Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE A - DESCRIPTION OF PLAN

The following brief provisions of the Trac-Work, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

Trac-Work, Inc. Employee Stock Ownership Plan was established January 1, 1989, with an effective date of January 1, 1989 for the benefit of all employees of Trac-Work, Inc. (the "Employer"). The Plan is a non-contributory, Employee Stock Ownership Plan (ESOP), providing benefits to employees who meet the eligibility requirements indicated below.

The Plan is designed to comply with section 4975(e)(7) and the regulations there under of the Internal Revenue Code of the 1986, as amended (Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has filed for exemption from Federal Income Tax under the appropriate sections of the Code. Under such an exemption, employer contributions to the Plan, as well as investment earnings are not taxable to the participants until distributed. The Plan has received a favorable determination letter from the Internal Revenue Service covering the Plan's tax exempt status dated August 28, 2014.

Eligibility and Participation

Each eligible Employee becomes a Participant in the Plan on the nearest January 1 following completion of 12 months service. Participants must be at least 20.5 years of age. All Employees of Trac-Work, Inc. who met the eligibility requirements as of January 1, 1989 (the effective date of the Plan) became Participants of the Plan as of the effective date of the Plan. Participants are credited with one year of service for each 12 month period in which they complete at least 1,000 hours of service to the Employer beginning January 1, 1989.

Benefits

Employees will be entitled to receive the value of their account in this ESOP at normal retirement age 65. If an active Employee dies, a death benefit equal to the full value of the employee's account balance will be paid to the designated beneficiary. Active Employees who become totally disabled prior to their normal retirement age also become fully vested in their account values.

NOTE A - DESCRIPTION OF PLAN (continued)

Plan Termination

The Employer reserves a right to amend or terminate the Plan. In the event the Plan is terminated, the net assets of the Plan would be allocated, as prescribed by ERISA and its related regulations. All Participants become 100 percent vested at Plan termination.

Allocation of Employer Contributions and Forfeitures

Employer contributions will be allocated as of each anniversary date among the accounts of participants who are employed on the last day of the plan year, or employees whose employment terminated during the year because of retirement or death, in the proportion that each such participant's covered compensation bears to the total covered compensation of all such participants for that year. Forfeitures shall be allocated in the same manner as employer contributions are allocated. Forfeitures reallocated at December 31, 2018 and 2017 totaled $86,840 and $57,164, respectively.

Vesting

Vesting in the Company's discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. The Plan provides for 20% vesting of benefits after two years of service, and increases by 20% for each year of service. A participant is 100% vested after six years of credited service.

Employer Contributions

Contributions to this Plan by the Employer are discretionary and will be determined each year by the Board of Directors.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE A - DESCRIPTION OF PLAN (continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 4, 2019, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuations

The common shares of Trac-Work, Inc. are valued at fair value on December 31, 2018 and 2017. Fair value is determined by an annual independent appraisal. Certificates of deposit are valued based on amortized cost or original cost plus accrued interest.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Administration

The Employer pays substantially all costs associated with the operation of the Plan and serves as the Plan Administrator.

Operating Expenses

All expenses of maintaining the Plan are paid by the Employer.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Employer common shares is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities. The following table provides further details of the Level 3 fair value measurements.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Fair Value	Fair Value Measurement Significant Unobservable Inputs (Level 3)
December 31, 2018		
Trac-Work, Inc. Common Shares	$ 22,022,899	$ 22,022,899
	$ 22,022,899	$ 22,022,899

	$ 21,216,735	$ 21,216,735

The following table provides further details of the Plan's Level 3 fair value measurements.

	Trac-Work, Inc. Common Shares

Beginning balance	$ 20,076,554
Total gains or losses (realized and unrealized) included in changes in net assets available for benefit	1,140,181
	$ 21,216,735

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net unrealized appreciation in fair value of investments.

NOTE D - INVESTMENTS

Investments that represent five percent or more of the Plan's net assets are separately identified. The Plan's investments, at December 31, 2018 and 2017 are presented in the following table:

	2018	2017
Trac-Work, Inc. Common Shares		
Number of Shares	31,393	31,393
Cost	$ 1,291,750	$ 1,291,750
Market	$ 22,022,899	$ 21,216,735
Certificate of Deposit	$ -	$ 94,974

NOTE E - CERTIFICATE OF DEPOSIT

Certificate of deposit at December 31, 2017 consisted of amounts on deposit at banks or savings and loan associations, with an interest rate of 1.05%, with a maturity of three months or more.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 28, 2014, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Employer common stock, are held by the Trustees of the Plan.

Company contributions are held and managed by the Trustees, which makes distributions to participants.

NOTE G - ADMINISTRATION OF PLAN ASSETS (continued)

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustees' fees are paid directly by the Employer.

NOTE H - RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Employer's common stock, which is exposed to various risks, including interest rate and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE I - NET ASSETS AVAILABLE FOR BENEFITS

Net assets available for benefits at December 31, 2018 and 2017 included $5,462,081 and $3,149,699, respectively, allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the earnings and operations of the Plan.

NOTE J - PARTICIPANT WITHDRAWALS

There were no participants electing to withdraw from the Plan that were paid subsequent to the Plan’s year end. For financial reporting purposes, any such amounts are not included as withdrawals or distributions in the Statement of Changes in Net Assets Available for Benefits until actually paid.

NOTE K - DISTRIBUTIONS TO PARTICIPANTS

Certain participants elected to roll distributions into an eligible retirement plan. The amount included in distributions to participants on the Statements of Changes in Net Assets Available for Benefits that was rolled into an eligible retirement plan was $1,653,400 and $1,092,684 at December 31, 2018 and 2017, respectively.
