Independent Auditor's Report

To the Plan Administrator of the
Jackson Offshore Operators, LLC Retirement Trust
Houston, Texas

We were engaged to audit the accompanying financial statements of the Jackson Offshore Operators, LLC Retirement Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, collectively, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Other Matter - Supplemental Schedule

The supplemental schedule, as listed on the table of contents, as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Eligibility

Employees of the Company are eligible to participate in the Plan as well as begin making contributions on their date of employment.

Contributions

Participants may make pre-tax deferred contributions of any percentage or dollar amount of their compensation during the plan year as defined in the Plan Document, up to the maximum amount allowed by law ($18,500 for 2018). Participants who have attained age 50 before the end of the plan year are eligible to make additional pre-tax deferred catch-up contributions of up to $6,000 for 2018. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various instrument options offered by the Plan.

The Plan Document permits the Employer to make contributions in the form of a non-elective matching contribution. There were no employer matching contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the allocation of (a) participant's contributions, (b) Employer non-elective matching contributions, if any, and (c) plan earnings less an allocation of plan administrative expenses. Allocations are based on either the participant's earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the vested benefit that can be provided from each participant's accounts.

Vesting

Participants are immediately 100% vested in their compensation deferral, rollover contributions and related earnings. Vesting in the Employer's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in increments of one-third each year after the second year of service and are 100% vested after four years of service.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance less the balance of any existing notes. Note terms are not to exceed more than five years. Each note is collateralized by the balance in the participant's vested account and bears interest at a rate determined by the Plan Administrator based on prevailing commercial loan rates. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Employer matching contributions. Forfeitures from non-vested account balances are first used to pay plan expenses and then to reduce the Employer contributions to the Plan, if any. The Plan's forfeiture account was $22 at December 31, 2018 and 2017, respectively. During the year ended December 31, 2018, no forfeitures were used to reduce Employer contributions.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, participants are entitled to receive 100% of their account balance. A participant eligible for a distribution from the Plan may elect to receive an immediate lump sum payment as defined in the Plan Document. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. In-service distributions are allowed for participants who have reached age 59½ and are 100% vested. Financial hardship withdrawals are permitted, as defined in the Plan Document. A participant who receives a hardship withdrawal shall be prohibited from making deferral contributions to the Plan for six months after receipt of such distribution.

2. Summary of Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Investment Valuation and Income Recognition

All investments are held by the Custodian pursuant to group annuity contracts. The Plan provides for self-directed investment programs for individual participants as provided by the Custodian.

The Plan's investments are primarily held in various mutual funds and a guaranteed investment contract, which are administered by the Custodian. Investments in mutual funds are stated at fair value, based on quotations obtained from national security exchanges. Investments in the guarantee investment contract are stated at contract value as determined by the Custodian which is based on the fair value of the underlying investments. Furthermore, contract value approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investments in mutual funds and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the Plan's financial statements and participants' account balances.

Benefits

Benefits paid to participants are recorded when paid as a reduction to net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants prior to March 15, 2019 and 2018, respectively.

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

The Plan Administrator has evaluated all events and transactions through October 3, 2019, the date the financial statements were made available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Investment Custodian

As permitted by the Rules and Regulations of the DOL with respect to Reporting and Disclosure under ERISA, the Custodian has certified to the Plan Administrator that the listing of investments (stated at fair value and contract value), together with all other transactions which affect plan investments (including notes receivable from participants), are complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018. The following represents the certified data as of December 31, 2018 and 2017, and for the year ended December 31, 2018:

December 31,	2018	2017
Investments, at fair value	$ 1,707,124	$ 1,482,304
Investment, at contract value	58,520	48,044
Notes receivable from participants	99,083	66,135

Year Ended December 31,	2018
Net depreciation in fair value of investments	$ (271,824)
Dividends and interest	129,247
Interest income from notes receivable from participants	3,978

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Disclosure

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. As defined by this guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The transaction is based on a hypothetical transaction in the principal or most advantageous market considered from the perspective of the market participant that holds the asset or owes the liability.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements, and accordingly, level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes, the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine fair values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual Funds*: The fair value of mutual funds are determined based upon market prices ("fair value") on the last business day of the plan year end and as reported by the Custodian of the Plan's assets. The change in the current value of investments during the period are reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.

There were no transfers between levels for the year ended December 31, 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets and investment liabilities at fair value as of December 31, 2018 and 2017. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value As of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,707,124	$ -	$ -	$ 1,707,124
Total assets at fair value	$ 1,707,124	$ -	$ -	$ 1,707,124

	Investment Assets at Fair Value As of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,482,304	$ -	$ -	$ 1,482,304
Total assets at fair value	$ 1,482,304	$ -	$ -	$ 1,482,304

5. Guaranteed Investment Contract

The Plan entered into a guaranteed investment contract with Great-West. The Key Guaranteed Portfolio Fund is held and backed by the general accounts of Great-West. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract permits the insurance company and the Plan to terminate the agreement with at least 90 days advance written notice to the other party. The average yields earned by the guaranteed investment contract are as follows:

Average Yields	2018	2017
Based on actual earnings	1.10%	1.10%
Based on interest rate credited to participants	1.10%	1.10%

6. Income Tax Status

The Plan Sponsor uses a Non-standardized Prototype Profit Sharing Plan with Cash or Deferral Arrangements offered by Great-West. Great-West received an opinion letter dated March 31, 2014 from the IRS that their prototype is acceptable under Code section 401(a) for use by employers for the benefit of their employees. The Plan has since been amended; however, the Plan Sponsor believes that the Plan is designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2015.

7. Plan Termination

Although it has not expressed the intent to do so, the Employer has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

8. Party-in-Interest

The Plan invests in various investments managed by Great-West. Great-West is the Plan's investment custodian and therefore, certain transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Custodian amounted to $812 for the year ended December 31, 2018.

The Plan maintained retirement plan consulting services agreements with Empower Retirement Advisory Service, a subsidiary of the Custodian, to provide retirement and investment advice for the Plan. Fees paid by the Plan for this service agreement amounted to $4,748 during the year ended December 31, 2018.

Notes receivable from participants also qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions.
