Bonadio & Co., LLP 401(k) & Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bonadio & Co., LLP 401(k) & Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the plan (the "Trustee"), except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Form 5500 – Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions, and Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of the Bonadio & Co., LLP 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General
The Plan is a defined contribution plan covering all employees of Bonadio & Company, LLP and certain other related entities (the "Employer") who have attained age 20 ½ and have completed two months of service (the "Participants"). Interns, part-time, temporary, and seasonal employees who complete 1,000 hours of service in a twelve consecutive month period, as defined, will become eligible to participate in the Plan on the next regular entry date.

Reliance Trust Company (the "Trustee") serves as the trustee of the Plan, while recordkeeping and administrative services are provided by JP Morgan Asset Management ("JP Morgan"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are Participant-directed.

Plan Administration
The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer. Individual accounts are charged directly for loan recordkeeping, if applicable.

Participant Contributions
Participants may defer up to 100% of their eligible compensation for the Plan year, as defined, not to exceed a dollar limit established under the Internal Revenue Code (the "IRC"). Participants may make pre-tax or Roth contributions to their accounts. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, Participants may also rollover amounts representing distributions from other qualified plans ("Participant Rollovers").

Employees, upon eligibility to participate in the Plan, will be automatically enrolled to defer 4% of their eligible compensation, as defined. A Participant may choose not to defer or may choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the Vanguard Target Date funds based upon the Participant's expected retirement date. Each year on the first day of the Plan year, all Participants who are still automatically enrolled will have an automatic deferral escalation of 1%, not to exceed 10% of total increases.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (Continued)

Employer Contributions

Employer Non-Elective Contributions
The Employer, at its discretion, may make discretionary employer non-elective contributions to the Plan as determined by its retirement committee. Any discretionary employer non-elective contribution is allocated at the Employer's discretion to three classifications of employees (Group A: Employees, B: Partners, and C: the Executive Vice President), as defined, based on a percentage of eligible compensation, within the classification. To be eligible, Participants must have completed at least 1,000 hours of service during the Plan year and be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2018, the Employer made non-elective employer contributions of $2,185,294, net of forfeitures of $76,030.

Employer Matching Contributions
The Employer, at its discretion, may elect to contribute a matching contribution as determined by the retirement committee. To be eligible, Participants must have completed at least 1,000 hours of service during the Plan year, be employed by the Employer on the last day of the Plan year and have made elective contributions during the Plan year. For the year ended December 31, 2018, the Employer elected not to make matching contributions.

Participant Accounts
Each Participant's account is credited with the Participant's deferral contributions, the respective Employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain administrative expenses, if applicable. Allocations are based on Participant compensation, classification, or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting
Participants are immediately vested in their participant and rollover contributions plus allocated earnings thereon. Upon termination due to death, disability, or attainment of retirement age, a Participant is fully vested in all of their accounts. Vesting in employer matching and employer non-elective contributions are as follows:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Payment of Benefits
Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum distribution in an amount equal to the vested value of the Participant's account. The payment can either be a cash distribution to the Participant or beneficiary or a tax free rollover to an Individual Retirement Account ("IRA") or another qualified plan. If a Participant's account balance is less than $5,000, the plan administrator, after notification, may distribute the benefit into an IRA. If the Participant's account balance is less than $1,000 the plan administrator, after notification, may distribute the benefit to the Participant as a lump-sum distribution.

In service withdrawals from a Participant's account balance are permitted upon reaching age 59 ½. In service withdrawals are also permitted due to financial hardship, as defined. Participants must have obtained all distributions, other than the hardship withdrawal, and all nontaxable loans currently available, before financial hardship withdrawals are allowed. Hardship withdrawals may be taken from the Participant's deferral contributions, rollover account or vested Employer contribution accounts, without respect to earnings. Deferrals must be suspended for six months following receipt of a hardship withdrawal.

Notes Receivable from Participants
Subject to approval by the plan administrator, Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). Loans are secured by the balance in the Participant's account and bear interest at a rate equal to 1% over the prime rate on the first business day of the month before the loan originated. A Participant may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan payments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is made in accordance with the Plan document. Interest rates for outstanding loans range from 4.25% to 8.25% at December 31, 2018 and 2017.

Forfeited Accounts
A Participant who leaves the employment of the Employer forfeits any non-vested balance. Forfeited balances of terminated Participants' accounts are used to pay administrative expenses and to reduce Employer contributions in the year of forfeiture. During 2018, $79,917 of forfeitures were used to reduce Employer contributions. At December 31, 2018 and 2017, unused forfeiture balances amounted to $47,922 and $73,451, respectively. Subsequent to year end, $76,030 was used to fund the 2018 employer contributions.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Investments, Investment Valuation and Income Recognition
Investments in mutual funds and the common collective trust fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date.

Unit Values
Individual Participant accounts for the common collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Notes Receivable from Participants
Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payments of Benefits
Benefit payments to Participants are recorded during the period in which they are paid.

Subsequent Events
The Plan has evaluated subsequent events through October 2, 2019, the date the financial statements were approved and authorized for issuance by management, and determined that there have been no subsequent events, except as disclosed herein, that would require recognition in, or disclosure in the notes to, the financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 3 - Information Prepared and Certified by the Plan's Trustee

The following is a summary of the Plan's information as of December 31, 2018 and 2017 and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, Form 5500: Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) that was prepared by or derived from the information provided by the Trustee and furnished by the plan administrator. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year).

	2018	2017
Investments, at fair value:		
Mutual funds	**$ 68,129,322**	$ 72,192,209
Common collective trust fund	**$ 2,586,797**	$ 2,499,374
Notes receivable from participants	**$ 912,114**	$ 666,330

The Trustee also certified to the completeness and accuracy of (1) the net depreciation in fair value of investments of $6,914,728 (2) dividend and interest income of $2,374,077, (3) interest income on notes receivable from Participants of $37,333, and (4) the information in the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year).

Note 4 - Fair Value Measurements

Under GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy described under GAAP are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units in the collective trust fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV (Continued)
The following table summarizes the investment measured at fair value based on NAV per share as of December 31, 2017.

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
JPMCB Stable Value Asset Income Fund (a)	$ 2,499,374	$ -	Daily	None

(a) The fund's objective is to seek to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The interest credited to balances in the fund will reflect both current market conditions and performance of the underlying investments in the fund. The fund invests various types of fixed income instruments such as other stable value collective trusts, guaranteed investment contracts, bank investments contracts, group annuity contracts, separate account insurance contract and other contracts that the Trustee determines may facilitate achievement of the investment objectives of the fund.

Note 5 - Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Party-In-Interest Transactions

Plan investments include shares of mutual funds, and a common collective trust fund managed by JP Morgan and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of $64,642 were paid to JP Morgan during 2018. Notes receivable from Participants qualify as exempt party-in-interest transactions as defined by ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

NOTES TO FINANCIAL STATEMENTS

Note 8 - Tax Status

The underlying prototype non-standardized profit sharing plan with a cash or deferred arrangement ("CODA") received its latest opinion letter on March 31, 2014 from the Internal Revenue Service ("IRS"), stating that the form of the plan is qualified under Section 401(a) of the IRC, and is exempt from federal income taxes under Section 501(a) of the IRC. Any Employer adopting this format of the plan will be considered to have a plan qualified under section 401(a) of the IRC. The Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of the Plan is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2015.

Note 9 - Delinquent Participant Contributions

During 2018, certain participant contributions were not remitted to the Plan by the Employer on a timely basis as required under DOL 2510.3-102. Under ERISA, such delinquent contributions are considered prohibited transactions and are reported on Schedule H, Part IV, Line 4(a) of Form 5500. During 2019, the Company calculated lost earnings on these remittances and funded them into the Plan.
