Note 1 – Description of Plan

Plan Description

A-1 Roof Trusses 401(k) Plan (the "Plan") was established on January 1, 2016, to allow eligible employees of A-1 Roof Trusses Ltd., Company, (the "Employer", or the "Plan Sponsor") to defer a portion of their compensation to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following is a brief description of the Plan and is provided for general information. Participants should refer to the Plan document, which is available from the Plan Sponsor, for a more complete description of the Plan's provisions.

Plan Administration

The Plan is administered by the Plan Sponsor. The Pension Studio is the record keeper of the Plan ("Pension Studio" or the "Recordkeeper"), and John Hancock Life Insurance Company, U.S.A., ("John Hancock" or the "Custodian") is the Custodian.

Eligibility

Employees are eligible to make salary deferrals to the Plan following completion of the eligibility requirements, on the first date coinciding with the first day of the 1st and 7th month of the Plan year. There is a minimum age requirement of 21 years to enroll in the Plan, and a minimum service requirement of one year with 1,000 hours of service. Upon enrollment into the Plan, a participant may direct contributions to mutual funds managed by John Hancock. Participants have online access to their accounts and may change their investment options at any time.

Contributions

Each year a participant may defer up to 100% of pre-tax or Roth compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC") ($18,500 for 2018). Participants who have attained age 50 or over before the end of the plan year are eligible to make catch-up contributions ($6,000 for 2018). A participant may change his or her deferral rate semi-annually, on the first day of the 1st and 7th months of the Plan year.

The Plan Sponsor will determine in its sole discretion how much, if any, it will make as an employer contribution. The discretionary match, if any, will be allocated to participants who are credited with at least 1,000 hours of service during the Plan Year and are employed with the Plan Sponsor on the last day of the Plan Year. There have been no discretionary employer contributions to the Plan since inception.

Rollovers

The Plan allows any employee to roll over amounts into the Plan from other qualified plans subject to the provisions of the Plan.

Note 1 – Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, if any, and the Plan's investment earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined by the Plan Document. Accounts are valued daily.

Vesting

The Plan uses a 6 year graded vesting schedule. Participants are immediately vested in their voluntary contributions and rollover contributions, plus earnings. Vesting in the Plan Sponsor's discretionary match portion of participant accounts plus actual earnings thereon is based on years of continuous service. A year of service is earned in each fiscal plan year in which an employee completes as least 1,000 hours of service. An employee will become 100% vested immediately upon death or disability.

Years of Service	Vesting Percentages
Less than 2	0%
2 or more	20%
3 or more	40%
4 or more	60%
5 or more	80%
6 or more	100%

Forfeitures

At December 31, 2018 and 2017, there were no forfeited non-vested accounts.

Distribution of Participant's Accounts (Payment of Benefits)

Upon meeting certain criteria specified in the Plan document, a participant may receive a lump sum distribution. A participant may receive required minimum distributions beginning at the later date of (1) attainment of age 70 ½ or (2) upon termination of employment. A participant may receive a hardship distribution based on IRC approved expenses, and does not include employer contributions or Roth deferrals. After receiving a hardship distribution, the participant may not contribute elective deferrals for at least six (6) months after receiving the hardship distribution. No in-service distributions are permitted prior to age 59 ½, except for hardship distributions and qualified reservist distributions. A participant may take an in-service distribution from his/her rollover account and after-tax employee contribution account at any time. Upon termination of employment due to death, disability or retirement, a participant or their beneficiary immediately becomes 100% vested in their account and may take a distribution as a lump sum payment within a reasonable period following termination. If a participant does not elect to receive a rollover or distribution upon termination, then the Plan allows for mandatory distributions of account balances less than $5,000. If the participant's account balance is less than $5,000 and the participant does not elect to receive or rollover the distribution, the distribution must be rolled over to an IRA account.

Note 1 – Description of Plan, continued

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of the participant's vested account balance. Roth deferral contributions will not be available for loans. There may only be one outstanding loan at a time per participant, and the interest rate must be the prime interest rate plus 2 percentage points, which was 7.25% and 6.50% at December 31, 2018 and 2017. Loans for the purchase of a Participant's primary residence may be payable over any reasonable period commensurate with the period permitted by commercial lenders for similar loans. There are no loans outstanding at December 31, 2018 and 2017.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP") in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Transaction fees charged for certain distributions from the Plan are charged directly to participant accounts and are presented as administrative expenses in the accompanying financial statements. All other operating expenses of the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements.

Date of Management's Review

Subsequent events were evaluated through September 17, 2019, which is the date the financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.105-5 and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, the Plan Administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, except for comparing such information certified by the Custodian to information in the Plan's accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017, the Schedule of Assets (Held at End of Year) at December 31, 2018, and the related investment activity reported in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2018.

Note 4 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measure at fair value; there have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds held in Pooled Separate Accounts: Valued at the net asset value as reported on the last business day of the Plan year.

Note 4 – Fair Value Measurements, continued

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	At December 31, 2018			
	Fair Value	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 336,743	$ 336,743	$ -	$ -

	At December 31, 2017			
	Fair Value	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 282,473	$ 282,473	$ -	$ -

Note 5 – Income Tax Status

The Plan is a volume submitter profit-sharing plan, sponsored by Pension Studio, designed in accordance with applicable sections of the IRC. Pension Studio received an opinion letter from the IRS, dated March 31, 2014, which states that the volume submitter profit-sharing plan satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and is operating in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 6 – Party-in-Interest Transactions

Pension Studio and John Hancock qualify as parties-in-interest and the investments and certain investment activity presented in the accompanying financial statements are considered transactions with parties-in-interest according to the Department of Labor guidelines, however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment and recordkeeping activities were $4,906 and $3,791 for the years ended December 31, 2018 and 2017, respectively.

Note 7 – Risks and Uncertainties

The Plan has investments that are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2018	2017
