Note 1 DESCRIPTION OF PLAN

The following description of the TTT West Coast, Inc. ("Company") 401(k) Retirement Savings Plan ("Plan") provides only general information. TTT West Coast, Inc. is the Plan sponsor. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees who have completed three months of eligible service, as defined in the Plan agreement. The Plan consists of 401(k) contributions from the employees. Provisions related to Plan contributions are described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan sponsor was a wholly owned subsidiary of Time Warner Inc. ("Time Warner"). On June 14, 2018, Time Warner merged into a direct, wholly owned subsidiary of AT&T Inc. Participant Eligibility – An individual is not eligible to participate in the Plan if they are a resident of Puerto Rico, covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, leased employees unless they are individually paid through Cast & Crew or BTL Payroll for services rendered to the Employer, or any individual who provides services as an independent contractor (with payments made from Cast & Crew or BTL Payroll, Inc. on behalf of a participating employer either directly to the individual or to their corporation on their behalf), even if the individual is subsequently deemed to be a common-law employee for any other purpose.

Any employee of the employer must have entered into a three (3) year contract as of the employee's employment commencement date (unless grandfathered in the plan prior to 1/1/07) to be considered an eligible employee. Entry date is the first day of the month following three months of service.

Contributions - 401(k) – Employee- Eligible employees may elect to contribute to the Plan an amount not less than one percent (1%) of their annual compensation up to sixty percent (60%) of their annual compensation. Employees' contributions are limited annually by the Internal Revenue Service (\$18,500 per individual plus a \$6,000 catch-up contribution for individuals who are at least 50 years of age by the end of 2018).

Contributions - 401(k) - Employer- The Company has elected not to include discretionary matching contributions in the Plan.

Rollover - Participants are allowed to transfer amounts from certain other tax qualified plans to the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution, rollover, plus any plan earnings.

Vesting - Participants are immediately vested in their 401(k) contributions plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the prior twelve month period, or 50% of their account balance. These loans are secured by the balance in the participant's account and bear interest at as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. quarterly basis with terms not to exceed five years. However, if the loan is used for the purchase of the participant's principal residence, the terms may not exceed ten years.

The Plan Administrator shall consider a note receivable in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which the note receivable is initially considered past due. In the event of a default, death, disability or termination of employment, the entire outstanding principal balance and accrued interest shall be immediately due and payable, with the participant deemed to have received a taxable distribution from the Plan.

Payment of Benefits - Upon termination of service due to death, disability, retirement, termination of employment, or financial hardship, a participant may elect to receive a lump-sum amount equal to the value of his/her account. Benefits are recorded when paid.

Plan Administrative Costs - All significant costs of administering the Plan are paid by the Company.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions to any of the available investment options.

Note 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan have been presented on the accrual basis of accounting.

Estimates – The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at the quoted market price on the last business day of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investments held by the Plan are stated at fair value. Notes receivable from participants are valued at their outstanding balances, which approximate fair value.

Plan Termination - Although it has not expressed any intent to do so, the Company reserves the right to terminate or modify the Plan at any time. In the event of termination of the Plan, the net assets of the Plan will be distributed to participants in accordance with the Plan's provisions and applicable law.

Tax Status - The Plan is an adoption of a prototype plan that was subject to a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, and the Plan Administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code ("IRC"). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the Plan Administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of

TTT WEST COAST, INC.
401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2015, or prior.

Recent Accounting Standards - In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update No. 2018-09 "Codification Improvements" ("ASU-2018-09"). ASU 2018-09 requires a plan to evaluate its investments to determine whether a readily determinable fair value exists or if investments qualify for the net asset value per share practical expedient and can be excluded from the fair value hierarchy disclosure. The new standard is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Plan is not early adopting this standard.

Notes Receivable from Participants - Notes are valued at their principal amounts, which approximates their fair value. These loans, which were made in accordance with provisions of the plan, earn interest at rates varying between 4.25% to 6.25% and 4.25% to 5.25% in 2018 and 2017, respectively, and are repayable in monthly installments with terms not to exceed five years, (unless the loan is for the purchase of principal residence, then the terms may not exceed ten years) or normal retirement age of the participant whichever comes first.

Subsequent events have been evaluated through September 26, 2019, the date that these financial statements were available to be issued, and determined there were no material subsequent events.

Note 4 INVESTMENTS

Investments are recorded by the Plan on a trade date basis at fair value. The following is a description of the valuation methodologies used for assets measured at fair value.

Commingled trust fund: Valued at the net asset value per unit at year end as reported to Fidelity. Investments in the underlying commingled trust fund can generally be redeemed daily at net asset value.

Mutual funds: Valued at the closing price of shares held by the Plan at year end.

Note 5 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

FASB ASC Number 820-10 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were used.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted market prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Total	\$ <u>25,636,682</u>	\$ <u>27,064,751</u>

Investments that are measured at fair value using the net asset value per share as a practical expedient have not been categorized in the fair value table above and are as follows:

	<u>December 31,</u>	
<u>Asset Category</u>	<u>2018</u>	<u>2017</u>
Commingled trust fund	\$ 806,100	\$ 800,400

For the years ended December 31, 2018 and 2017, there were no transfers between levels.

Note 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of a commingled trust fund and shares of mutual funds that are managed by Fidelity, the Trustee as defined by the Plan and, therefore, these are party-in-interest transactions, but these transactions are exempt by ERISA.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
