professional fees. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA.

3. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. All of the Plan's mutual fund investments were valued using Level 1 inputs, based on quoted net asset values of the shares held by the Plan.

3. Fair Value Measurements (continued)

The Plan's investments include the Wells Fargo Stable Value Fund M, a common/collective trust that invests in a variety of fully benefit-responsive investment contracts. This collective trust is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the account provider reserves the right to temporarily delay withdrawal from the accounts in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in different fair value at the reporting date.

Gains and losses (realized and unrealized) included in the changes in net assets available for plan benefits are reported in the net appreciation (depreciation) in fair value of investments.

4. Filing Status

The Company has adopted the Plan based on a volume-submitter plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company has received an opinion letter from the IRS dated March 31, 2014 that states that the form of the volume-submitter plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the IRS opinion letter on the volume-submitter plan. The Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2018 and 2017. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Subsequent Events

The Plan evaluated events and transactions after December 31, 2018 through October 4, 2019, the date the financial statements were available to be issued, for subsequent events and determined that there were no events to report during that period.
