Independent Auditor's Report

To the Benefit Plans Administrative Committee of the
National-Oilwell Defined Benefit Pension Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National-Oilwell Defined Benefit Pension Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary information listed in the table of contents as of and for the year ended December 31, 2018 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, has been audited by us in accordance with US GAAS and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements

December 31, 2018

1. Description of Plan

The following description of the National-Oilwell Defined Benefit Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information, including a description of benefit provisions, a copy of which is available from National Oilwell Varco, L.P. (the Company). The Company is a wholly owned subsidiary of National Oilwell Varco, Inc.

General

The Plan is a noncontributory, defined benefit plan covering certain hourly employees of the Company who were formerly employed at the Garland, Texas, plant; IRI International; Continental EMSCO Company; ReedHycalog, L.P.; Ameron International; Van Leeuwen Pipe & Tube Corporation and Robbins & Myers, Inc. No new employees are eligible to participate in the Plan, and no future benefits are accruing. All participants in the Plan are fully vested in their accrued benefits.

Funding Policy

The Company contributes amounts necessary to provide assets sufficient to meet the benefits to be paid to participants in accordance with the Internal Revenue Code (the Code) and to meet or exceed the minimum funding requirements set forth under the Employee Retirement Income Security Act of 1974 (ERISA). The Company's contributions for 2018 and 2017 exceeded the minimum funding requirements of ERISA.

Prior service costs are amortized over the average remaining life expectancy of the inactive participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Pension Benefits

Effective January 1, 2014, participants are 100% vested after ten years of credited service. The Plan's pension benefit is based upon a formula involving the participant's eligible compensation and years of service with the Company. Participants may elect early retirement after attainment of age 55 and at least thirty years of credited service. Normal retirement age is 65. Benefits may begin at normal retirement age or, if elected, at early retirement. Benefits are paid monthly or lump sum.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to provisions set forth in ERISA.

Should the Plan have an involuntary termination at some future time, its net assets would generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurements. The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The

Company has elected to early adopt this ASU; however, it did not have a material effect on the Plan's financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and investment income and net appreciation in fair value of investments, for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability, including the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan.

Mutual funds – Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust funds – Valued at the NAV of units held by the Plan at year-end as determined by the fund manager. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Limited Partnership – Valued at the NAV of units held by the Plan at year-end as determined by the issuer. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	Assets at Fair Value as of December 31, 2018	
	Level 1	Total
Mutual funds	$ 230,449,591	$ 230,449,591

(a) The common collective trust fund reports as a direct filing entity. There are no redemption restrictions.

5. Accumulated Plan Benefits

Accumulated plan benefits represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on the employees' compensation during their entire period of credited service. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

An actuary from Towers Watson estimated the actuarial present value of accumulated plan benefits as of December 31, 2017, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefit earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements (continued)

5. Accumulated Plan Benefits (continued)

The accumulated plan benefits information is as follows:

	December 31, 2017
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Active employees	$ 24,458,168
Participants with deferred benefits	61,704,584
Participants currently receiving payments	177,405,467
Total vested accumulated plan benefits	263,568,219
Nonvested accumulated benefits	395,302
Total accumualted benefits	$ 263,963,521

Nonvested benefits include certain death and disability benefits that are prorated into the vested benefit category over projected service for active employees.

The change in accumulated plan benefits is as follows:

	Year Ended December 31, 2017
Actuarial present value of accumulated plan benefits at beginning of	$ 280,105,750
Benefits accumulated	110,410
Actuarial (gains) losses	4,558,451
Decrease in the discount period	14,742,027
Benefit payments	(33,931,342)
Plan assumption changes	(1,621,775)
Actuarial present value of accumulated plan benefits at end of year	$ 263,963,521

National-Oilwell Defined Benefit Pension Plan

Notes to Financial Statements (continued)

5. Accumulated Plan Benefits (continued)

Significant actuarial assumptions used in the valuation are as follows:

Assumed rate used to discount accumulated plan benefits: 5.6%

Mortality: Prescribed mortality under IRC §430(h)(3)(A) using static tables with separate mortality rates for annuitants and non-annuitants

Retirement rates (all participants except for Reed and Van Leeuwen):

Age	Rate
55	25%
62	15%
65	100%

The former Reed hourly participants are assumed to retire at the earlier of age 65 or age 60 with 15 years of vesting service. Former Van Leeuwen participants are assumed to retire at age 65, or the valuation date if later.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 3, 2014, stating that the Plan is qualified under Section 401(a) of the Code; therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party Transactions

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan, Wells Fargo Bank, N.A. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2019, the date the financial statements were available to be issued.

Deferred Vested Commencement Age

The rate at which deferred vested participants are assumed to retire by age are shown below.

Attained Age	Rate
55	25%
62	15%
65	100%

A deferred vested participant over attained age 65 is assumed to commence their benefit at valuation date. The age 55 rate does not apply to IRI, CE Houston and Garland locations.

Benefit commencement date:

- Preretirement death benefit — The later of the death of the active participant or the date the participant would have attained age 55
- Deferred vested benefit — The later of termination of employment or the following: 25% at age 55, 15% at age 62 and 100% at age 65. The age 55 rate does not apply to IRI, CE Houston and Garland locations.
- Disability benefit — Upon disablement
- Retirement benefit — Upon termination of employment

Form of payment

- Reed Hourly — 100% are assumed to elect a portion of their benefits (the Special Lump Sum benefit) as a lump sum form of payment when eligible. For the remaining benefit, 10% are assumed to elect a lump sum payment, 20% a single life annuity, 50% a 50% joint and survivor and 20% a 100% joint and survivor.
- IRI, CE Houston and Garland — 35% are assumed to take a lump sum, 50% a single life annuity, 15% a 50% joint and survivor.
- Ameron — 90% are assumed to take a lump sum and 10% a single life annuity
- Van Leeuwen — 100% of participants assumed to elect a lump sum

■ R&M Consolidated	For participants covered by the final average pay formula, 90% are assumed to elect a lump sum distribution and 10% are assumed to elect a life annuity. For participants covered by the cash balance formula of the cash balance plan, 100% are assumed to elect a lump sum distribution. All other participants are assumed to elect a life annuity.
Percent married	For purposes of valuing the pre-retirement surviving spouse's benefit, 100% of all Van Leeuwen participants are assumed to be married. For all other plans, 75% of males and 65% of females are assumed to be married.
Spouse age	Male spouses are assumed to be 3 years older than female spouses.

Cash flow

■ Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.
■ Amount and timing of contributions	Contributions are assumed to be made on the day provided by the client.
Funding policy	The funding policy of the Plan is to annually review the Plan's minimum funding requirement and budget contributions to meet this commitment. The company will periodically consider the Plan's funded status and make additional contributions in excess of the minimum required contributions when deemed appropriate taking into consideration the financial status of National Oilwell Varco, L.P.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.

SCHEDULE SB ATTACHMENTS

Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	Starting with the fair market value of assets on the date new merged plan is established (January 1, 2014), average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2017 plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued.

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2018. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations. No data adjustments were made and we are unaware of any data adjustment made by the data provider.

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2014 to represent a best estimate of future experience.
Active Retirement	Retirement rates were based on an experience study conducted in 2014 to represent a best estimate of future experience. Assumed retirement rates differ by Union or Non-Union because of observed differences in retirement rates.
Form of payment	Form of Payment assumptions were based on an experience study conducted in 2014 to represent a best estimate of future experience.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.
- The mortality table used to calculate the funding target and target normal cost was updated to reflect the new tables, based on RP-2014 and subsequent Society of Actuaries studies, published by IRS in October 2017 in regulation §1.430(h)(3)-1

Change in methods since prior valuation

There have been no changes in methods since the prior valuation.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued.

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2018. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2014 to represent a best estimate of future experience.
Active Retirement	Retirement rates were based on an experience study conducted in 2014 to represent a best estimate of future experience. Assumed retirement rates differ by Union or Non-Union because of observed differences in retirement rates.
Form of payment	Form of Payment assumptions were based on an experience study conducted in 2014 to represent a best estimate of future experience.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.
- The mortality table used to calculate the funding target and target normal cost was updated to reflect the new tables, based on RP-2014 and subsequent Society of Actuaries studies, published by IRS in October 2017 in regulation §1.430(h)(3)-1

Change in methods since prior valuation

There have been no changes in methods since the prior valuation.

SCHEDULE SB ATTACHMENTS

Deferred Vested Separation

Separation from employment after completing at least five years of continuous service and not eligible to receive an immediate pension.

Permanent Incapacity Retirement

Termination due to disability after completing 15 or more years of continuous service. Disablement must continue for a period of five consecutive months, be permanent in the opinion of a physician appointed by the Plan Sponsor, and prevent the participant from engaging in any employment of the type specified in the applicable labor agreement.

Special Retirements

Special retirement provisions apply in the event of certain layoffs (e.g., one resulting from a permanent shutdown) prior to a participant being eligible for an immediate unreduced pension on Normal, 62/15, or 30-Year Retirement:

70/80 Retirement after 15 years of continuous service and either (a) attainment of age 55 or (b) having age plus service equal at least 80.

Rule-of-65 Retirement after 20 years of continuous service, on last day worked, before attainment of age 55, and after age plus service equal at least 65 but less than 80.

Pension Benefits

A participant's pension benefit consists of a Special initial Payment plus a Regular Pension amount.

Special Payment: A lump sum payment generally equal to about three months of adjusted vacation pay reduced by all vacation pay received in the year of retirement.

This special payment is inapplicable in the case of any participant eligible for Permanent Incapacity Retirement or a deferred vested pension.

Regular Pension: A monthly amount determined as the maximum of (a) or (b) below:

(AME = Average Monthly Earnings)

(YOCS = Years of Continuous Service and fractions thereof calculated to the nearest month)

(a) Percent Pension:

[.011 x (YOCS ≤ 30) + .012 x (YOCS >30)] x AME

Multiplied by 1.05 for retirements before 1/31/91.

(b) Minimum Pension:

$1.00 X YOCS + $17.50 x (YOCS ≤ 15) +
$19.00 x (15 < YOCS ≤ 30) + $20.50 x (YOCS > 30)

SCHEDULE SB ATTACHMENTS

Pension Benefits (continued)

Commencement Dates:

- Special Payment: Individuals taking Permanent Incapacity Retirement or a deferred vested pension do not receive the Special Payment. For Normal, 62/15, 30-Year, 70/80 and Rule-of-65 Retirements, the Special Payment is payable in the month following the participant's retirement. For a participant taking the 60/15 Retirement, the Special Payment is made in the month following attainment of age 62 unless the participant elects earlier benefit commencement, in which case the Special Payment is made in the month following the benefit commencement date.
- Regular Pension: The Regular Pension will be paid commencing with the month following the three-month period for which the Special Payment is made; for deferred vested pensions, commencing with the month following the participant's 62nd birthday (65th birthday if separated from service before attaining age 40 and completing 15 years of continuous service) unless the participant elects earlier commencement, in which case the Regular Pension will be paid commencing with the month following the benefit commencement date. For a 60/15 retirement, the Regular Pension is deferred to the fourth month following the participant's 62nd birthday unless the participant elects earlier commencement.
- Special Retirement Benefits: In general, a layoff period of up to two years will be included in an individual's continuous service and can be used to satisfy eligibility requirements.

Early Commencement Reduction Factors: For 60/15 Retirements with benefits commencing between age 60 and age 62, the reduction for early commencement is 8.55% for the first year and an additional 7.63% for the next year that benefits commence prior to age 62. The same pre-62 early commencement reductions apply to the deferred vested pensions of those who had attained age 40 and completed 15 years of continuous service at termination.

The deferred vested pensions of those who had not attained age 40 or completed 15 years of continuous service at termination are reduced for pre-65 early commencements as follows:

- 9.28% for the first year commencement precedes age 65
- 8.19% for the next year
- 7.25% for the next year
- 6.43% for the next year
- 5.75% for the next year (earliest commencement at age 60)

Monthly Accrued Benefit

At any time, a Participant's monthly accrued benefit is equal to the Regular Pension calculated using creditable earnings and continuous service to date.

SCHEDULE SB ATTACHMENTS

Additional Pension Payments	Under Permanent Incapacity, 70/80, and Rule-of-65 Retirements, the Regular Pension is increased $400/month until the participant is eligible for Social Security benefits. For Rule-of-65 Retirements, this amount is reduced $1 for each $2 of annual earned income during retirement that exceeds $5,500.
Pension Benefit Reductions	Various benefit reductions are specified in the Plan document for Public Pensions, Other Pensions, Disability Payments, Severance Allowances, etc. The principal reduction applicable is for benefits payable under the USX Corporation Plan for Employee Pension Benefits, for service credited under this plan. These USX benefits as of August 1, 1987 offset the benefits otherwise payable under this plan.
USX Share of Special Retirement and Additional Pension Payments	USX will pick up its pro rata share of retirement benefits and all additional supplemental benefits (i.e., $400/month) for individuals eligible for the Special Retirement Benefits as of August 1, 1989. However, under Rule-of-65 Retirement, the individual had to have 20 years of service as of August 1, 1987.
Payment Options	In lieu of the payment for life normal payment form, a Member may elect to be paid under an optional co-pensioner annuity payment form. If so elected, the Member would receive a reduced monthly benefit during his or her lifetime so that a portion (50% to 100%) of this monthly amount would continue after his or her death for the lifetime of a designated beneficiary. If a Member is married (at least one year) when his benefits are to commence, he will automatically receive benefit payments under the 50% co-pensioner option with his spouse as the beneficiary (i.e., the Automatic 50% Spouse Option) unless he rejects this option in writing. The rejection and election of another option must be accompanied by a notarized statement by the Member's spouse agreeing to the rejection and election. Effective February 11, 2009, a lump sum form of payment is available on the present value of the Accrued Benefit. Actuarial equivalence is determined using annual interest rate on 30-year Treasury securities published in the Internal Bulletin for the second full month preceding the first day of the Plan year and mortality that is required by IRC 417(e).

SCHEDULE SB ATTACHMENTS

Spouse Death Benefit Coverage

a. Pre-Pension Spouse Coverage: This coverage is available to active participants age 55 with 15 years of continuous service or age 60 with 10 years of continuous service. It is paid for by electing participants through plan benefit reductions equal to .7% for each year the coverage is in effect. If covered, a surviving spouse could immediately receive 50% of the amount the participant would have received had he retired on the date of his death (without reduction for early benefit commencement) under the Automatic 50% Spouse (Annuity) Option, payable for the spouse's lifetime.

Any monthly payment resulting from this coverage will be in addition to any Surviving Spouses' Benefit under Section c. below, provided the sum of such benefits does not exceed 100% of the amount the participant would have received during their lifetime.

b. REA Pre-Retirement Survivor Annuity Coverage: This is automatic coverage for any married participant with at least five years of continuous service unless revoked with the concurrence of the spouse. It is paid for by the covered participant through Plan benefit reductions stipulated in the Plan document. It is not available to a participant who has elected the above Pre-Pension Spouse Coverage. Under this coverage, if a vested Member (whether an active or a former employee) dies before receiving any benefits from the Plan, his spouse would be eligible to receive an annuity for life commencing on the date the Member would have attained age 60, or immediately if the Member had already attained age 60 or completed 30 years of continuous service. The amount of the monthly benefit is equal to ½ the reduced monthly benefit that would have been payable to the Member had he retired just prior to his death or had he terminated employment (if not already the case) just prior to his death and survived to age 60, and then requested immediate benefits under the Automatic 50% Spouse Option. There is no benefit reduction for early commencement for participants who die in active service. However, any benefits payable under this provision will be reduced by any benefits paid pursuant to the Surviving Spouse's Benefit described below.

SCHEDULE SB ATTACHMENTS

Spouse Death Benefit Coverage (continued)

c. Surviving Spouse's Benefit: This benefit is payable to the spouse of any participant who has completed at least 15 years of continuous service and who dies either while accruing continuous service or after being eligible for retirement with an immediate pension. The Plan Sponsor bears the entire cost of providing this coverage. Benefits commence immediately; are 50% of the accrued benefit of an active participant, 50% of the benefit currently being paid to a retiree, or 50% of the benefit payable on immediate commencement for anyone deferring benefit payments; are paid for life; and are reduced by 50% of Social Security widow(er)'s benefits at the time they would be payable if eligible. Minimum benefits of $150 per month prior to Social Security widow(er) eligibility and $100 per month thereafter were the benefits valued after retirement.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

FOR IRI PARTICIPANTS

Effective Date	August 1, 1985. IRI International was created as a joint venture of Ingersoll-Rand Oilfield Products (IROP) and the IDECO division of Dresser Industries, and employees of IRI International retain benefits in these Plans based on the same service used to determine benefits under this Plan.
Effective Date of Most Recent Amendment	The Plan was amended effective September 1, 1995 to freeze benefit accruals, prohibit new participants entering the Plan, add the Supplemental Retirement Benefit described under Normal Retirement below, and establish 401(h) Medical Benefit Accounts. The plan was last amended effective April 1, 2005 to re-categorize the supplemental Medicare insurance premiums as a special supplemental pension benefit. The Plan was amended effective February 11, 2009 to offer a lump sum form of payment.
Service	An employee receives credit for service after August 1, 1985 for vesting and benefit accrual based on the period of time between the employment commencement date and the severance from service date. Service spanning rules apply for vesting. Partial years of vesting service shall be disregarded. Partial years of benefit service are credited at the rate of 1/12 for each calendar month with at least one Hour of Service. No benefit service accrues after September 1, 1995. Service prior to August 1, 1985 is as credited under the IROP and Dresser Plans described below.
Normal Retirement Date	The first day of the month coincident with or next following the attainment of age 65.
Plan Compensation	Compensation includes total regular base salary actually paid to an employee {including amounts deferred under a Section 125 or Section 401(k) salary reduction agreement}, but excluding bonuses, overtime and other forms of incentive earnings, subject to 401(a)17 limits.
Final Average Monthly Compensation	The average of Plan Compensation during the highest 60 consecutive months.

SCHEDULE SB ATTACHMENTS

Estimated Primary Social Security Benefit

The monthly amount available at age 65 as the Primary Insurance Amount under the Social Security Law in effect on the earlier of September 1, 1995, the member's termination of employment, or Normal Retirement Date. For participants eligible for early retirement, the monthly Primary Insurance Amount available at the earliest entitlement age for Social Security, or current age if older. The monthly Primary Insurance Amount is calculated assuming no future earnings, after the earlier or September 1, 1995 or separation from employment.

Accrued Benefit

A participant's Accrued Benefit at any given date equals the benefit calculated under the Normal Retirement Benefit formula using Final Average Monthly Compensation, Estimated Primary Social Security Benefit and Credited Service at date of determination or September 1, 1995 if earlier.

Normal Retirement

Eligibility: Retirement upon attaining Age 65.

Monthly Benefit:

The Normal Retirement Benefit is 1.67% of Final Average Monthly Compensation multiplied by credited service, less 1.25% of the Estimated Primary Social Security Benefit, multiplied by Credited Service limited to 40 years; but not greater than the excess of Final Average Monthly Compensation over the Estimated Primary Social Security Benefit.

The monthly benefit should be reduced by the amount of monthly benefit, if any, payable under the Cabot Pension Plan or the prior plan (GA-79 with Aetna Life Insurance Employer), or both, with respect to the same period for which credited with a benefit under this Plan.

Supplemental Retirement Benefit: Participants who are between the ages of 45 and 55 and have completed at least ten years of service as of September 1, 1995, and who work until normal or late retirement will receive an additional $100 monthly, lifetime benefit.

Early Retirement

Eligibility: The first day of any month coincident with or next following the attainment of age 55 and completion of 10 years of Vesting Service.

Monthly Benefit: If payments begin before age 62, the Accrued Benefit is reduced 3% per year. If payments are deferred to age 62 or later, the full Accrued Benefit is payable.

SCHEDULE SB ATTACHMENTS

Late Retirement

Eligibility: Termination of service after attainment of age 65.

Monthly Benefit: The Normal Retirement Benefit based on Final Average Monthly Compensation, Credited Service, and the Estimated Primary Social Security Benefit payable at date of termination. The monthly benefit should not be less than the Normal Retirement Benefit.

Permanent Disability Benefit

Eligibility: Total and permanent disablement after ten years of Vesting Service.

Monthly Benefit: A monthly benefit equal to the Normal Retirement Benefit based upon credited service the employee would have had at his Normal Retirement Date and a rate of compensation that continued unchanged to such date, reduced by the amount entitled to receive under Worker's Compensation. The benefit is payable when the Social Security disability award is granted and ceases when such employee ceases to be totally and permanently disabled.

Other Termination

Eligibility: Termination of employment with at least five years of Vesting Service or attainment of age 65. (Ten years of Vesting Service required for early commencement at or after age 55.)

Monthly Benefit: The Accrued Benefit payable at the Normal Retirement Date. If benefits commence prior to age 65, they are actuarially reduced. (.729%/month for each of the first 60 months; .375%/month thereafter.)

Pre-Retirement Death Benefit

Eligibility: (a) Death of a married active employee after completing five years of Vesting Service or attained the age of 65; or (b) death of a married terminated participant eligible for a deferred benefit.

Monthly Benefit: (a) A reduced monthly benefit equal to 50% of the Normal Retirement Benefit as though the employee had continued in service to the Normal Retirement Date at his last regular rate of compensation, adjusted for form of payment; or (b) a reduced monthly benefit that would have been payable if the employee had elected to receive his deferred benefit in the form of a joint and 50% survivor annuity.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Normal Form of Benefit

The normal form of benefit is a monthly life annuity. However, if a participant is married prior to the date his benefits commence and if he had not elected otherwise, the full benefit will be payable in the form of a joint and 50% survivor annuity.

SCHEDULE SB ATTACHMENTS

Optional Forms of Payment	75% and 100% survivor annuity; certain and life annuity; lump sum benefit. Actuarial equivalence is determined using 6% interest, except for purposes of IRC 415 for which 5% interest will be used, and UP-84 mortality.
Special Supplemental Pension Benefit	Eligibility: Retired participant employed on September 1, 1995 and as of such date was at least 55 and had completed 10 years of Vesting Service. A retired participant's spouse is also eligible if they were eligible to be covered by the employer's medical plan as of September 1, 1995. Monthly Benefit: Effective April 1, 1996, $600 per year increased each year by $37.50 payable when participant attains age 65. A participant's eligible spouse will be paid an equal benefit upon attainment of age 65.

SCHEDULE SB ATTACHMENTS

FOR REED HOURLY PARTICIPANTS

Effective Date

The plan was originally effective December 1, 1986.

Coverage and Participation

The plan was frozen to new entrants on December 31, 2007.

Credited Service

Elapsed time from the later of December 1, 1986 or date of hire to the earlier of date of termination or December 31, 2007.

Vesting Service

All participants were deemed vested as of December 31, 2007. Vesting service is the elapsed time from date of hire to date of termination.

Special Service Rule

Employees on lay-off status earn both Credited Service and Vesting Service until the earlier of 36 months of lay-off status, their termination of employment or December 31, 2007.

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following attainment of age 65 or age 60 and 15 years of vesting service.

Benefit Formula: The monthly normal retirement benefit is equal to Credited Service at earlier of termination or December 31, 2007 times the applicable dollar amount in effect at termination, as shown in the table below.

Termination Date on or After	Applicable Dollar Amount
August 1, 1993	$21.50
August 1, 1994	22.50
August 1, 1995	23.50
August 1, 1997	25.50
August 1, 1998	27.50
January 1, 1999	29.50
January 1, 2000	30.00
January 1, 2001	32.00
January 1, 2002	34.00
January 1, 2006	35.50

Normal Form of Benefit: Life Annuity

SCHEDULE SB ATTACHMENTS

Special Lump Sum Benefit

A participant who terminates employment on or after January 1, 2000 shall receive a single lump sum payment on their normal retirement date based on the applicable dollar amount shown in the table below, as in effect on the date of such Participant's termination of employment, multiplied by Credited Service at the time of termination.

Termination Date on or After	Applicable Dollar Amount
January 1, 2000	$400.00
January 1, 2001	500.00
January 1, 2002	600.00
January 1, 2006	450.00

For active participants who are Early Retirement eligible, the lump sum calculated above is payable at the date of early retirement reduced by the actuarial equivalence assumptions prescribed by IRC 417(e).

Late Retirement

For the period of continued employment from Normal Retirement Date to the earlier of April 1 following the calendar year in which a participant attains age 70½, or retirement, the monthly pension payable to a participant who retires after his Normal Retirement Date shall be equal to the greater of:

- such participants Vested Accrued benefit taking into account the benefit service earned subsequent to Normal Retirement Date; and
- a retirement benefit, the single sum value of which, at his actual retirement date, equals the sum of (a) the single-sum value of his Vested Accrued Benefit to which he was entitled on his Normal Retirement Date plus (b) the amount of interest at 5% per annum on such single-sum value in (a) above with such interest being compounded annually from the Participant's Normal Retirement Date to his Late Retirement Date.

For the period of employment from April 1st following the calendar year in which a participant attains age 70½, the amount of benefit described above on such April 1st will be subject to increase at the beginning of each subsequent calendar year, or earlier retirement. For a participant in active employment not receiving in-service payments, the amount of such income shall be the greater of:

- the amount of additional benefit accrual under the applicable formula from the preceding first day of the calendar year, and
- the amount of actuarial equivalent increase in benefit due to the delay in payment from the preceding first day of the calendar year. The amount of prior benefit used for determining such increase will be the prior benefit after taking into account any prior adjustment as described in this paragraph (ii)

Accrued Benefit

The normal retirement benefit earned as of the valuation date.

SCHEDULE SB ATTACHMENTS

Early Retirement Benefit

Eligibility: Attainment of age 55 with 15 years of vesting service.

Benefit: The early retirement benefit is the participant's accrued benefit as of the early retirement date reduced according to the following table with intermediate values interpolated.

Age	Reduction Factor
55	0.6164
56	0.6766
57	0.7439
58	0.8194
59	0.9043
60	1.0000

The additional lump sum benefit payable at early retirement is the participant's accrued additional lump sum benefit as of the early retirement date reduced by the actuarial equivalence assumptions prescribed by IRC 417(e).

Disability Benefit

Eligibility: 15 years of vesting service.

Benefit: The participant's accrued benefit considering service to date of disability, unreduced for early commencement.

Waiting Period: The earlier of (a) the first day of the seventh month following the month in which the participant becomes disabled, or (b) normal retirement date.

Supplemental Benefit: A participant who becomes entitled to the basic disability retirement benefits described above shall also be entitled to a monthly supplemental disability retirement benefit if the date of seniority as determined by the Agreement is before December 31, 1986. The amount of the benefit is the product of the participant's benefit service under the Predecessor Plan from date of seniority through November 30, 1986 and the dollar amount shown is the following table:

Date of Disability on or after	Applicable Dollar Amount
December 1, 1986	$18.00
August 1, 1993	21.50
August 1, 1996	23.50
August 1, 1997	25.50
August 1, 1998	27.50
January 1, 1999	29.50
January 1, 2000	30.00
January 1, 2001	32.00
January 1, 2002	34.00
January 1, 2006	35.50

Vested Benefits Upon Termination of Service

Vesting: 5 year cliff. All participants as of December 31, 2007 were deemed vested.

Termination Benefit: Benefits determined as for normal retirement using benefit service at termination date may commence on the employee's normal retirement date, or at any time after age 55 reduced for early retirement provided that the participant has 15 years of vesting service.

Death Benefits for Participants in Active Service

Eligibility: Available to the spouse of a vested participant if the participant and his or her spouse have been legally married for a 12-month period prior to death.

Benefit: Monthly amount payable for life with each payment equal to fifty percent (50%) of the monthly benefit the employee would have received had he terminated the day before his death, survived to his earliest retirement age, elected to receive his benefit immediately as a joint and 50% survivor benefit and died the following day.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Optional Forms of Retirement Income in Lieu of Normal Form

- Life Only
- Joint & 50% Survivor
- Joint & 66 ⅔% Survivor
- Joint & 75% Survivor
- Joint & 100% Survivor
- Life and 60, 120, or 180 months certain
- Lump sums

Optional forms are determined using 7% interest and UP-84 mortality. Lump sums are determined using actuarial equivalence assumptions prescribed by IRC 417(e).

Pension Increases

Effective Date	December 1, 1966. Effective December 1, 1993 Ameron Pension Plan for Hourly Employees and Pension Plan for Salaried Employees were merged to form the Ameron Pension Plan.
Covered Employees	All hourly employees; participation closed as of December 31, 2011 for non-union employees and participation closed as of January 31, 2014 for Tracy Union employees.
Participation Date	Date of employment
Vesting Service	One year for each Plan year participant works at least 700 hours.
Pension Service	One-twelfth of a year of service for each 100 hours, up to one year. No service accrual past December 31, 2011 for non-union employees. No service accrual past January 31, 2014 for Tracy Union employees.
Normal Retirement Date (NRD)	First of month coinciding with or next following the attainment of age 65 or five years from the date of hire if hired after age 60.
Monthly Pension Benefit	Monthly benefit rate[1] times pension service. Monthly benefit rates are determined according to the bargaining unit the participant is employed by at retirement.
Monthly Preretirement Death Benefit	50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.
Normal Retirement	Eligibility: Retirement on NRD Monthly Benefit: Monthly pension benefit determined as of NRD

[1] Schedule of Monthly Benefit Rates attached

SCHEDULE SB ATTACHMENTS

Early Retirement	Eligibility: Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service. Monthly Benefit: Monthly pension benefit determined as of early retirement date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Postponed Retirement	Eligibility: Retirement after NRD Monthly Benefit: Monthly pension benefit determined as of actual retirement date
Vested Termination	Eligibility: Termination for reasons other than death or retirement after completing five years of vesting service. Monthly Benefit: Monthly pension benefit determined as of termination date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Disability	Eligibility: Permanent and total disability prior to NRD after completing five years of vesting service[2]. Monthly Benefit: Monthly pension benefit determined as of the date of disablement with credited service continuing until normal retirement date.
Preretirement Death Benefit	Eligibility: Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse. Monthly Benefit: Monthly preretirement death benefit payable on behalf of active and terminated vested employees is reduced by 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the date the participant would have been 65 years old. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

[2] Employees of the Steel and Wire Division require 10 years of Vesting Service.

SCHEDULE SB ATTACHMENTS

Forms of Payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Actuarial equivalence is based on 7% interest and 1975 Group Annuity Mortality Table (assuming all Employees are male and all Spouses are female). Optional forms are a 75% joint and survivor annuity, a 66-2/3% joint and survivor annuity, a ten-year certain and life annuity, a level income option, a lump sum, or (for married participants) a life annuity.
Maximum on Benefits and Pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.
Benefit for Transfers To or From Salaried Status	Hourly employees who transfer to salaried status will receive the greater of two benefits: (1) a benefit under the salaried employee formula based on service as both an hourly and salaried employee and (2) a benefit under the hourly employee formula based on service as an hourly employee plus a benefit under the salaried employee formula based on service from the transfer date. Salaried employees who transfer to hourly status will receive a benefit under the salaried employee formula based on service as a salaried employee and a benefit under the hourly employee formula based on service from the transfer date.

Monthly Benefit: Monthly preretirement death benefit payable on behalf of active and terminated vested employees is reduced by 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the date the participant would have been 65 years old. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

SCHEDULE SB ATTACHMENTS

Forms of Payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Actuarial equivalence is based on 7% interest and 1975 Group Annuity Mortality Table (assuming all Employees are male and all Spouses are female). Optional forms are a 75% joint and survivor annuity, a 66 2/3% joint and survivor annuity, a ten-year certain and life annuity, a level income option, a lump sum or (for married participants) a life annuity.
Maximum on Benefits and Pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Monthly Pension Benefit

The benefit is equal to 44.02% of average compensation up to covered compensation plus 68.52% of average compensation in excess of covered compensation prorated for service at normal retirement less than 35 years, and multiplied by the service at termination divided by service at normal retirement. Certain other adjustments may be made if necessary to satisfy social security integration requirements.

If a participant also participated in the Guyon plan, then the total benefit is the sum of the accrued benefit under the Guyon plan plus the benefit under this plan accrued for service after July 6, 1992.

Monthly Preretirement Death Benefit

The Present value of the Participant's Vested Interest in his Accrued Benefit.

Normal Retirement

Eligibility: Retirement on NRD

Monthly Benefit: Monthly pension benefit determined as of NRD

Early Retirement

Eligibility: The plan does not provide for early retirement

Monthly Benefit: Monthly pension benefit determined as of NRD

Late Retirement

Eligibility: Retirement after NRD

Monthly Benefit: Monthly pension benefit determined as of actual retirement date increased by an actuarial equivalent factor

Vested Termination

Eligibility: Termination for reasons other than death or retirement after completing three years of vesting service.

Monthly Benefit: Vesting occurs under a graded vesting schedule as follows:

Years of Service	Vesting Percentage
0-2	0%
3	20%
4	40%
5	60%
6	80%
7+	100%

Participants become 100% vested after 7 years of service. All participants continue to accrue Vesting Service until date of termination. Vested benefit is found by multiplying the participant's accrued benefit by the vested percentage as of NRD.

SCHEDULE SB ATTACHMENTS

Disability

Eligibility: Disability after completing three years of vesting service

Monthly Benefit: A reduced benefit based on the vested termination benefit and age at any time following disablement.

Preretirement Death Benefit

Eligibility: Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.

Monthly Benefit: Present value of the participant's vested accrued benefit.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Forms of Payment

The plan provides optional payment forms of lump sums for all participants and the qualified 50%, 75% and 100% J&S options for married participants on an actuarially equivalent basis. Actuarial Equivalence for this purpose is based on the following:

Interest Rate	Pre-Retirement	Post-Retirement
Mortality	8%	7.75%
	None	1983 Basic Gender Neutral with 3 year setback; projected for 10 years using Scale G.

FOR R&M CASH BALANCE (NON-FINAL AVERAGE PAY) PARTICIPANTS

Effective Date

The plan was originally effective February 1, 1957.

Coverage and Participation

Salaried employees of an Employing Unit are eligible to participate on their date of hire provided they are employed to work at least 1,000 hours per year. The plan was frozen effective December 31, 2005, so employees hired after that date are not eligible for plan participation.

Employing Unit	Credits Effective
Chemineer	July 1, 1994
Edlon	July 1, 1994
Pfaudler	July 1, 1994
Corporate	January 1, 2000
Moyno	January 1, 2000
Energy Systems	January 1, 2000

Account

An Account is established and maintained for each participant. Such Accounts are intended only as bookkeeping accounts and neither the maintenance nor the credits thereto shall be considered an allocation of any assets to such Account. Benefits provided under the Plan shall be paid from the general assets of the fund.

Accrued Benefits

An annual amount of benefit in the form of a single life annuity, commencing at Normal Retirement Date, where the single life annuity is the actuarial equivalent of the then current value of the Account.

Compensation

The annual basic wage paid inclusive of (a) and (b), but exclusive of (c)

(a) Overtime, bonus and commissions as reported on Form W-2.

(b) 401(k) or 125 contributions on behalf of an individual.

(c) Severance compensation and other extraordinary items of compensation.

Cash Balance Accounting

Pay-Based Credits to Account:

For each calendar quarter that an individual is both a participant and an eligible employee on and after the pay credit date and prior to the benefit commencement date, there shall be credited to his account an amount equal to a percentage of his compensation for such a quarter, the percentage varying depending on the participant's years of service as of the last day of such quarter. The plan was frozen effective December 31, 2005, therefore, participants do not receive any more pay based credits after this date.

Years of Service	Percentage of Compensation
Less than 15	5.0%
15 or more	6.5%

Notwithstanding the above, participants who were participants in the Pfaudler Salaried plan on August 1, 1990 received, for a period of ten years, double the pay credits specified above. Additionally, Moyno Oilfield participants in the R&M salaried final average pay plan on December 31, 1999 who transferred to R&M Energy Systems received double pay credits.

Interest Credits to Account:

Regular interest credits will be added to Accounts quarterly, based upon the greater of (a) or (b)

(a) 3.40%;

(b) The average yield of the U.S. Government One-Year Treasury Constant Maturities for the last business day of the 12 months ending August preceding the plan year for plan years beginning October 1, 1994 or later.

Although the plan was frozen effective December 31, 2005, interest credits continue to be earned on the accounts.

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following attainment of age 65.

Benefit Amount: Accrued Benefit.

Late Retirement

Eligibility: Continued employment after Normal Retirement Date.

Benefit: Benefit computed as for normal retirement.

Early Retirement Benefit

Eligibility: The attainment of age 55 with 3 years of Vesting Service.

Benefit: Vested Accrued Benefit.

SCHEDULE SB ATTACHMENTS

Disability Benefit

Eligibility: Immediately upon becoming totally and permanently disabled.

Benefit: Either (a) or (b)

(a) Accrued Benefit as of disability retirement date.

(b) Continued Interest Credits to Account until Normal Retirement Date. At age 65, the benefit is payable as a Normal Retirement Benefit.

Vested Benefits Upon Termination of Service

Vesting: 3 years of Vesting Service.

Termination Benefit: Vested Accrued Benefit determined by multiplying the Accrued Benefit by the following vesting schedule:

Completed Years of Service	Percentage of Accrued Benefit
Less than 3	0%
3 or more	100%

The Accrued Benefit is 100% vested if separation from service is by reason of death or total and permanent disability.

Death Benefit

If the beneficiary is not the participant's spouse, the beneficiary will receive the value of the deceased participant's Account the first day of the month following the month in which the participant dies.

If the beneficiary is the participant's spouse, the spouse may elect to receive either the value of the deceased participant's Account anytime between the date of death and the participant's Normal Retirement Date or a monthly annuity equal to the actuarial equivalent value of the participant's Accrued Benefit.

Normal Form of Payment

Life Only annuity for single participants; 50% Joint & Survivor annuity for married participants.

Optional Forms of Retirement Income in Lieu of Normal Form

- Life Only
- Joint & 50% Survivor
- Joint & 75% Survivor
- Joint & 100% Survivor
- Life and 120 months certain
- Lump sum

Actuarial Equivalence is based on 7% interest and UP-84 mortality.

Effective Date

The plan was originally effective February 1, 1957.

Coverage and Participation

Each salaried employee of a participating group who has completed 1,000 hours of service over a 12-month period and has attained age 21 is eligible.

Coverage is extended to all salaried employees of Robbins & Myers, Inc. hired before January 1, 1999, regardless of their age or service, who are on the Springfield, Ohio, payroll, which includes all salaried employees based in Springfield, Ohio, and upper management at the remote locations of other divisions of the Company.

Employees hired on or after January 1, 1999 are not covered under the final average pay formula.

The plan was frozen as of December 31, 2005.

Credited Service

The participant's Vesting Service reduced by:

- service before age 21 (age 25 prior to October 1, 1985) and completion of one year of service
- service as an inactive participant
- periods of layoff or non-military leave of absence in excess of three months; military leave of absence in excess of 36 months
- any remaining Vesting Service before his eligibility to participate in the Plan
- any remaining Vesting Service he receives credit for while not employed by the employer

Vesting Service

Continuous period of employment with the Company subject to the Break In Service rules of the Plan.

Final Average Earnings

The average of a participant's creditable earnings during the 60 consecutive calendar months that produce the highest average out of the last 120 consecutive calendar months of employment.

Covered Compensation

Based on a table determined by the participant's birth year, the amount represents the average of the Social Security Wage Base for the 35 years up to and including the year of the individual's Social Security Normal Retirement Age. For employees who terminate or retire before Social Security Normal Retirement Age, the Social Security Wage Base in the year of termination is used for all future years.

Actuarial Equivalence	7% interest, 1971 Group Annuity Table, 80% male/20% female weighting of annuity values. The Mortality Table prescribed under section 417(e)(3)(A)(ii)(I) ("Applicable Mortality Table"), and the applicable segment rates specified in section 417(e)(3)(A)(ii)(II) for the month of August (the "look back month") that precedes the Plan Year (the "stability period") in which the distribution is made is used for lump sum distributions.
Limitation Year	Calendar Year
Prior Plan Benefits	A participant's normal retirement benefit shall not be less than an amount equal to the Accrued Benefit which he would have been entitled to receive under the terms of the Plan as in effect on September 30, 1989, based on his Credited Service and Final Average Earnings on that date.
Transferred Employees	Transferred Out: A participant transferred to employment status not covered by this Plan continues to accrue Vesting Service for purposes of eligibility (but not Credited Service) after his transfer. His benefit amount under this Plan will be based on his Credited Service at time of transfer and on the plan provisions in effect on such date. Transferred In: An employee who becomes a participant upon transfer to employment status covered by this Plan is credited with his Vesting Service for all his employment with the Company before and after such transfer. His Credited Service will include his Credited Service under the plan of which he was a participant at the time of transfer but his benefit under this Plan shall be reduced by any other pension based on such pre-transfer Credited Service. However, his benefit under this Plan will not be less than the benefit based solely on his Credited Service accrued under this Plan.

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following the attainment of age 65 with 5 years of Vesting Service.

Benefit Formula: The normal retirement benefit is the sum of (a) and (b)

(a) 1.0% of Final Average Earnings plus 0.40% of Final Average Earnings in excess of Covered Compensation, multiplied by years of Credited Service (maximum 35 years of service)

For employees who retire April 1, 1988 or later, a supplemental pension is paid, at age 65, equal to $5.00 per month per year of Vesting Service (maximum 35 years of service).

(b) The amount accrued while a participant in another plan in the participating group prior to becoming a transferred participant; based on his Credited Service accrued while a participant in each such participating group, his Final Average Earnings computed and the benefit rates in effect thereunder at his termination of Vesting Service. The term "transferred participant" means a participant in one participating group who is transferred to another participating group.

If the participant becomes an inactive participant (one who is transferred to an employee group which is not a participating group) his benefit will be as described in (b) above but based on his Final Average Earnings and the benefit rate in effect at the date he becomes an inactive participant.

The plan was frozen effective December 31, 2005. Pay and service earned after this date are not considered when determining the amount of Accrued Benefit.

Normal Form of Benefit

A monthly annuity for life for single participants; 55% Joint & Survivor annuity for married participants.

Late Retirement

Benefit computed as for normal retirement but based on Final Average Earnings and Credited Service at date of Late Retirement.

Early Retirement Benefit

Eligibility: The attainment of age 55 with 5 years of Vesting Service.

Benefit: Accrued normal retirement benefit based on Final Average Earnings and Credited Service at date of retirement and reduced by 1/2 of 1% for each month, if any, up to a maximum of 120 months, by which the benefit commencement date precedes age 65. If, however, the sum of the participant's age at retirement and his Vesting Service equals 90 or more, the reduction is 1/4 of 1% for each month, if any, by which the benefit commencement date precedes age 65.

SCHEDULE SB ATTACHMENTS

Disability	Participants continue to accrue Vesting Service and Credited Service while receiving LTD benefits. No special retirement is established for disabled participants.
Vested Benefits Upon Termination of Service	Vesting: 5 years of Vesting Service. Termination Benefit: Accrued normal retirement benefit based on Final Average Earnings and Credited Service at date of termination. Benefit payable at age 65, or after age 55 with early retirement reduction.
Spouse Death Benefit Coverage	The surviving spouse of an active participant who dies prior to retirement but after becoming vested will receive 55% of the reduced benefit the participant would have received if he had retired on the day before his death and had elected the joint and survivor option. The surviving spouse's benefit is payable for the life of the spouse beginning on the later of the participant's date of death or date he would have attained age 55. This benefit is also available to terminated vested employees. If the participant dies before early retirement age, benefits to the surviving spouse are deferred until the date at which the participant would have been able to elect earliest retirement. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.
Optional Forms of Retirement Income in Lieu of Normal Form	■ Life Only ■ Joint & 55% Survivor ■ Joint & 75% Survivor ■ Life and 120 months certain ■ Lump sum

Deferred Vested Separation

Separation from employment after completing at least five years of continuous service and not eligible to receive an immediate pension.

Permanent Incapacity Retirement

Termination due to disability after completing 15 or more years of continuous service. Disablement must continue for a period of five consecutive months, be permanent in the opinion of a physician appointed by the Plan Sponsor, and prevent the participant from engaging in any employment of the type specified in the applicable labor agreement.

Special Retirements

Special retirement provisions apply in the event of certain layoffs (e.g., one resulting from a permanent shutdown) prior to a participant being eligible for an immediate unreduced pension on Normal, 62/15, or 30-Year Retirement:

70/80 Retirement after 15 years of continuous service and either (a) attainment of age 55 or (b) having age plus service equal at least 80.

Rule-of-65 Retirement after 20 years of continuous service, on last day worked, before attainment of age 55, and after age plus service equal at least 65 but less than 80.

Pension Benefits

A participant's pension benefit consists of a Special initial Payment plus a Regular Pension amount.

Special Payment: A lump sum payment generally equal to about three months of adjusted vacation pay reduced by all vacation pay received in the year of retirement.

This special payment is inapplicable in the case of any participant eligible for Permanent Incapacity Retirement or a deferred vested pension.

Regular Pension: A monthly amount determined as the maximum of (a) or (b) below:

(AME = Average Monthly Earnings)

(YOCS = Years of Continuous Service and fractions thereof calculated to the nearest month)

(a) Percent Pension:

[.011 x (YOCS ≤ 30) + .012 x (YOCS >30)] x AME

Multiplied by 1.05 for retirements before 1/31/91.

(b) Minimum Pension:

$1.00 X YOCS + $17.50 x (YOCS ≤ 15) +
$19.00 x (15 < YOCS ≤ 30) + $20.50 x (YOCS > 30)

Pension Benefits (continued)

Commencement Dates:

- Special Payment: Individuals taking Permanent Incapacity Retirement or a deferred vested pension do not receive the Special Payment. For Normal, 62/15, 30-Year, 70/80 and Rule-of-65 Retirements, the Special Payment is payable in the month following the participant's retirement. For a participant taking the 60/15 Retirement, the Special Payment is made in the month following attainment of age 62 unless the participant elects earlier benefit commencement, in which case the Special Payment is made in the month following the benefit commencement date.
- Regular Pension: The Regular Pension will be paid commencing with the month following the three-month period for which the Special Payment is made; for deferred vested pensions, commencing with the month following the participant's 62nd birthday (65th birthday if separated from service before attaining age 40 and completing 15 years of continuous service) unless the participant elects earlier commencement, in which case the Regular Pension will be paid commencing with the month following the benefit commencement date. For a 60/15 retirement, the Regular Pension is deferred to the fourth month following the participant's 62nd birthday unless the participant elects earlier commencement.
- Special Retirement Benefits: In general, a layoff period of up to two years will be included in an individual's continuous service and can be used to satisfy eligibility requirements.

Early Commencement Reduction Factors: For 60/15 Retirements with benefits commencing between age 60 and age 62, the reduction for early commencement is 8.55% for the first year and an additional 7.63% for the next year that benefits commence prior to age 62. The same pre-62 early commencement reductions apply to the deferred vested pensions of those who had attained age 40 and completed 15 years of continuous service at termination.

The deferred vested pensions of those who had not attained age 40 or completed 15 years of continuous service at termination are reduced for pre-65 early commencements as follows:

- 9.28% for the first year commencement precedes age 65
- 8.19% for the next year
- 7.25% for the next year
- 6.43% for the next year
- 5.75% for the next year (earliest commencement at age 60)

Monthly Accrued Benefit

At any time, a Participant's monthly accrued benefit is equal to the Regular Pension calculated using creditable earnings and continuous service to date.

SCHEDULE SB ATTACHMENTS

Additional Pension Payments	Under Permanent Incapacity, 70/80, and Rule-of-65 Retirements, the Regular Pension is increased $400/month until the participant is eligible for Social Security benefits. For Rule-of-65 Retirements, this amount is reduced $1 for each $2 of annual earned income during retirement that exceeds $5,500.
Pension Benefit Reductions	Various benefit reductions are specified in the Plan document for Public Pensions, Other Pensions, Disability Payments, Severance Allowances, etc. The principal reduction applicable is for benefits payable under the USX Corporation Plan for Employee Pension Benefits, for service credited under this plan. These USX benefits as of August 1, 1987 offset the benefits otherwise payable under this plan.
USX Share of Special Retirement and Additional Pension Payments	USX will pick up its pro rata share of retirement benefits and all additional supplemental benefits (i.e., $400/month) for individuals eligible for the Special Retirement Benefits as of August 1, 1989. However, under Rule-of-65 Retirement, the individual had to have 20 years of service as of August 1, 1987.
Payment Options	In lieu of the payment for life normal payment form, a Member may elect to be paid under an optional co-pensioner annuity payment form. If so elected, the Member would receive a reduced monthly benefit during his or her lifetime so that a portion (50% to 100%) of this monthly amount would continue after his or her death for the lifetime of a designated beneficiary. If a Member is married (at least one year) when his benefits are to commence, he will automatically receive benefit payments under the 50% co-pensioner option with his spouse as the beneficiary (i.e., the Automatic 50% Spouse Option) unless he rejects this option in writing. The rejection and election of another option must be accompanied by a notarized statement by the Member's spouse agreeing to the rejection and election. Effective February 11, 2009, a lump sum form of payment is available on the present value of the Accrued Benefit. Actuarial equivalence is determined using annual interest rate on 30-year Treasury securities published in the Internal Bulletin for the second full month preceding the first day of the Plan year and mortality that is required by IRC 417(e).

Spouse Death Benefit Coverage

a. Pre-Pension Spouse Coverage: This coverage is available to active participants age 55 with 15 years of continuous service or age 60 with 10 years of continuous service. It is paid for by electing participants through plan benefit reductions equal to .7% for each year the coverage is in effect. If covered, a surviving spouse could immediately receive 50% of the amount the participant would have received had he retired on the date of his death (without reduction for early benefit commencement) under the Automatic 50% Spouse (Annuity) Option, payable for the spouse's lifetime.

Any monthly payment resulting from this coverage will be in addition to any Surviving Spouses' Benefit under Section c. below, provided the sum of such benefits does not exceed 100% of the amount the participant would have received during their lifetime.

b. REA Pre-Retirement Survivor Annuity Coverage: This is automatic coverage for any married participant with at least five years of continuous service unless revoked with the concurrence of the spouse. It is paid for by the covered participant through Plan benefit reductions stipulated in the Plan document. It is not available to a participant who has elected the above Pre-Pension Spouse Coverage. Under this coverage, if a vested Member (whether an active or a former employee) dies before receiving any benefits from the Plan, his spouse would be eligible to receive an annuity for life commencing on the date the Member would have attained age 60, or immediately if the Member had already attained age 60 or completed 30 years of continuous service. The amount of the monthly benefit is equal to ½ the reduced monthly benefit that would have been payable to the Member had he retired just prior to his death or had he terminated employment (if not already the case) just prior to his death and survived to age 60, and then requested immediate benefits under the Automatic 50% Spouse Option. There is no benefit reduction for early commencement for participants who die in active service. However, any benefits payable under this provision will be reduced by any benefits paid pursuant to the Surviving Spouse's Benefit described below.

SCHEDULE SB ATTACHMENTS

Spouse Death Benefit Coverage (continued)

c. Surviving Spouse's Benefit: This benefit is payable to the spouse of any participant who has completed at least 15 years of continuous service and who dies either while accruing continuous service or after being eligible for retirement with an immediate pension. The Plan Sponsor bears the entire cost of providing this coverage. Benefits commence immediately; are 50% of the accrued benefit of an active participant, 50% of the benefit currently being paid to a retiree, or 50% of the benefit payable on immediate commencement for anyone deferring benefit payments; are paid for life; and are reduced by 50% of Social Security widow(er)'s benefits at the time they would be payable if eligible. Minimum benefits of $150 per month prior to Social Security widow(er) eligibility and $100 per month thereafter were the benefits valued after retirement.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

FOR IRI PARTICIPANTS

Effective Date	August 1, 1985. IRI International was created as a joint venture of Ingersoll-Rand Oilfield Products (IROP) and the IDECO division of Dresser Industries, and employees of IRI International retain benefits in these Plans based on the same service used to determine benefits under this Plan.
Effective Date of Most Recent Amendment	The Plan was amended effective September 1, 1995 to freeze benefit accruals, prohibit new participants entering the Plan, add the Supplemental Retirement Benefit described under Normal Retirement below, and establish 401(h) Medical Benefit Accounts. The plan was last amended effective April 1, 2005 to re-categorize the supplemental Medicare insurance premiums as a special supplemental pension benefit. The Plan was amended effective February 11, 2009 to offer a lump sum form of payment.
Service	An employee receives credit for service after August 1, 1985 for vesting and benefit accrual based on the period of time between the employment commencement date and the severance from service date. Service spanning rules apply for vesting. Partial years of vesting service shall be disregarded. Partial years of benefit service are credited at the rate of 1/12 for each calendar month with at least one Hour of Service. No benefit service accrues after September 1, 1995. Service prior to August 1, 1985 is as credited under the IROP and Dresser Plans described below.
Normal Retirement Date	The first day of the month coincident with or next following the attainment of age 65.
Plan Compensation	Compensation includes total regular base salary actually paid to an employee {including amounts deferred under a Section 125 or Section 401(k) salary reduction agreement}, but excluding bonuses, overtime and other forms of incentive earnings, subject to 401(a)17 limits.
Final Average Monthly Compensation	The average of Plan Compensation during the highest 60 consecutive months.

SCHEDULE SB ATTACHMENTS

Estimated Primary Social Security Benefit

The monthly amount available at age 65 as the Primary Insurance Amount under the Social Security Law in effect on the earlier of September 1, 1995, the member's termination of employment, or Normal Retirement Date. For participants eligible for early retirement, the monthly Primary Insurance Amount available at the earliest entitlement age for Social Security, or current age if older. The monthly Primary Insurance Amount is calculated assuming no future earnings, after the earlier or September 1, 1995 or separation from employment.

Accrued Benefit

A participant's Accrued Benefit at any given date equals the benefit calculated under the Normal Retirement Benefit formula using Final Average Monthly Compensation, Estimated Primary Social Security Benefit and Credited Service at date of determination or September 1, 1995 if earlier.

Normal Retirement

Eligibility: Retirement upon attaining Age 65.

Monthly Benefit:

The Normal Retirement Benefit is 1.67% of Final Average Monthly Compensation multiplied by credited service, less 1.25% of the Estimated Primary Social Security Benefit, multiplied by Credited Service limited to 40 years; but not greater than the excess of Final Average Monthly Compensation over the Estimated Primary Social Security Benefit.

The monthly benefit should be reduced by the amount of monthly benefit, if any, payable under the Cabot Pension Plan or the prior plan (GA-79 with Aetna Life Insurance Employer), or both, with respect to the same period for which credited with a benefit under this Plan.

Supplemental Retirement Benefit: Participants who are between the ages of 45 and 55 and have completed at least ten years of service as of September 1, 1995, and who work until normal or late retirement will receive an additional $100 monthly, lifetime benefit.

Early Retirement

Eligibility: The first day of any month coincident with or next following the attainment of age 55 and completion of 10 years of Vesting Service.

Monthly Benefit: If payments begin before age 62, the Accrued Benefit is reduced 3% per year. If payments are deferred to age 62 or later, the full Accrued Benefit is payable.

SCHEDULE SB ATTACHMENTS

Late Retirement

Eligibility: Termination of service after attainment of age 65.

Monthly Benefit: The Normal Retirement Benefit based on Final Average Monthly Compensation, Credited Service, and the Estimated Primary Social Security Benefit payable at date of termination. The monthly benefit should not be less than the Normal Retirement Benefit.

Permanent Disability Benefit

Eligibility: Total and permanent disablement after ten years of Vesting Service.

Monthly Benefit: A monthly benefit equal to the Normal Retirement Benefit based upon credited service the employee would have had at his Normal Retirement Date and a rate of compensation that continued unchanged to such date, reduced by the amount entitled to receive under Worker's Compensation. The benefit is payable when the Social Security disability award is granted and ceases when such employee ceases to be totally and permanently disabled.

Other Termination

Eligibility: Termination of employment with at least five years of Vesting Service or attainment of age 65. (Ten years of Vesting Service required for early commencement at or after age 55.)

Monthly Benefit: The Accrued Benefit payable at the Normal Retirement Date. If benefits commence prior to age 65, they are actuarially reduced. (.729%/month for each of the first 60 months; .375%/month thereafter.)

Pre-Retirement Death Benefit

Eligibility: (a) Death of a married active employee after completing five years of Vesting Service or attained the age of 65; or (b) death of a married terminated participant eligible for a deferred benefit.

Monthly Benefit: (a) A reduced monthly benefit equal to 50% of the Normal Retirement Benefit as though the employee had continued in service to the Normal Retirement Date at his last regular rate of compensation, adjusted for form of payment; or (b) a reduced monthly benefit that would have been payable if the employee had elected to receive his deferred benefit in the form of a joint and 50% survivor annuity.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Normal Form of Benefit

The normal form of benefit is a monthly life annuity. However, if a participant is married prior to the date his benefits commence and if he had not elected otherwise, the full benefit will be payable in the form of a joint and 50% survivor annuity.

SCHEDULE SB ATTACHMENTS

Optional Forms of Payment	75% and 100% survivor annuity; certain and life annuity; lump sum benefit. Actuarial equivalence is determined using 6% interest, except for purposes of IRC 415 for which 5% interest will be used, and UP-84 mortality.
Special Supplemental Pension Benefit	Eligibility: Retired participant employed on September 1, 1995 and as of such date was at least 55 and had completed 10 years of Vesting Service. A retired participant's spouse is also eligible if they were eligible to be covered by the employer's medical plan as of September 1, 1995. Monthly Benefit: Effective April 1, 1996, $600 per year increased each year by $37.50 payable when participant attains age 65. A participant's eligible spouse will be paid an equal benefit upon attainment of age 65.

FOR REED HOURLY PARTICIPANTS

Effective Date

The plan was originally effective December 1, 1986.

Coverage and Participation

The plan was frozen to new entrants on December 31, 2007.

Credited Service

Elapsed time from the later of December 1, 1986 or date of hire to the earlier of date of termination or December 31, 2007.

Vesting Service

All participants were deemed vested as of December 31, 2007. Vesting service is the elapsed time from date of hire to date of termination.

Special Service Rule

Employees on lay-off status earn both Credited Service and Vesting Service until the earlier of 36 months of lay-off status, their termination of employment or December 31, 2007.

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following attainment of age 65 or age 60 and 15 years of vesting service.

Benefit Formula: The monthly normal retirement benefit is equal to Credited Service at earlier of termination or December 31, 2007 times the applicable dollar amount in effect at termination, as shown in the table below.

Termination Date on or After	Applicable Dollar Amount
August 1, 1993	$21.50
August 1, 1994	22.50
August 1, 1995	23.50
August 1, 1997	25.50
August 1, 1998	27.50
January 1, 1999	29.50
January 1, 2000	30.00
January 1, 2001	32.00
January 1, 2002	34.00
January 1, 2006	35.50

Normal Form of Benefit: Life Annuity

SCHEDULE SB ATTACHMENTS

Special Lump Sum Benefit

A participant who terminates employment on or after January 1, 2000 shall receive a single lump sum payment on their normal retirement date based on the applicable dollar amount shown in the table below, as in effect on the date of such Participant's termination of employment, multiplied by Credited Service at the time of termination.

Termination Date on or After	Applicable Dollar Amount
January 1, 2000	$400.00
January 1, 2001	500.00
January 1, 2002	600.00
January 1, 2006	450.00

For active participants who are Early Retirement eligible, the lump sum calculated above is payable at the date of early retirement reduced by the actuarial equivalence assumptions prescribed by IRC 417(e).

Late Retirement

For the period of continued employment from Normal Retirement Date to the earlier of April 1 following the calendar year in which a participant attains age 70½, or retirement, the monthly pension payable to a participant who retires after his Normal Retirement Date shall be equal to the greater of:

- such participants Vested Accrued benefit taking into account the benefit service earned subsequent to Normal Retirement Date; and
- a retirement benefit, the single sum value of which, at his actual retirement date, equals the sum of (a) the single-sum value of his Vested Accrued Benefit to which he was entitled on his Normal Retirement Date plus (b) the amount of interest at 5% per annum on such single-sum value in (a) above with such interest being compounded annually from the Participant's Normal Retirement Date to his Late Retirement Date.

For the period of employment from April 1st following the calendar year in which a participant attains age 70½, the amount of benefit described above on such April 1st will be subject to increase at the beginning of each subsequent calendar year, or earlier retirement. For a participant in active employment not receiving in-service payments, the amount of such income shall be the greater of:

- the amount of additional benefit accrual under the applicable formula from the preceding first day of the calendar year, and
- the amount of actuarial equivalent increase in benefit due to the delay in payment from the preceding first day of the calendar year. The amount of prior benefit used for determining such increase will be the prior benefit after taking into account any prior adjustment as described in this paragraph (ii)

Accrued Benefit

The normal retirement benefit earned as of the valuation date.

SCHEDULE SB ATTACHMENTS

Early Retirement Benefit

Eligibility: Attainment of age 55 with 15 years of vesting service.

Benefit: The early retirement benefit is the participant's accrued benefit as of the early retirement date reduced according to the following table with intermediate values interpolated.

Age	Reduction Factor
55	0.6164
56	0.6766
57	0.7439
58	0.8194
59	0.9043
60	1.0000

The additional lump sum benefit payable at early retirement is the participant's accrued additional lump sum benefit as of the early retirement date reduced by the actuarial equivalence assumptions prescribed by IRC 417(e).

Disability Benefit

Eligibility: 15 years of vesting service.

Benefit: The participant's accrued benefit considering service to date of disability, unreduced for early commencement.

Waiting Period: The earlier of (a) the first day of the seventh month following the month in which the participant becomes disabled, or (b) normal retirement date.

Supplemental Benefit: A participant who becomes entitled to the basic disability retirement benefits described above shall also be entitled to a monthly supplemental disability retirement benefit if the date of seniority as determined by the Agreement is before December 31, 1986. The amount of the benefit is the product of the participant's benefit service under the Predecessor Plan from date of seniority through November 30, 1986 and the dollar amount shown is the following table:

Date of Disability on or after	Applicable Dollar Amount
December 1, 1986	$18.00
August 1, 1993	21.50
August 1, 1996	23.50
August 1, 1997	25.50
August 1, 1998	27.50
January 1, 1999	29.50
January 1, 2000	30.00

January 1, 2002	34.00
January 1, 2006	35.50

SCHEDULE SB ATTACHMENTS

Vested Benefits Upon Termination of Service

Vesting: 5 year cliff. All participants as of December 31, 2007 were deemed vested.

Termination Benefit: Benefits determined as for normal retirement using benefit service at termination date may commence on the employee's normal retirement date, or at any time after age 55 reduced for early retirement provided that the participant has 15 years of vesting service.

Death Benefits for Participants in Active Service

Eligibility: Available to the spouse of a vested participant if the participant and his or her spouse have been legally married for a 12-month period prior to death.

Benefit: Monthly amount payable for life with each payment equal to fifty percent (50%) of the monthly benefit the employee would have received had he terminated the day before his death, survived to his earliest retirement age, elected to receive his benefit immediately as a joint and 50% survivor benefit and died the following day.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Optional Forms of Retirement Income in Lieu of Normal Form

- Life Only
- Joint & 50% Survivor
- Joint & 66 ⅔% Survivor
- Joint & 75% Survivor
- Joint & 100% Survivor
- Life and 60, 120, or 180 months certain
- Lump sums

Optional forms are determined using 7% interest and UP-84 mortality. Lump sums are determined using actuarial equivalence assumptions prescribed by IRC 417(e).

Pension Increases

None

FOR AMERON PENSION PLAN HOURLY PARTICIPANTS

Effective Date	December 1, 1966. Effective December 1, 1993 Ameron Pension Plan for Hourly Employees and Pension Plan for Salaried Employees were merged to form the Ameron Pension Plan.
Covered Employees	All hourly employees; participation closed as of December 31, 2011 for non-union employees and participation closed as of January 31, 2014 for Tracy Union employees.
Participation Date	Date of employment
Vesting Service	One year for each Plan year participant works at least 700 hours.
Pension Service	One-twelfth of a year of service for each 100 hours, up to one year. No service accrual past December 31, 2011 for non-union employees. No service accrual past January 31, 2014 for Tracy Union employees.
Normal Retirement Date (NRD)	First of month coinciding with or next following the attainment of age 65 or five years from the date of hire if hired after age 60.
Monthly Pension Benefit	Monthly benefit rate[1] times pension service. Monthly benefit rates are determined according to the bargaining unit the participant is employed by at retirement.
Monthly Preretirement Death Benefit	50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.
Normal Retirement	Eligibility: Retirement on NRD Monthly Benefit: Monthly pension benefit determined as of NRD

[1] Schedule of Monthly Benefit Rates attached

SCHEDULE SB ATTACHMENTS

Early Retirement	Eligibility: Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service. Monthly Benefit: Monthly pension benefit determined as of early retirement date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Postponed Retirement	Eligibility: Retirement after NRD Monthly Benefit: Monthly pension benefit determined as of actual retirement date
Vested Termination	Eligibility: Termination for reasons other than death or retirement after completing five years of vesting service. Monthly Benefit: Monthly pension benefit determined as of termination date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Disability	Eligibility: Permanent and total disability prior to NRD after completing five years of vesting service[2]. Monthly Benefit: Monthly pension benefit determined as of the date of disablement with credited service continuing until normal retirement date.
Preretirement Death Benefit	Eligibility: Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse. Monthly Benefit: Monthly preretirement death benefit payable on behalf of active and terminated vested employees is reduced by 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the date the participant would have been 65 years old. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

[2] Employees of the Steel and Wire Division require 10 years of Vesting Service.

SCHEDULE SB ATTACHMENTS

Forms of Payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Actuarial equivalence is based on 7% interest and 1975 Group Annuity Mortality Table (assuming all Employees are male and all Spouses are female). Optional forms are a 75% joint and survivor annuity, a 66-2/3% joint and survivor annuity, a ten-year certain and life annuity, a level income option, a lump sum, or (for married participants) a life annuity.
Maximum on Benefits and Pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.
Benefit for Transfers To or From Salaried Status	Hourly employees who transfer to salaried status will receive the greater of two benefits: (1) a benefit under the salaried employee formula based on service as both an hourly and salaried employee and (2) a benefit under the hourly employee formula based on service as an hourly employee plus a benefit under the salaried employee formula based on service from the transfer date. Salaried employees who transfer to hourly status will receive a benefit under the salaried employee formula based on service as a salaried employee and a benefit under the hourly employee formula based on service from the transfer date.

FOR AMERON PENSION PLAN SALARIED PARTICIPANTS

Covered Employees	All salaried employees; participation closed December 31, 2011
Participation Date	Date of employment
Vesting Service	Continuous service from date of hire including fractional years.
Pension Service	One-twelfth of a month for each calendar month worked. Must be employed on 15th of month for credit. No service accrual past December 31, 2011.
Pensionable Pay	Basic salary, excluding overtime pay, severance pay, bonuses, commissions or any other forms of additional compensation. Pensionable pay after December 31, 2011 is not considered since the plan was amended to cease future benefit accrual.
Average Earnings	The average of the highest 60 consecutive months of pensionable pay during the 120 months ending on the earlier of the participant's termination date, retirement date or December 31, 2011.
Covered Compensation	Monthly average of the Social Security Taxable Wage Base for the 35 years preceding age 65.
Normal Retirement Date (NRD)	First of month coinciding with or next following the attainment of age 65 or five years from date of hire if hired after age 60.
Monthly Pension Benefit	One-twelfth of 1.35% of average earnings for up to 30 years of service, plus .6% of average earnings in excess of covered compensation for up to 30 years of service.
Monthly Preretirement Death Benefit	50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday.
Normal Retirement	Eligibility: Retirement on NRD Monthly Benefit: Monthly pension benefit determined as of NRD

Plan Name:	National Oilwell Defined Benefit Pension Plan
EIN / PN:	76-0488987/002
Plan Sponsor:	National Oilwell Varco L.P.
Valuation Date	January 1, 2018

SCHEDULE SB ATTACHMENTS

Early Retirement	Eligibility: Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service. Monthly Benefit: Monthly pension benefit determined as of early retirement date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Postponed Retirement	Eligibility: Retirement after NRD Monthly Benefit: Monthly pension benefit determined as of actual retirement date
Vested Termination	Eligibility: Termination for reasons other than death or retirement after completing five years of vesting service. Monthly Benefit: Monthly pension benefit determined as of termination date, reduced 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the participant's NRD.
Disability	Eligibility: Disabled with 4 or more Vesting Years of Service Monthly Benefit: Monthly pension benefit determined as of the date of disablement with credited service continuing until normal retirement date.
Preretirement Death Benefit	Eligibility: Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse. Monthly Benefit: Monthly preretirement death benefit payable on behalf of active and terminated vested employees is reduced by 5/9 of 1% for the first 60 months and 5/18 of 1% for the next 60 months that payment precedes the date the participant would have been 65 years old. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

SCHEDULE SB ATTACHMENTS

Forms of Payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Actuarial equivalence is based on 7% interest and 1975 Group Annuity Mortality Table (assuming all Employees are male and all Spouses are female). Optional forms are a 75% joint and survivor annuity, a 66 2/3% joint and survivor annuity, a ten-year certain and life annuity, a level income option, a lump sum or (for married participants) a life annuity.
Maximum on Benefits and Pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.
Benefit for Transfers To or From Hourly Status	Hourly employees who transfer to salaried status will receive the greater of two benefits: (1) a benefit under the salaried employee formula based on service as both an hourly and salaried employee and (2) a benefit under the hourly employee formula based on service as an hourly employee plus a benefit under the salaried employee formula based on service from the transfer date. Salaried employees who transfer to hourly status will receive a benefit under the salaried employee formula based on service as a salaried employee and a benefit under the hourly employee formula based on service from the transfer date.

Monthly Pension Benefit

The benefit is equal to 44.02% of average compensation up to covered compensation plus 68.52% of average compensation in excess of covered compensation prorated for service at normal retirement less than 35 years, and multiplied by the service at termination divided by service at normal retirement. Certain other adjustments may be made if necessary to satisfy social security integration requirements.

If a participant also participated in the Guyon plan, then the total benefit is the sum of the accrued benefit under the Guyon plan plus the benefit under this plan accrued for service after July 6, 1992.

Monthly Preretirement Death Benefit

The Present value of the Participant's Vested Interest in his Accrued Benefit.

Normal Retirement

Eligibility: Retirement on NRD

Monthly Benefit: Monthly pension benefit determined as of NRD

Early Retirement

Eligibility: The plan does not provide for early retirement

Monthly Benefit: Monthly pension benefit determined as of NRD

Late Retirement

Eligibility: Retirement after NRD

Monthly Benefit: Monthly pension benefit determined as of actual retirement date increased by an actuarial equivalent factor

Vested Termination

Eligibility: Termination for reasons other than death or retirement after completing three years of vesting service.

Monthly Benefit: Vesting occurs under a graded vesting schedule as follows:

Years of Service	Vesting Percentage
0-2	0%
3	20%
4	40%
5	60%
6	80%
7+	100%

Participants become 100% vested after 7 years of service. All participants continue to accrue Vesting Service until date of termination. Vested benefit is found by multiplying the participant's accrued benefit by the vested percentage as of NRD.

SCHEDULE SB ATTACHMENTS

Disability

Eligibility: Disability after completing three years of vesting service

Monthly Benefit: A reduced benefit based on the vested termination benefit and age at any time following disablement.

Preretirement Death Benefit

Eligibility: Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.

Monthly Benefit: Present value of the participant's vested accrued benefit.

Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.

Forms of Payment

The plan provides optional payment forms of lump sums for all participants and the qualified 50%, 75% and 100% J&S options for married participants on an actuarially equivalent basis. Actuarial Equivalence for this purpose is based on the following:

Interest Rate	Pre-Retirement	Post-Retirement
Mortality	8%	7.75%
	None	1983 Basic Gender Neutral with 3 year setback; projected for 10 years using Scale G.

FOR R&M CASH BALANCE (NON-FINAL AVERAGE PAY) PARTICIPANTS

Effective Date

The plan was originally effective February 1, 1957.

Coverage and Participation

Salaried employees of an Employing Unit are eligible to participate on their date of hire provided they are employed to work at least 1,000 hours per year. The plan was frozen effective December 31, 2005, so employees hired after that date are not eligible for plan participation.

Employing Unit	Credits Effective
Chemineer	July 1, 1994
Edlon	July 1, 1994
Pfaudler	July 1, 1994
Corporate	January 1, 2000
Moyno	January 1, 2000
Energy Systems	January 1, 2000

Account

An Account is established and maintained for each participant. Such Accounts are intended only as bookkeeping accounts and neither the maintenance nor the credits thereto shall be considered an allocation of any assets to such Account. Benefits provided under the Plan shall be paid from the general assets of the fund.

Accrued Benefits

An annual amount of benefit in the form of a single life annuity, commencing at Normal Retirement Date, where the single life annuity is the actuarial equivalent of the then current value of the Account.

Compensation

The annual basic wage paid inclusive of (a) and (b), but exclusive of (c)

(a) Overtime, bonus and commissions as reported on Form W-2.

(b) 401(k) or 125 contributions on behalf of an individual.

(c) Severance compensation and other extraordinary items of compensation.

Cash Balance Accounting

Pay-Based Credits to Account:

For each calendar quarter that an individual is both a participant and an eligible employee on and after the pay credit date and prior to the benefit commencement date, there shall be credited to his account an amount equal to a percentage of his compensation for such a quarter, the percentage varying depending on the participant's years of service as of the last day of such quarter. The plan was frozen effective December 31, 2005, therefore, participants do not receive any more pay based credits after this date.

Years of Service	Percentage of Compensation
Less than 15	5.0%
15 or more	6.5%

Notwithstanding the above, participants who were participants in the Pfaudler Salaried plan on August 1, 1990 received, for a period of ten years, double the pay credits specified above. Additionally, Moyno Oilfield participants in the R&M salaried final average pay plan on December 31, 1999 who transferred to R&M Energy Systems received double pay credits.

Interest Credits to Account:

Regular interest credits will be added to Accounts quarterly, based upon the greater of (a) or (b)

(a) 3.40%;

(b) The average yield of the U.S. Government One-Year Treasury Constant Maturities for the last business day of the 12 months ending August preceding the plan year for plan years beginning October 1, 1994 or later.

Although the plan was frozen effective December 31, 2005, interest credits continue to be earned on the accounts.

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following attainment of age 65.

Benefit Amount: Accrued Benefit.

Late Retirement

Eligibility: Continued employment after Normal Retirement Date.

Benefit: Benefit computed as for normal retirement.

Early Retirement Benefit

Eligibility: The attainment of age 55 with 3 years of Vesting Service.

Benefit: Vested Accrued Benefit.

SCHEDULE SB ATTACHMENTS

Disability Benefit

Eligibility: Immediately upon becoming totally and permanently disabled.

Benefit: Either (a) or (b)

(a) Accrued Benefit as of disability retirement date.

(b) Continued Interest Credits to Account until Normal Retirement Date. At age 65, the benefit is payable as a Normal Retirement Benefit.

Vested Benefits Upon Termination of Service

Vesting: 3 years of Vesting Service.

Termination Benefit: Vested Accrued Benefit determined by multiplying the Accrued Benefit by the following vesting schedule:

Completed Years of Service	Percentage of Accrued Benefit
Less than 3	0%
3 or more	100%

The Accrued Benefit is 100% vested if separation from service is by reason of death or total and permanent disability.

Death Benefit

If the beneficiary is not the participant's spouse, the beneficiary will receive the value of the deceased participant's Account the first day of the month following the month in which the participant dies.

If the beneficiary is the participant's spouse, the spouse may elect to receive either the value of the deceased participant's Account anytime between the date of death and the participant's Normal Retirement Date or a monthly annuity equal to the actuarial equivalent value of the participant's Accrued Benefit.

Normal Form of Payment

Life Only annuity for single participants; 50% Joint & Survivor annuity for married participants.

Optional Forms of Retirement Income in Lieu of Normal Form

- Life Only
- Joint & 50% Survivor
- Joint & 75% Survivor
- Joint & 100% Survivor
- Life and 120 months certain
- Lump sum

Actuarial Equivalence is based on 7% interest and UP-84 mortality.

FOR R&M CASH BALANCE PLAN FINAL AVERAGE PAY PARTICIPANTS

Effective Date

The plan was originally effective February 1, 1957.

Coverage and Participation

Each salaried employee of a participating group who has completed 1,000 hours of service over a 12-month period and has attained age 21 is eligible.

Coverage is extended to all salaried employees of Robbins & Myers, Inc. hired before January 1, 1999, regardless of their age or service, who are on the Springfield, Ohio, payroll, which includes all salaried employees based in Springfield, Ohio, and upper management at the remote locations of other divisions of the Company.

Employees hired on or after January 1, 1999 are not covered under the final average pay formula.

The plan was frozen as of December 31, 2005.

Credited Service

The participant's Vesting Service reduced by:

- service before age 21 (age 25 prior to October 1, 1985) and completion of one year of service
- service as an inactive participant
- periods of layoff or non-military leave of absence in excess of three months; military leave of absence in excess of 36 months
- any remaining Vesting Service before his eligibility to participate in the Plan
- any remaining Vesting Service he receives credit for while not employed by the employer

Vesting Service

Continuous period of employment with the Company subject to the Break In Service rules of the Plan.

Final Average Earnings

The average of a participant's creditable earnings during the 60 consecutive calendar months that produce the highest average out of the last 120 consecutive calendar months of employment.

Covered Compensation

Based on a table determined by the participant's birth year, the amount represents the average of the Social Security Wage Base for the 35 years up to and including the year of the individual's Social Security Normal Retirement Age. For employees who terminate or retire before Social Security Normal Retirement Age, the Social Security Wage Base in the year of termination is used for all future years.

Actuarial Equivalence	7% interest, 1971 Group Annuity Table, 80% male/20% female weighting of annuity values. The Mortality Table prescribed under section 417(e)(3)(A)(ii)(I) ("Applicable Mortality Table"), and the applicable segment rates specified in section 417(e)(3)(A)(ii)(II) for the month of August (the "look back month") that precedes the Plan Year (the "stability period") in which the distribution is made is used for lump sum distributions.
Limitation Year	Calendar Year
Prior Plan Benefits	A participant's normal retirement benefit shall not be less than an amount equal to the Accrued Benefit which he would have been entitled to receive under the terms of the Plan as in effect on September 30, 1989, based on his Credited Service and Final Average Earnings on that date.
Transferred Employees	Transferred Out: A participant transferred to employment status not covered by this Plan continues to accrue Vesting Service for purposes of eligibility (but not Credited Service) after his transfer. His benefit amount under this Plan will be based on his Credited Service at time of transfer and on the plan provisions in effect on such date. Transferred In: An employee who becomes a participant upon transfer to employment status covered by this Plan is credited with his Vesting Service for all his employment with the Company before and after such transfer. His Credited Service will include his Credited Service under the plan of which he was a participant at the time of transfer but his benefit under this Plan shall be reduced by any other pension based on such pre-transfer Credited Service. However, his benefit under this Plan will not be less than the benefit based solely on his Credited Service accrued under this Plan.

SCHEDULE SB ATTACHMENTS

Normal Retirement Benefit

Normal Retirement Date: First day of the month coincident with or next following the attainment of age 65 with 5 years of Vesting Service.

Benefit Formula: The normal retirement benefit is the sum of (a) and (b)

(a) 1.0% of Final Average Earnings plus 0.40% of Final Average Earnings in excess of Covered Compensation, multiplied by years of Credited Service (maximum 35 years of service)

For employees who retire April 1, 1988 or later, a supplemental pension is paid, at age 65, equal to $5.00 per month per year of Vesting Service (maximum 35 years of service).

(b) The amount accrued while a participant in another plan in the participating group prior to becoming a transferred participant; based on his Credited Service accrued while a participant in each such participating group, his Final Average Earnings computed and the benefit rates in effect thereunder at his termination of Vesting Service. The term "transferred participant" means a participant in one participating group who is transferred to another participating group.

If the participant becomes an inactive participant (one who is transferred to an employee group which is not a participating group) his benefit will be as described in (b) above but based on his Final Average Earnings and the benefit rate in effect at the date he becomes an inactive participant.

The plan was frozen effective December 31, 2005. Pay and service earned after this date are not considered when determining the amount of Accrued Benefit.

Normal Form of Benefit

A monthly annuity for life for single participants; 55% Joint & Survivor annuity for married participants.

Late Retirement

Benefit computed as for normal retirement but based on Final Average Earnings and Credited Service at date of Late Retirement.

Early Retirement Benefit

Eligibility: The attainment of age 55 with 5 years of Vesting Service.

Benefit: Accrued normal retirement benefit based on Final Average Earnings and Credited Service at date of retirement and reduced by 1/2 of 1% for each month, if any, up to a maximum of 120 months, by which the benefit commencement date precedes age 65. If, however, the sum of the participant's age at retirement and his Vesting Service equals 90 or more, the reduction is 1/4 of 1% for each month, if any, by which the benefit commencement date precedes age 65.

SCHEDULE SB ATTACHMENTS

Disability	Participants continue to accrue Vesting Service and Credited Service while receiving LTD benefits. No special retirement is established for disabled participants.
Vested Benefits Upon Termination of Service	Vesting: 5 years of Vesting Service. Termination Benefit: Accrued normal retirement benefit based on Final Average Earnings and Credited Service at date of termination. Benefit payable at age 65, or after age 55 with early retirement reduction.
Spouse Death Benefit Coverage	The surviving spouse of an active participant who dies prior to retirement but after becoming vested will receive 55% of the reduced benefit the participant would have received if he had retired on the day before his death and had elected the joint and survivor option. The surviving spouse's benefit is payable for the life of the spouse beginning on the later of the participant's date of death or date he would have attained age 55. This benefit is also available to terminated vested employees. If the participant dies before early retirement age, benefits to the surviving spouse are deferred until the date at which the participant would have been able to elect earliest retirement. Effective January 1, 2016, Surviving Spouses may elect to receive the death benefit paid in a lump sum immediately upon the death of the participant.
Optional Forms of Retirement Income in Lieu of Normal Form	■ Life Only ■ Joint & 55% Survivor ■ Joint & 75% Survivor ■ Life and 120 months certain ■ Lump sum

Early Retirement Benefit	Eligibility: The earlier of the attainment of age 55 with 30 years of Vesting Service, age 60 with 15 years of Vesting Service or age 62 with 10 years of Vesting Service. Benefit: The early retirement benefit is the participant's accrued benefit based on Credited Service at early retirement and the benefit accrual rate then in effect payable at normal retirement date, reduced by 5/9% for each month by which the benefit commencement date precedes normal retirement date. No reduction is applied if retirement occurs after attainment of age 55 with 30 years of Vesting Service or age 62 with 10 years of Vesting Service.
Supplemental Benefit	An additional monthly benefit is payable to participants retiring with unreduced benefits in the amount of $350 from age 55 to age 62 and $250 from age 62 to age 65.
Disability Benefit	Eligibility: 10 years of Credited Service. Benefit: The participant's accrued benefit considering service to date of disability, unreduced for early commencement.
Vested Benefits Upon Termination of Service	Vesting: 5 years of Vesting Service. Termination Benefit: Benefits determined as for normal retirement using Credited Service at termination date and the benefit accrual rate then in effect payable at normal retirement date. If the participant meets any of the age and service requirements under early retirement, the benefit is reduced under the early retirement provisions, otherwise the benefit is reduced 5/9% for each month by which benefit payments begin before normal retirement date.

FOR US R&M HOURLY EMPLOYEES

Effective Date	The plan was originally effective October 1, 1956.
Coverage and Participation	The plan was closed to new entrants on February 1, 2008.
Credited Service	Service before October 1, 1978: Computed under the provisions of the plan as in effect on September 30, 1978. Service after October 1, 1978: Excludes any period prior to becoming a participant, any inactive period, and any approved absence period. A full year of Credited Service is given for 1,800 hours of service. A partial year is granted if at least 200 hours are worked. Credited service was frozen as of September 30, 2012.
Vesting Service	A plan year in which the participant completes 1,000 or more hours of service. A partial year is granted if at least 200 hours are worked.
Transferred Employees	Transferred Out: A participant transferred to employment status not covered by this Plan continues to accrue Vesting Service for purposes of eligibility (but not Credited Service) after his transfer. His benefit amount under this Plan will be based on his Credited Service at time of transfer and on the plan provisions in effect on such date. Transferred In: An employee who becomes a participant upon transfer to employment status covered by this Plan is credited with his Vesting Service for all his employment with the Company before and after such transfer. His Credited Service will include his Credited Service under the plan of which he was a participant at the time of transfer but his benefit under this Plan shall be reduced by any other pension based on such pre-transfer Credited Service. However, his benefit under this Plan will not be less than the benefit based solely on his Credited Service accrued under this Plan.
Actuarial Equivalence	7% interest, 1971 Group Annuity Table, 80% male/20% female weighting of annuity values. Effective January 1, 2008, the applicable mortality table and applicable interest rate for the month of August that precedes the Plan Year defined under Code section 417(e)(3) is used for lump sum distributions. Annuity conversion for the 55% Joint & Survivor benefit is equal to 0.9 adjusted for the age difference between the participants and their spouses.
