1. Plan Description

The following description of the American Airlines Center 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan whereby eligible employees of Arena Operating Company, Inc. (the "Company" or "Employer") are permitted to make tax-deferred contributions. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Employees who have attained the age of 21, have completed one year of service, and have completed 1,000 hours of service are eligible to participate in the Plan. After one year of service, employees are eligible to receive the Company safe harbor contributions and after two years of service, employees are eligible for the Company's non-safe harbor profit sharing matching contribution. There were no non-safe harbor profit sharing contributions made to the Plan in 2018 and 2017.

Contributions

The Plan permits participants to defer a maximum of 100% of their annual pretax eligible compensation, not to exceed $18,500 ($24,500 for employees age 50 or older) in 2018 (as adjusted by the Secretary of Treasury annually), through payroll deductions. The Employer makes a matching contribution equal to 100% of employee contributions up to the first 1% of employee compensation and 50% of employee contribution above 1% up to 6% of employee compensation.

Employer Discretionary Contributions

The Company may make discretionary contributions in addition to matching contributions to the Plan each year as designed by the Board of Directors of the Company. Participants who are employed on the last day of the Plan year and worked 1,000 hours during the Plan year share in the employer discretionary contributions. The Employer made no discretionary contributions to the Plan in 2018.

Participant Accounts

Each participant account is credited with the participant's and the Employer's contributions and an allocation of net Plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers twenty-six different mutual funds and one stable value fund.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Participants are fully vested in Employer matching contributions after two years of service.

Payment of Benefits

Benefits may be paid in a lump-sum distribution. Participants may withdraw all or a portion of the vested account upon reaching age 65, disability, termination of employment, or death. Subject to Plan administrator approval, participants with immediate and heavy financial hardships may receive a partial or total distribution of their contributions or rollover contributions.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are applied to offset Plan expenses and Employer contributions, as such obligations are accrued. Investments as of December 31, 2018 and 2017, respectively, include $11,710 and $7,081 of forfeited funds available for future use. Forfeitures during the year ended December 31, 2018 were $4,629. During 2018, forfeitures were not used to offset Plan expenses or reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan is permitted at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or 10 years for loans used for the purchase of a primary residence.

Administrative Expenses

Audit fees and other miscellaneous fees are paid by the Employer. Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the reported amounts of net assets and changes in net assets in the accompanying financial statements and disclosures. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are presented at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date (the exit price). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and such contracts are to be recorded at contract value. The Plan invests in investment contracts through the Putnam Stable Value Fund, a collective trust (see Note 3 "Fair Value Measurements"). Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2018 as the loans are fully collateralized by the participants' accounts. Interest rates on participant notes receivable ranged from 4.25% to 6.25% at December 31, 2018.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Employer that have not been included in the Plan's investments at year end. Contributions receivable are recorded at cost, which approximates their fair value. As of December 31, 2018 and 2017, the Plan had no contribution receivables.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Recent Accounting Pronouncements

In September 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures. ASU 2018-13 removes the following disclosures: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers; the valuation process for Level 3 fair value measurements; and changes in the unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The ASU modifies the following disclosure requirements: transfers in and out of Level 3 and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse if timing has been communicated or announced publicly; and clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting

date. The additional disclosures required under ASU 2018-13 are applicable only for public entities. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Certain amendments of the ASU may be applied prospectively while others should be applied retrospectively to all periods presented upon the effective date. It is permissible to early adopt any removed or modified disclosures and delay adoption of the additional disclosures, if applicable, until the effective date. Plan management is currently evaluating the impact that the ASU will have on the Plan's financial statements.

In July 2018, the FASB issued ASU 2018-09, Codification Improvements, which among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. In addition, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Code ("ASC") 820, Fair Value Measurement. The standard is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. Management does not expect the adoption of ASU 2018-09 to have a material impact on the Plan's financial statements.

3. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted fair value as of December 31, 2018.

Stable Value Fund

As of December 31, 2018, the Plan holds an investment in the Putnam Stable Value Fund ("Stable Value"), which is a common/collective trust fund managed by Putnam Fiduciary Trust Company, as trustee of the fund. The investment objective of the Stable Value fund is to provide a competitive yield with minimal market-related risk. The Stable Value fund invests primarily in guaranteed investment contracts, or funding agreements, security-backed investment contracts, separate accounts issued or wrapped by insurance companies, banks or externally managed stable value commingled investment funds. The Stable Value fund may also invest in high-quality money market instruments or other similar short-term investments.

As described in Note 2, because the trust fund is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the guaranteed investment contract. This type of investment is considered a deposit liability with no defined maturities and is fairly valued at contract value. Since contract value is fair value according to FASB standards, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants. Contract value represents contributions made under the contract, plus income, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

No reserves exist against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events could include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

As of December 31, 2018 and 2017, there were no restrictions on redemption or unfunded commitments for any of the major classes of assets.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2018 and 2017. Assets are classified in their entirety based on the lower level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,973,594	$ -	$ -	$ 7,973,594
Total at fair value	7,973,594	-	-	7,973,594

	Investment Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,701,940	$ -	$ -	$ 7,701,940
Total at fair value	7,701,940	-	-	7,701,940

4. Investments and Information Certified by the Plan's Trustee (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017;
- Net investment depreciation and interest on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018:
- Investment information disclosed in Note 3; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

Party-in-interest are defined under the Department of Labor regulations as any fiduciary of the plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds managed by the trustee, therefore, these transactions qualify as party-in-interest. In addition, notes receivable from participants are also considered party-in-interest transactions.

6. Risks and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

7. Income Tax Status

On March 31, 2014, the Internal Revenue Service (the "IRS") issued a determination letter as to the qualified status of the Plan. The Plan is qualified under Section 401(a)(4)-1(b) of the Internal Revenue Code (the "Code" or "IRC") on the basis of a design based safe harbor described in the regulations. The financial statements are prepared with the assumption that the Plan has maintained its exemption under the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operating, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts, and the Plan assets, less expenses and liquidation costs, shall be distributed to the Plan participants.

9. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2019, the date the financial statements were available to be issued.

Effective January 1, 2019, the Plan was amended to include pre-tax Roth deferrals.
