Report of Independent Auditors

Board of Directors
The National Association of Manufacturers
Washington, D.C.

We have audited the accompanying financial statements of National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the National Association of Manufacturers' 401(k) Salary Deferral Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements

Years ended December 31, 2018 and 2017

A. Description of the Plan

The National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan) was established in January 1985 in order to provide additional savings incentive and retirement security for eligible employees of the National Association of Manufacturers (NAM), the Plan administrator or Plan sponsor. The Plan is a defined contribution plan covering all eligible full-time employees of NAM. Employees may begin to contribute to the Plan the first day of the month following their respective hire date, which is defined as their entry date. Employer contributions are not available until six months after the employee is eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants are allowed to contribute up to 25% of their annual compensation into the Plan subject to the annual limitations imposed by the Internal Revenue Code (the Code). Employees are eligible to begin elective deferrals, ranging from 1% to 25% the first day of the month following date of hire. The first day of the month following six months from the employee entry date, NAM will begin making matching contributions to elective deferrals. Employer matching contributions are 100% of the first 3% of compensation contributed by the employee, and 50% of the next 2% contributed. Additional amounts may be contributed at the option of NAM's management.

All regular full-time and regular part-time employees hired after December 31, 2006 are considered special participants in the Plan. Effective the first day of the month after six months of employment, a 4% non-elective 401(k) employer contribution will be deposited each payday in these employees' accounts. Effective January 1, 2015, all plan participants hired before December 31, 2006 became eligible for the 4% non-elective 401(k) employer contribution.

Effective January 1, 2015, as a result of a Plan amendment, eligible participants who were accruing benefits in the Plan as of December 31, 2014 are provided an additional non-elective contribution. The additional contribution is calculated as a fixed percentage of the eligible participant's compensation for the Plan year based on the eligible participant's age and service points as of January 1, 2015. The additional non-elective contributions will be made for 5 plan years beginning January 1, 2015 and ending December 31, 2019.

The Plan provides for immediate vesting of contributions and investment income. Termination of employment, death, retirement, permanent or total disability, or extreme hardship may result in lump sum distributions of participant balances.

Notes to Financial Statements (Continued)

A. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from (to) the investment funds to (from) the loan fund. Loan repayments cannot exceed five years from the date of the loan for a general purpose loan or ten years from the date of the loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. There are \$130,213 and \$229,713 of loans outstanding as of December 31, 2018 and 2017, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a Qualified Pre-Retirement Survivor Annuity. A participant who terminates employment for any reason other than death, disability or retirement shall be entitled to receive their vested account in a lump-sum amount.

Investment Options

Participants may elect to direct their contributions to the Guaranteed Income Fund, and various mutual funds offered by the Plan.

The Guaranteed Income Fund is an investment contract designed to provide money market-like liquidity and preservation of principal. Principal and interest is fully guaranteed by the issuer.

Mutual funds are composed primarily of funds that invest in bonds and domestic and international equities.

The Plan provides that participants may change their investment fund selection at any time.

B. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The Plan's financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

B. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has performed an evaluation of subsequent events through July 24, 2019, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Investment Valuation and Income Recognition

Investments in the Guaranteed Income Fund are fully benefit responsive (see Note D) and are stated at contract value in accordance with GAAP. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

As described further in Note C, the Plan's investments held in mutual funds are stated at fair value. Net realized gains and losses on security sales are determined using the average historical cost of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

NAM has processes and controls in place within the finance department to ensure that fair value is reasonably estimated. NAM is the plan administrator and sets the valuation processes for Plan assets with oversight from management. Additionally, the Investment Committee of NAM reviews the investments on a quarterly basis with a third party investment advisor and Prudential. Valuation processes are reviewed on an ongoing basis and are revised as needed based on changes in market conditions.

Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the administrative expenses of the Plan are paid by NAM.

C. Investments and Fair Value Measurement

The Plan's estimates of fair value for financial assets and financial liabilities are based on the framework established in the Fair Value Measurement accounting guidance. The framework is based on the inputs used in valuation and requires that observable inputs be used in the valuations when available. The fair value accounting guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Plan's significant market assumptions.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

C. Investment and Fair Value Measurement (Continued)

The three levels of the hierarchy are as follows:

Level 1 Fair Value Measurement

Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets that the Plan has the ability to access. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurement

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability for substantially the entire period and market-corroborated inputs.

Level 3 Fair Value Measurement

Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2018:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	<u>\$ 22,050,940</u>	<u>\$ 22,050,940</u>
Total	<u>\$ 22,050,940</u>	<u>\$ 22,050,940</u>

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2017:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	<u>\$ 25,019,344</u>	<u>\$ 25,019,344</u>
Total	<u>\$ 25,019,344</u>	<u>\$ 25,019,344</u>

The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer. There were no transfers between levels during the years ended December 31, 2018 and 2017.

Notes to Financial Statements (Continued)

D. Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive contract issued by Prudential Retirement Insurance and Annuity Company (Prudential). The contract is affected directly between the Plan sponsor and Prudential. Prudential maintains the contributions in a general account. The contract is included in the financial statements at contract value as reported to the Plan by Prudential.

Under the Prudential contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Prudential is compensated under this contract when the general account investment returns exceed the guaranteed credit rate stipulated in the contract.

In the event of discontinuance of the contract, the contract value would be paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are no events that allow the issuer to terminate the contract or which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

The Plan administrator has not established reserves against the contract value for credit risk of the contract issuer or otherwise.

E. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts will be distributed as soon as possible.

F. Related-Party Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Prudential. Prudential is the insurance company and recordkeeper of the Plan and; therefore, these transactions with Prudential qualify as party in interest transactions. Prudential Bank & Trust, FSB is the trustee of all non-Prudential Retirement investments and outstanding participant loans. Participant loans also represent transactions with parties-in-interest. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan pays certain recordkeeping fees and the Plan sponsor pays directly any other fees related to the Plan's operations. Additionally, personnel and facilities of NAM have been used to perform administrative functions for the Plan at no charge to the Plan.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

G. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 25, 2017, stating that the Plan, as amended and restated effective December 18, 2015, is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, it is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and to be tax exempt as of December 31, 2018. Therefore, no provision for income taxes is included in the Plan's financial statements.

H. Concentrations

The Plan's investments held in Prudential funds represent 36% and 34% of the Plan's total assets as of December 31, 2018 and 2017, respectively.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Report of Independent Auditors

Board of Directors
The National Association of Manufacturers
Washington, D.C.

We have audited the accompanying financial statements of National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the National Association of Manufacturers' 401(k) Salary Deferral Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements

Years ended December 31, 2018 and 2017

A. Description of the Plan

The National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan) was established in January 1985 in order to provide additional savings incentive and retirement security for eligible employees of the National Association of Manufacturers (NAM), the Plan administrator or Plan sponsor. The Plan is a defined contribution plan covering all eligible full-time employees of NAM. Employees may begin to contribute to the Plan the first day of the month following their respective hire date, which is defined as their entry date. Employer contributions are not available until six months after the employee is eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants are allowed to contribute up to 25% of their annual compensation into the Plan subject to the annual limitations imposed by the Internal Revenue Code (the Code). Employees are eligible to begin elective deferrals, ranging from 1% to 25% the first day of the month following date of hire. The first day of the month following six months from the employee entry date, NAM will begin making matching contributions to elective deferrals. Employer matching contributions are 100% of the first 3% of compensation contributed by the employee, and 50% of the next 2% contributed. Additional amounts may be contributed at the option of NAM's management.

All regular full-time and regular part-time employees hired after December 31, 2006 are considered special participants in the Plan. Effective the first day of the month after six months of employment, a 4% non-elective 401(k) employer contribution will be deposited each payday in these employees' accounts. Effective January 1, 2015, all plan participants hired before December 31, 2006 became eligible for the 4% non-elective 401(k) employer contribution.

Effective January 1, 2015, as a result of a Plan amendment, eligible participants who were accruing benefits in the Plan as of December 31, 2014 are provided an additional non-elective contribution. The additional contribution is calculated as a fixed percentage of the eligible participant's compensation for the Plan year based on the eligible participant's age and service points as of January 1, 2015. The additional non-elective contributions will be made for 5 plan years beginning January 1, 2015 and ending December 31, 2019.

The Plan provides for immediate vesting of contributions and investment income. Termination of employment, death, retirement, permanent or total disability, or extreme hardship may result in lump sum distributions of participant balances.

A. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from (to) the investment funds to (from) the loan fund. Loan repayments cannot exceed five years from the date of the loan for a general purpose loan or ten years from the date of the loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. There are \$130,213 and \$229,713 of loans outstanding as of December 31, 2018 and 2017, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a Qualified Pre-Retirement Survivor Annuity. A participant who terminates employment for any reason other than death, disability or retirement shall be entitled to receive their vested account in a lump-sum amount.

Investment Options

Participants may elect to direct their contributions to the Guaranteed Income Fund, and various mutual funds offered by the Plan.

The Guaranteed Income Fund is an investment contract designed to provide money market-like liquidity and preservation of principal. Principal and interest is fully guaranteed by the issuer.

Mutual funds are composed primarily of funds that invest in bonds and domestic and international equities.

The Plan provides that participants may change their investment fund selection at any time.

B. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The Plan's financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

B. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has performed an evaluation of subsequent events through July 24, 2019, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Investment Valuation and Income Recognition

Investments in the Guaranteed Income Fund are fully benefit responsive (see Note D) and are stated at contract value in accordance with GAAP. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

As described further in Note C, the Plan's investments held in mutual funds are stated at fair value. Net realized gains and losses on security sales are determined using the average historical cost of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

NAM has processes and controls in place within the finance department to ensure that fair value is reasonably estimated. NAM is the plan administrator and sets the valuation processes for Plan assets with oversight from management. Additionally, the Investment Committee of NAM reviews the investments on a quarterly basis with a third party investment advisor and Prudential. Valuation processes are reviewed on an ongoing basis and are revised as needed based on changes in market conditions.

Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the administrative expenses of the Plan are paid by NAM.

C. Investments and Fair Value Measurement

The Plan's estimates of fair value for financial assets and financial liabilities are based on the framework established in the Fair Value Measurement accounting guidance. The framework is based on the inputs used in valuation and requires that observable inputs be used in the valuations when available. The fair value accounting guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Plan's significant market assumptions.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

C. Investment and Fair Value Measurement (Continued)

The three levels of the hierarchy are as follows:

Level 1 Fair Value Measurement

Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets that the Plan has the ability to access. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurement

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability for substantially the entire period and market-corroborated inputs.

Level 3 Fair Value Measurement

Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2018:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 22,050,940	\$ 22,050,940
Total	<u>\$ 22,050,940</u>	<u>\$ 22,050,940</u>

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2017:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 25,019,344	\$ 25,019,344
Total	<u>\$ 25,019,344</u>	<u>\$ 25,019,344</u>

The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer. There were no transfers between levels during the years ended December 31, 2018 and 2017.

Notes to Financial Statements (Continued)

D. Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive contract issued by Prudential Retirement Insurance and Annuity Company (Prudential). The contract is affected directly between the Plan sponsor and Prudential. Prudential maintains the contributions in a general account. The contract is included in the financial statements at contract value as reported to the Plan by Prudential.

Under the Prudential contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Prudential is compensated under this contract when the general account investment returns exceed the guaranteed credit rate stipulated in the contract.

In the event of discontinuance of the contract, the contract value would be paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are no events that allow the issuer to terminate the contract or which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

The Plan administrator has not established reserves against the contract value for credit risk of the contract issuer or otherwise.

E. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts will be distributed as soon as possible.

F. Related-Party Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Prudential. Prudential is the insurance company and recordkeeper of the Plan and; therefore, these transactions with Prudential qualify as party in interest transactions. Prudential Bank & Trust, FSB is the trustee of all non-Prudential Retirement investments and outstanding participant loans. Participant loans also represent transactions with parties-in-interest. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan pays certain recordkeeping fees and the Plan sponsor pays directly any other fees related to the Plan's operations. Additionally, personnel and facilities of NAM have been used to perform administrative functions for the Plan at no charge to the Plan.

Notes to Financial Statements (Continued)

G. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 25, 2017, stating that the Plan, as amended and restated effective December 18, 2015, is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, it is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and to be tax exempt as of December 31, 2018. Therefore, no provision for income taxes is included in the Plan's financial statements.

H. Concentrations

The Plan's investments held in Prudential funds represent 36% and 34% of the Plan's total assets as of December 31, 2018 and 2017, respectively.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Report of Independent Auditors

Board of Directors
The National Association of Manufacturers
Washington, D.C.

We have audited the accompanying financial statements of National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the National Association of Manufacturers' 401(k) Salary Deferral Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements

Years ended December 31, 2018 and 2017

A. Description of the Plan

The National Association of Manufacturers' 401(k) Salary Deferral Plan (the Plan) was established in January 1985 in order to provide additional savings incentive and retirement security for eligible employees of the National Association of Manufacturers (NAM), the Plan administrator or Plan sponsor. The Plan is a defined contribution plan covering all eligible full-time employees of NAM. Employees may begin to contribute to the Plan the first day of the month following their respective hire date, which is defined as their entry date. Employer contributions are not available until six months after the employee is eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants are allowed to contribute up to 25% of their annual compensation into the Plan subject to the annual limitations imposed by the Internal Revenue Code (the Code). Employees are eligible to begin elective deferrals, ranging from 1% to 25% the first day of the month following date of hire. The first day of the month following six months from the employee entry date, NAM will begin making matching contributions to elective deferrals. Employer matching contributions are 100% of the first 3% of compensation contributed by the employee, and 50% of the next 2% contributed. Additional amounts may be contributed at the option of NAM's management.

All regular full-time and regular part-time employees hired after December 31, 2006 are considered special participants in the Plan. Effective the first day of the month after six months of employment, a 4% non-elective 401(k) employer contribution will be deposited each payday in these employees' accounts. Effective January 1, 2015, all plan participants hired before December 31, 2006 became eligible for the 4% non-elective 401(k) employer contribution.

Effective January 1, 2015, as a result of a Plan amendment, eligible participants who were accruing benefits in the Plan as of December 31, 2014 are provided an additional non-elective contribution. The additional contribution is calculated as a fixed percentage of the eligible participant's compensation for the Plan year based on the eligible participant's age and service points as of January 1, 2015. The additional non-elective contributions will be made for 5 plan years beginning January 1, 2015 and ending December 31, 2019.

The Plan provides for immediate vesting of contributions and investment income. Termination of employment, death, retirement, permanent or total disability, or extreme hardship may result in lump sum distributions of participant balances.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

A. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from (to) the investment funds to (from) the loan fund. Loan repayments cannot exceed five years from the date of the loan for a general purpose loan or ten years from the date of the loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. There are \$130,213 and \$229,713 of loans outstanding as of December 31, 2018 and 2017, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a Qualified Pre-Retirement Survivor Annuity. A participant who terminates employment for any reason other than death, disability or retirement shall be entitled to receive their vested account in a lump-sum amount.

Investment Options

Participants may elect to direct their contributions to the Guaranteed Income Fund, and various mutual funds offered by the Plan.

The Guaranteed Income Fund is an investment contract designed to provide money market-like liquidity and preservation of principal. Principal and interest is fully guaranteed by the issuer.

Mutual funds are composed primarily of funds that invest in bonds and domestic and international equities.

The Plan provides that participants may change their investment fund selection at any time.

B. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The Plan's financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

B. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has performed an evaluation of subsequent events through July 24, 2019, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and notes.

Investment Valuation and Income Recognition

Investments in the Guaranteed Income Fund are fully benefit responsive (see Note D) and are stated at contract value in accordance with GAAP. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

As described further in Note C, the Plan's investments held in mutual funds are stated at fair value. Net realized gains and losses on security sales are determined using the average historical cost of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

NAM has processes and controls in place within the finance department to ensure that fair value is reasonably estimated. NAM is the plan administrator and sets the valuation processes for Plan assets with oversight from management. Additionally, the Investment Committee of NAM reviews the investments on a quarterly basis with a third party investment advisor and Prudential. Valuation processes are reviewed on an ongoing basis and are revised as needed based on changes in market conditions.

Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the administrative expenses of the Plan are paid by NAM.

C. Investments and Fair Value Measurement

The Plan's estimates of fair value for financial assets and financial liabilities are based on the framework established in the Fair Value Measurement accounting guidance. The framework is based on the inputs used in valuation and requires that observable inputs be used in the valuations when available. The fair value accounting guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Plan's significant market assumptions.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

C. Investment and Fair Value Measurement (Continued)

The three levels of the hierarchy are as follows:

Level 1 Fair Value Measurement

Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets that the Plan has the ability to access. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurement

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability for substantially the entire period and market-corroborated inputs.

Level 3 Fair Value Measurement

Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2018:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	<u>\$ 22,050,940</u>	<u>\$ 22,050,940</u>
Total	<u>\$ 22,050,940</u>	<u>\$ 22,050,940</u>

The following is a summary of the Plan's investments classified within the fair value hierarchy as of December 31, 2017:

<u>Class of Security</u>	<u>Level 1</u>	<u>Total</u>
Mutual Funds	<u>\$ 25,019,344</u>	<u>\$ 25,019,344</u>
Total	<u>\$ 25,019,344</u>	<u>\$ 25,019,344</u>

The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer. There were no transfers between levels during the years ended December 31, 2018 and 2017.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

D. Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive contract issued by Prudential Retirement Insurance and Annuity Company (Prudential). The contract is affected directly between the Plan sponsor and Prudential. Prudential maintains the contributions in a general account. The contract is included in the financial statements at contract value as reported to the Plan by Prudential.

Under the Prudential contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Prudential is compensated under this contract when the general account investment returns exceed the guaranteed credit rate stipulated in the contract.

In the event of discontinuance of the contract, the contract value would be paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are no events that allow the issuer to terminate the contract or which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

The Plan administrator has not established reserves against the contract value for credit risk of the contract issuer or otherwise.

E. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' accounts will be distributed as soon as possible.

F. Related-Party Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Prudential. Prudential is the insurance company and recordkeeper of the Plan and; therefore, these transactions with Prudential qualify as party in interest transactions. Prudential Bank & Trust, FSB is the trustee of all non-Prudential Retirement investments and outstanding participant loans. Participant loans also represent transactions with parties-in-interest. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan pays certain recordkeeping fees and the Plan sponsor pays directly any other fees related to the Plan's operations. Additionally, personnel and facilities of NAM have been used to perform administrative functions for the Plan at no charge to the Plan.

National Association of Manufacturers' 401(k) Salary Deferral Plan

Notes to Financial Statements (Continued)

G. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 25, 2017, stating that the Plan, as amended and restated effective December 18, 2015, is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, it is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and to be tax exempt as of December 31, 2018. Therefore, no provision for income taxes is included in the Plan's financial statements.

H. Concentrations

The Plan's investments held in Prudential funds represent 36% and 34% of the Plan's total assets as of December 31, 2018 and 2017, respectively.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.
