Independent Auditors' Report

To the Participants and Plan Administrator of
West Virginia University Dental Corporation 403(b) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the West Virginia University Dental Corporation 403(b) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Teachers Insurance and Annuity Association - College Retirement Equities Fund, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2018 and 2017

1. Description of the Plan

The following description of the West Virginia University Dental Corporation 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-student dental physicians of West Virginia University Dental Corporation (the "Company") that work at least 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants are required to make mandatory employee pre-tax contributions in the amount of 6 percent of eligible compensation, as defined by the Plan and may elect to make additional pre-tax contributions, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

Participants that have attained age 18 are eligible to receive matching Company contributions equal to 100 percent of the first 6 percent of eligible compensation that participants contribute to the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) the Plan's earnings. Participants are charged with an allocation of administrative expenses (if any) that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum, partial, or annual installment payment amounts equal to the value of the participant's vested interest in their account. The amount, form, and timing of distributions available to a participant may also be limited by the investment options that comprise their vested account balance.

Notes Receivable from Participants

Participants are not permitted to borrow from their vested account balances under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting - Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 25, 2019, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The CREF separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The TIAA real estate fund is valued based on NAV per unit of participation in the fund and has no unfunded commitments. NAV is valued based on the fair value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. Transfers out of the TIAA real estate fund are limited to one per calendar quarter.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

The guaranteed annuity contracts consist of the TIAA Stable Value Fund and the TIAA Traditional Annuity Account ("TIAA Account"). The TIAA Stable Value Fund meets the fully benefit-responsive investment contract criteria as described in Note 4, and is therefore excluded from the fair value hierarchy table. The contracts within the TIAA Account do not meet the fully benefit-responsive investment contract criteria and are therefore presented at fair value in the hierarchy table. The fair value of the TIAA Account approximates contract value and is based on Teachers Insurance and Annuity Association - College Retirement Equities Fund's ("TIAA") ability to pay the guaranteed claims in accordance with the terms of the contract.

As of December 31, 2018, TIAA's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1, by Moody's Investors Service, and AA+ by Standard & Poor's. Management believes the credit ratings of TIAA as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Account's historical crediting rates.

The TIAA Account has redemption restrictions based on the terms of the underlying contract selected by the participant, and is an unfunded commitment as claims against the contracts are solely supported by TIAA's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2018:

	Level 3 Assets TIAA Account
Balance, beginning of year	\$ 1,641,665
Interest	13,509
Realized gains	60,514
Unrealized gains (losses) relating to instruments still held at the reporting date	(4,235)
Withdrawals	(67,844)
Interfund transfers	(17,239)
Balance, end of year	<u>\$ 1,626,370</u>

Gains and losses (realized and unrealized) included in changes in net assets available for the period above are reported in net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 fair value measurements, the valuation techniques used to measure the fair value of those financial instruments, as of December 31, 2018 and 2017, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value December 31, 2018	Fair Value December 31, 2017	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Non fully benefit-responsive guaranteed annuity contracts - TIAA Account	\$ 1,626,370	\$ 1,641,665	Discounted cash flow	Risk-adjusted discount rate	3.25% - 4.50%

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA real estate fund	\$ 63,779	N/A	Daily	Limit of once per quarter
	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
TIAA real estate fund	\$ 60,889	N/A	Daily	Limit of once per quarter

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of traditional investment contracts. Plan participants enter into these contractual agreements with TIAA through the Plan by selecting the TIAA Stable Value Fund or the TIAA Account. Participants of the Plan may invest in the following contracts offered through the TIAA Account: Retirement Annuity ("RA") and Group Retirement Annuity ("GRA"), which have varying withdrawal options and distributions.

The TIAA Stable Value Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The RA and GRA contracts do not meet the fully benefit-responsive investment contract criteria and therefore are reported at fair value as described in Note 3. Fair value, as reported to the Plan by TIAA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options;
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreements without the consent of the issuer.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with TIAA, the custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the custodian, and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2018 and 2017

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2018 and 2017, the Plan had investments of \$2,109,417 and \$2,237,746, respectively, that were concentrated in two funds.

10. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, TIAA, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.
