NOTE 1 DESCRIPTION OF PLAN

The following description of the Lyon, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants and others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1983 covering substantially all employees of Lyon, LLC (the Company). The Plan has been amended throughout the years to comply with legislation and most recently amended effective October 1, 2015. The Plan provides for participant tax deferred savings under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible to participate in the deferral and discretionary match components of the Plan upon completion of one month of service with the Company and the attainment of the age of 21. Upon becoming eligible, participants may enter the Plan on the first payroll date following completion of eligibility requirements.

Contributions

Participants may elect to have a minimum of 1%, up to a maximum of 60%, subject to limits allowed by the Internal Revenue Service (IRS), withheld from their compensation before taxes contributed to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans, in accordance with the IRC. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may, at its discretion, to the extent current or accumulated profits are available, make a matching contribution to the Plan on behalf of each participant who made before-tax contributions during the year, in an amount as determined by the Company each year. For the years ended December 31, 2018 and 2017 the Company's matching contribution was 10% of elective deferrals and catch-up contributions per pay period.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and an allocation of: (a) Plan earnings or losses, and (b) administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately fully vested in all contributions as well as earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates that commensurate with local prevailing rates as determined at the time of the notes by the Plan's trustee. Notes must be repaid within the period established by the Plan's Employee Benefits Committee. Interest on notes receivable from participants ranged from 4.25% to 6.25% during 2018 and were 4.25% to 5.50% in 2017. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Benefits are payable to the participant upon:

(a) Death or retirement from the service of Company on or after normal retirement date (age 65) or on account of disability; or

(b) Resignation or dismissal from the service of Company prior to normal retirement date.

If the benefits are payable in the event of either situation above, the amount of the benefits would be equal to the then balance in the participant's accounts. If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution or rolled into an individual retirement account (IRA). If the participant does not elect a method of payment and the vested balance is greater than $1,000, it will automatically be rolled over into an IRA. Balances of $1,000 or less will be distributed in a lump sum to the participant. If the balance is more than $5,000, an election to receive the benefit must be made.

Each participant or former participant may, in writing, designate a beneficiary or beneficiaries to whom distributions of the participant's interest in the trust shall be made in the event of the participant's death.

In-service withdrawals are available to participants, upon the participant reaching age 59½, or for hardship reasons, as determined in accordance with the uniform nondiscriminatory policy.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan documents.

Administrative Expenses

Certain administrative expenses are paid by the Company. Recordkeeping and other professional and administrative expenses are paid by the Plan. Investment management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends; and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by State Street Bank and Trust Co., trustee of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash: Valued based on cost, which approximates fair value in a noninflationary economy.

Common Collective Trust Fund: Valued daily at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,775,932	$ -	$ -	$ 9,775,932
Interest-Bearing Cash	-	430	-	430
Common Collective Trust Fund	-	1,410,389	-	1,410,389
Total Assets at Fair Value	$ 9,775,932	$ 1,410,819	$ -	$ 11,186,751

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,355,911	$ -	$ -	$ 11,355,911
Interest-Bearing Cash	-	428	-	428
Common Collective Trust Fund	-	875,802	-	875,802
Total Assets at Fair Value	$ 11,355,911	$ 876,230	$ -	$ 12,232,141

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants remain 100% vested in their accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore, not subject to tax under current income tax law. The volume submitter Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY IN INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are paid by Plan assets to a third-party provider and asset fees and participant incurred fees are paid with Plan assets to the recordkeeper. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
