Their report, dated October 11, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodians, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TED RUCK COMPANY 401(K) PREVAILING WAGE BENEFITS PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Plan Description

The following description of the Ted Ruck Company (the Company) 401(k) Prevailing Wage Benefits Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of the Company except for union employees, nonresident aliens, leased employees, and freight handlers. Eligible employees are able to make contributions to the Plan and receive employer contributions immediately upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to the maximum amount allowed by law as before-tax contributions, or after-tax Roth contributions not to exceed IRS limitations. Participants who have attained age 50, before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows rollover distributions for all eligible employees who are not participants at any time.

The Company makes a safe harbor matching contribution of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation for eligible participants. For the years ended December 31, 2018 and 2017, the Company made a total safe harbor matching contribution of \$40,642 and \$31,794, respectively.

The Company is required to make prevailing wage contributions for participants that haul materials for which prevailing wage law services are provided. The contribution is made at the hourly contribution rate required by law. The Company contributed \$542,352 and \$548,260 in prevailing wage contributions during 2018 and 2017, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and employer's safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Contributions made under the prevailing wage law will be 100% vested when such contributions are made.

Investment Options

A participant may direct contributions in any of investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at a time. The loans are secured by the participant's account and bear interest between 4.25% and 6.50%. Principal and interest is paid through payroll deductions.

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability and termination from the Company. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2018 and 2017

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value Measurements footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Notes to Financial Statements

December 31, 2018 and 2017

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2018:

Pooled Separate Accounts: Valued at fair value based on the underlying investments reported to the Plan by Nationwide Financial Services, Inc.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2018 and 2017

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Investments at fair value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 2,677,062	\$ -	\$ 2,677,062

Total Investments	\$ -	\$ 2,847,606	\$ -	\$ 2,847,606

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee of the Plan:

	2018	2017
Pooled separate accounts	\$ 2,677,062	\$ 2,847,606
Notes receivable from participants	291,823	305,739
Total	\$ 2,968,885	\$ 3,153,345

The Trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the year ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments	\$ (201,132)	\$ 372,951
Dividends and interest	\$ 14,243	\$ 12,103

Notes to Financial Statements

December 31, 2018 and 2017

Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$48,754 and \$45,823 in administrative fees to the Trustee for the years ended December 31, 2018 and 2017, respectively. The notes receivable from participants as of December 31, 2018 and 2017 in the amount of \$291,823 and \$305,739, respectively, are party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Certain Plan investments are shares in accounts that are managed by Nationwide Trust Company. Nationwide Trust Company is the Trustee as defined by the plan and qualifies as party-in-interest.

Tax Status

The Company adopted a prototype standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Notes to Financial Statements

December 31, 2018 and 2017

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of total additions per the financial statements at December 31, 2017 to Form 5500:

	2017
Additions per financial statements	\$ 1,016,217
Plus: prevailing wage receivable recorded in error	(19,967)
Additions per Form 5500	<u>\$ 996,250</u>

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account become fully vested.

Prior Period Adjustment

During 2018, it was determined that the 2017 employer prevailing wage contribution was overstated as a contribution and contribution receivable at December 31, 2016. Accordingly, the 2016 statement of net assets available for benefits and statement of changes in net assets available for benefits was restated to decrease employer contribution receivable and employer contribution by \$19,967. Additionally, the net assets available for benefits as of the beginning of the year as presented on the 2017 statement of changes in net assets available for benefits has been decrease by the same amount.

Subsequent Events

The Plan evaluated subsequent events through September 27, 2019, the date the financial statements were issued.
