Bartlett and Company 401(k) Investment Plan
Kansas City, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bartlett and Company 401(k) Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule of Assets as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BARTLETT AND COMPANY 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN

The following description of the Bartlett and Company 401(k) Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. References herein to “Company” include Bartlett Grain Company, L.P.; Bartlett Grain Southwest, L.P.; Bartlett Milling Company, L.P.; Bartlett Cattle Company, L.P.; Bartlett International, Inc.; and Bartlett and Company and its operating divisions. See note below on change in company control.

General – The Plan is a defined contribution plan covering substantially all employees of the Company who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company is the trustee, custodian and recordkeeper of the Plan.

Change in Company Control – Effective August 1, 2018, the Company entered into a business combination with The Savage Companies (“Savage”). Control of the Company transferred to Savage. It has not been determined whether the Plan will be maintained as a separate Plan or otherwise combined with existing plans sponsored by Savage.

Pursuant to and immediately prior to the change in control, the Company divested of a separate line of business (SLOB) and a participating employer – Bartlett Cattle Company, L.P. Plan participants in the divested groups became fully vested in matching contributions upon separation. The Company funded 2018 matching contributions prior to the change in control approximating \$53,000 with respect to the separated participants.

Additionally, the accounts of the former Bartlett employees who became employees of Alaris Capital as a result of the change in control had their account balances transferred out to another qualified plan in the amount of \$971,305.

Eligibility – Employees are eligible to participate in the Plan on the first day of the month coincident with or following the start of employment. Employees covered by a collective bargaining agreement are excluded from participation in the Plan.

Contributions – Participants may elect to contribute up to 60% of their eligible compensation to the Plan after meeting the Plan’s eligibility requirements, subject to certain limitations under the Internal Revenue Code. The percentage of compensation the participant elects will be withheld from payroll on a pretax basis and contributed to the Plan on the participant’s behalf. The Company will match 50% of the participants’ contributions for participant contributions up to a maximum of 4% of the participant’s eligible compensation.

Participant Accounts – Each participant’s account is credited with the participant’s and the Company’s contributions and investments’ earnings, and is charged with the participant’s withdrawals and distributions, and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Investment options include money market fund, mutual funds, common collective trust and a self-directed brokerage account. Participants may direct all contributions in any of the investment options offered by the Plan, and may change their investment election at any time.

Vesting – Participant contributions and related earnings thereon are fully vested at all times. Vesting in the Company matching contributions, and related earnings thereon, is based on years of service. Vesting occurs in 20% increments, with 20% earned after 2 years, 40% earned after 3 years, etc. Full vesting is earned after 6 years of service. Participants are deemed fully vested upon reaching retirement age (normally at age 65), death, or permanent disability.

Withdrawals and Distributions – Upon termination of participation in the Plan, participants may elect to receive a distribution of their vested account balance from the Plan. Distributions upon election are made in lump-sum distributions.

A participant may withdraw all or a part of pretax salary contributions if the purpose of the withdrawal is to meet a personal financial hardship, as defined by the Plan. Withdrawal of pretax contributions results in the suspension of pretax salary contributions for six months. A participant may also withdraw all or part of pretax salary contributions while still employed with the Company if the participant has reached the age 59 ½.

Plan Investments – Participants may direct their contributions and the Company contributions to a variety of mutual funds, a common and collective trust, and a money market fund.

The self-directed brokerage account is offered to all participants in the Plan. This investment option allows participants to invest in numerous types of stocks, bonds, securities and funds. There is no annual fee for the brokerage account, but there are applicable brokerage fees and commissions as determined by Fidelity and that are paid by the participants who invest in this account.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. The repayment period of the loan cannot exceed 60 months, unless the loan is for the purchase of a primary residence, in which case the repayment period can be 120 months. A participant's loan shall immediately become due and payable upon termination from employment for any reason, or upon failure to make a principal and/or interest payment, as provided in the loan agreement.

Administrative Expenses – Substantially all of the Plan's general and administrative costs are paid by the Company. Record maintenance service costs are paid by the Plan.

Revenue Sharing – Fidelity credits a portion of the fees paid on certain investments back to the Plan, which are allocated to the Plan participants. These amounts are shown as other income.

Forfeitures – Forfeitures accumulated in the Plan are used to offset Plan recordkeeping expenses and to offset employer matching contributions. During the year ended December 31, 2018, forfeitures in the amount of \$0 were used to offset Plan recordkeeping expenses, and forfeitures in the amount of \$71,572 were used to offset employer matching contributions. The balance in the forfeiture account at December 31, 2018 and 2017, was \$9,600 and \$3,192, respectively.

Termination of the Plan – Although the Company has not expressed any intent to do so, upon termination, the assets of the Plan would continue to be applied for the exclusive benefit of the participants, and amounts segregated for each participant would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, investment income is recognized when received, expenses are recognized when paid, contributions are recorded when received, and excess contributions are recorded when remitted to the employee rather than the period in which the employee exceeded certain Internal Revenue Code limitations.

Use of Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Fees charged by mutual funds and the common collective trust are deducted from income generated by those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Defaulted participant loans are treated as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are recorded when paid into the trust.

Payment of Benefits – Benefit payments are reported in the year of payment.

Risks and Uncertainties – The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events – Subsequent events have been evaluated through October 2, 2019, which is the date the financial statements were available to be issued, and there were no events that required adjustments or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or

corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Mutual Funds, Money Market funds, Common Stocks and Unit Investment Trusts – Valued at the closing price reported on the active market on which the individual securities are traded. Common stocks and unit investment trusts are held in the Self-Directed Brokerage Accounts.

Common Collective Trust – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

Self-Directed Brokerage Accounts – Valuations of common stocks, mutual funds, money market funds, and unit investment trusts (exchange traded funds) are valued as discussed above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2018 and 2017:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
December 31, 2018:

Investments measured at net asset value (a)				<u>1,410,422</u>
Investments measured at fair value				<u>\$ 25,630,043</u>
December 31, 2017:

Money Market Funds	708,499	-	-	708,499
Self-Directed Brokerage Accounts	1,411,544	-	-	1,411,544

Investments measured at net asset value (a)				<u>644,410</u>
Investments measured at fair value				\$ 30,256,847

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a common collective trust, self-directed brokerage accounts, and certain mutual funds managed by Fidelity Investments, who is affiliated with Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, custodian and recordkeeper of the Plan, and therefore, these transactions qualify as party-in-interest.

5. INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2018 and 2017, and for the year ended December 31, 2018:

- Investments, at fair value
- Notes receivable from participants and related interest income
- Interest and dividend income
- Income (loss) on self-directed brokerage accounts
- Net depreciation in fair value of investments
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangements), which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Company believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
