Mill Creek Residential Trust Resources LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Mill Creek Residential Trust Resources LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a qualified retirement plan adopted on August 13, 2010 for the benefit of all eligible employees of Mill Creek Residential Trust Resources LLC (the Employer or Plan Sponsor). The Plan was amended on January 1, 2011 to reflect the addition of the employer qualified (QACA) safe harbor contributions.

Unless otherwise specified in the Plan Document, all employees of the Employer are eligible to participate and eligible to receive Employer matching contributions in the Plan on the first day of the month after completing one month of service.

Contributions

Participating employees and the Employer make contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may make elective contributions, via salary deferrals, up to 50% of their pretax compensation for each payroll period, subject to statutory limitations. The amount of Employer matching contribution is based on the percentage of salary deferrals according to the following schedule:

Salary Deferrals	Safe Harbor Matching Contributions
Up to 3%	100% contributed
3% to 5%	50% contributed

The Plan allows employees who have received distributions from other qualified retirement plans to directly transfer or rollover the previous account balances into segregated "rollover accounts" of the Plan, even if they are not participants in the Plan. Effective January 1, 2017, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant Accounts

Each participant's account is credited with the respective participant's contribution and the Company's matching contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their elective contribution accounts, qualified non-elective contribution accounts, Employer's matching and discretionary contribution accounts, and segregated rollover accounts plus actual earnings thereon. The Employer matching and discretionary contributions are immediately vested.

Notes Receivable from Participants

Notes receivable from participants are stated as outstanding principal, plus accrued interest. Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (1) $50,000 reduced by the excess of outstanding loan balances from the Plan during the one-year period before the start date of the loan or (2) 50% of the participant's vested account balance. The maximum number of Plan loans outstanding at any one time is one. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Distribution of a participant's entire account becomes due in three ways: (1) upon termination of employment at the participant's early retirement age or normal retirement age as defined in the Plan Document; (2) death; or (3) full and permanent disability. Such account balances may be distributed in a lump-sum payment. For termination of service for any other reasons, a participant is entitled to receive the value of the vested interest in his or her account, which is payable as defined in the Plan Document. Withdrawals from the Plan by active participants are permitted for specific instances such as: financial hardship, loans, or participant's attaining the age of 59 ½.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company is evaluating the impact of the adoption of this ASU on the Plan financial statements.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 3, 2019, the date the financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information provided to Plan management and certified as complete and accurate by T.Rowe Price Trust Company, the trustee of the Plan.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using the NAV of the fund shares.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	2018	2017
Level 1		
Money market funds	$ 3,301,277	$ 1,957,456
Mutual funds	47,977,051	46,683,941
Total assets in the fair value hierarchy	51,278,328	48,641,397
Investments at fair value	$ 51,278,328	$ 48,641,397

Note 5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds accounts provided through the Trustee and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

Effective January 1, 2017, the Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statements of net assets available for benefits.
