KIDS IN DISTRESS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Kids in Distress 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on July 1, 2012 as a defined contribution plan. Effective January 1, 2018, the Plan was restated and transferred out of the Axiom Multiple Employer 401(k) Savings Plan to the Kids in Distress 401(k) Retirement Plan, a safe harbor, single employer plan. Assets were transferred on March 13, 2018 to Great-West Life & Annuity Insurance Company (the Trustee).

The Plan is available to employees of the Kids in Distress, Inc. (the Employer or Plan Sponsor) who attain the age of 21 and twelve consecutive months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees of the Employer may enter the Plan on entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined in the Plan Document.

Contributions

Each year, participants may contribute any amount of pre-tax and after tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants are automatically enrolled at a 4% contribution rate unless they elect to enroll at a different rate or decline enrollment. Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the year ended December 31, 2018, individual participants' contributions were limited to \$18,500. Participants who are age 50 and older could contribute an additional \$6,000 for the year ended December 31, 2018.

The Employer will make an annual contribution up to 4% of the employee's compensation, based on a safe harbor calculation. In addition to the Employer's safe harbor matching contribution, the Employer may make an annual profit sharing contribution, as determined by the Board of Directors of the Employer. Additional discretionary matching contributions are allocated at the end of the calendar year to the participants employed at the end of the year and to participants who have retired, died or became disabled during the year. Such allocations are based on the proportion that each participant's basic compensation bears to the total basic compensation for all participants. During 2018, the Employer made no discretionary matching contributions.

The Employer's safe harbor matching contributions amounted to \$178,396 for the year ended December 31, 2018.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employer's matching contributions and discretionary contributions (if any) and (b) Plan earnings or losses. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan Document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Vesting of benefits

Participants are vested immediately in their contributions, the Employer's safe harbor contributions, plus actual earnings or losses thereon.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Forfeitures

Forfeitures are used to pay Plan expenses or reduce the Employer's matching contributions. There were no forfeitures utilized to pay Plan expenses or reduce the Employer's matching contributions for the year ended December 31, 2018.

Participant notes receivable

Plan participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at 1% over the prime rate (as defined), determined as of the date of the loan request, ranging from 4.25% - 6.25% as of December 31, 2018. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Participants with balances that do not exceed \$5,000 will receive their entire account balance as a lump sum. However, if the value of a separated participant's vested balance is greater than \$5,000, the participant elects how the Plan will process their vested balance either to be transferred to an individual qualified retirement account or disbursed as a lump sum or in installment payments. Participants are permitted withdrawals from their Plan accounts for financial hardships. Hardship withdrawals must be approved by the Plan Administrator.

Plan administration

The Employer is the Plan Sponsor and the administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan uses Great-West Life & Annuity Insurance Company (Great-West or the Trustee) for recordkeeping and custodian services. Great-West utilizes Great-West Trust Company, an affiliate of Great-West, to act as trustee. Participant and Employer contributions are held and managed by the Trustee who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

Through March 12, 2018, the Employer used The Lincoln National Life Insurance Company (Lincoln or the former Custodian) under a group variable annuity contract for recordkeeping and custodian services.

The Employer has contracted with Pinnacle Financial Services, Inc. to act as the Plan's third party administrator.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Administrative expenses for the year ended December 31, 2018 amounted to approximately \$25,500.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Trustee.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued interest, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions per the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentration of credit risk

The Trustee maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Trustee and former Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great West Trust Company, LLC (the Trustee) and The Lincoln National Life Insurance Company (the former Custodian) have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018;
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
---------	---

KIDS IN DISTRESS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed funds - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,008,063	\$ -	\$ 3,008,063
Guaranteed fund*	-	-	-	422,365
Investments, at fair value	<u>\$ -</u>	<u>\$ 3,008,063</u>	<u>\$ -</u>	<u>\$ 3,430,428</u>
Fair Value Measurements as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,138,390	\$ -	\$ 3,138,390
Guaranteed fund *	-	-	-	375,140
Investments, at fair value	<u>\$ -</u>	<u>\$ 3,138,390</u>	<u>\$ -</u>	<u>\$ 3,513,530</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Group Annuity Contracts with Insurance Companies

Guaranteed interest fund

In 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) totaling \$422,365 as of December 31, 2018. Great-West maintains the contributions in a general account. The Guaranteed Interest Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The Guaranteed Interest Fund contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Guaranteed accounts

Through March 12, 2018, the Plan had a group annuity contract which is considered a traditional fully benefit-responsive with The Lincoln National Life Insurance Company (Lincoln) totaling \$375,140 as of December 31, 2017. The investments were liquidated during 2018. Lincoln maintained the contributions in a general account. The guaranteed account is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by Lincoln. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market and interest rate conditions. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a six-month basis for resetting. The contract did not permit Lincoln to terminate the agreement prior to the scheduled maturity date.

Note 5 – Group Annuity Contracts with Insurance Companies, Continued

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of certain pooled separate accounts and a guaranteed fund administered by the Trustee. Through March 12, 2018, the Plan's investments included shares of pooled separate accounts and a guaranteed fund administered by the former Custodian. Therefore, transactions with the Trustee and former Custodian qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 8– Fidelity Bond

The Plan has complied with the fidelity bonding requirement of ERISA.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through October 7, 2019, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto
