Fox Valley Molding, Inc.
Employee 401(k) Profit Sharing Plan

Notes to Financial Statements

NOTE A – DESCRIPTION OF PLAN

The following description of the Fox Valley Molding, Inc. ("Company") Employee 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company, except for those employees who are subject to collective bargaining and/or employees who are non-resident aliens, who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute pretax annual compensation up to the maximum allowable under the Internal Revenue Code, as defined in the Plan. Participants may also contribute amounts representing distributions for other qualified defined benefit or defined contribution plans. The Company will make safe harbor basic match contributions to the Plan. Eligibility to share in safe harbor basic match contributions require 3 months of service and attainment of age twenty-one. The Company may make discretionary profit sharing contributions to the Plan that are not limited to profits. Eligibility to share in discretionary contributions require one year of service, attainment of age twenty-one, 1,000 hours of service annually, and be employed by Fox Valley Molding, Inc. at the Plan year end. The Company may make discretionary match contributions to the Plan. Eligibility to share in match contributions require one year of service, attainment of age twenty-one, and 1,000 hours of service annually.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocation of company contribution, and allocation of Plan earnings, and reduced by an allocation of administrative expenses. Safe harbor basic match contributions are allocated to each participant by matching $1.00 of each $1.00 the participant defers into the plan on the first 3% of compensation, plus $.50 of each $1.00 deferred on the next 2% of compensation. Company discretionary profit sharing contributions are allocated to each participant in the same ratio as his compensation bears to the total compensation of all participants in his/her respective class. The three classifications are: 1) more than 5% owners; 2) officers; and 3) all other employees. Company discretionary match contributions are allocated to eligible participants in a discretionary manner as determined by the Employer. Plan earnings are allocated based on the investment options chosen by each employee and his/her proportionate share of that investment option. Any administrative expenses remaining after forfeited accounts have been applied are allocated in the same proportion that each participant's account bears to the total of all accounts.

Vesting: Participants are immediately vested in their contributions and also employer safe harbor basic match contributions plus actual earnings thereon. Both employer discretionary profit sharing and employer discretionary match contributions, if any, vest at 20% per year after two years of service. Service is defined as 1,000 hours during the plan year.

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid at least quarterly on the basis of level amortization.

Payment of Benefits: On termination of service due to disability or retirement, a participant may elect to receive the value of his/her vested interest in his/her accounts either as a lump sum, in installments, as ad hoc distributions, or under various annuity options. A beneficiary, in the event of a participant's death, may elect to receive the participant's vested balance either as a lump sum, in installments, or as ad hoc distributions.

Forfeited Accounts: For plan years ended December 31, 2018 and 2017, amounts forfeited in participant accounts due to non-vesting totaled $290 and $1,229, respectively. Forfeited non-vested accounts are first used to reduce Plan expenses. Any remaining match forfeitures are to be used to reduce the following year's match contribution. Any remaining nonelective forfeitures are to be used as additional nonelective contribution for the current year. Forfeitures in the amount of $1,198 and $252 were used to reduce Plan expenses for the plan years ended December 31, 2018 and 2017, respectively. At December 31, 2018 and 2017, the balance of the forfeitures account was $290 and $1,198 respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review: Subsequent events were evaluated through October 4, 2019, which is the date the financial statements were available to be issued.

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan invests in a Guaranteed Interest Account that is subject to this reporting requirement.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Operating Expenses: Expenses paid by the Plan during the years ended December 31, 2018 and 2017 were $7,383 and $6,524, respectively. Expenses related to third party expense agreements are netted against income.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements: The fair value of the guaranteed and separate investment accounts through Sentry Insurance Company is calculated based on the net assets of the underlying pool of securities.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The preceding method(s) described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

During 2018 and 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $(68,868) and $79,464 respectively, in underlying mutual funds within the group annuity contract held by the Plan.

*Investments representing 5% or more of assets available for benefits.

NOTE F – GROUP ANNUITY CONTRACT

The Plan assets are invested in a group annuity contract with Sentry Insurance Company that allows contributions to be allocated among investment options which include the Guaranteed Fund and Separate Accounts at the discretion of the participant. It is the understanding of Sentry Insurance Company that the contract issued to the Plan is a "benefit responsive investment contract." The Guaranteed Fund is recorded at contract value in the investment statements.

The Guaranteed Fund provides a guaranteed rate of return at the rate and for a specified duration that is communicated to the participants. The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal as described in the contract.

The guaranteed rate of return is based on the performance of investments held by Sentry Insurance Company which may consist primarily of fixed return instruments such as corporate bonds. The guaranteed interest rate set by Sentry Insurance Company is discretionary. The Guaranteed Fund is designed to offer a fixed rate of return with no risk of loss of principal except as subject to charges upon withdrawal as described in the contract. The rate could be influenced by the performance of the underlying investments held by Sentry Insurance Company. Corporate bond yields and the return on other possible investments supporting the Guaranteed Fund are subject to forces in the economy. The average yield earned by the Guaranteed Fund was 2.50% and 2.65% for the plan years ended December 31, 2018 and 2017, respectively.

The underlying risks of the Guaranteed Fund are assumed by Sentry Insurance Company who is obligated to support the interest guarantees. The only risks are: (1) Sentry Insurance Company's discretion to set the guaranteed rate of return and (2) Enforcement of surrender charges or market value charges that may be triggered if funds are withdrawn. The contract allows for withdrawals for benefit payments under the company's pension plan without penalty.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE J – DOL LIMITED SCOPE AUDIT

Sentry Insurance Company has certified to the accuracy of investment assets, transactions and income for the purpose of a DOL Limited Scope audit.

NOTE K – TAX STATUS

The Plan is a Sentry Insurance Company Non-standardized 401(k) Plan. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE L – UNALLOCATED FUNDS
