Report of Independent Auditors

**To the Board of Trustees
Bucyrus Precision Tech, Inc.
Retirement Plan**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BPT 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America; however, we did not obtain sufficient appropriate audit evidence to provide a basis for an audit opinion as permitted by the matter described in the Basis for Disclaimer of Opinion paragraph.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Transamerica Life Insurance Company (Custodian of the Plan), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Transamerica Life Insurance Company held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2018 and 2017. The Plan Administrator has obtained a certification from the Custodian that the information as of and for the years ended December 31, 2018 and 2017 provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BPT 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following description of Bucyrus Precision Tech, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Bucyrus Precision Tech, Inc. (the "Company"), as defined by the Plan document. An employee must be at least 18 years of age and have completed two consecutive months of service to become eligible to participate. An eligible employee will enter the Plan on the first day of the month following their completion of the age and service requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are able to contribute to the Plan during each plan year a percentage of their compensation not to exceed \$18,500 (\$24,500 for employees age 50 or older). All amounts contributed by a participant shall be credited to each participant's account and shall be fully vested and non-forfeitable at all times. Participants are permitted to direct the custodian of the Plan how to invest amounts credited to such participant's account. If the participant does not select how the funds are to be invested, then the Custodian, as directed by the Plan Administrator, will invest the contributed funds.

Effective 2016, if the participant meets certain Plan criteria, the Company will make a non-elective contribution as designated by the current year match formula. For the 2018 and 2017 plan years, the match formula is 50% of the participant's deferral, up to 4% (maximum 2% employer match). Participants must be a participant in the salary reduction portion of the Plan to receive this match.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, plan earnings, and an allocation of administrative expenses. Allocations are based on participant's earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her own account unless an optional form of payment is elected by the participant.

Forfeited Accounts

At December 31, 2018 and 2017, the forfeited non-vested accounts totaled \$8,732 and \$95,047, respectively. When available these accounts will be reallocated to participants in the same manner as employer contributions. During 2018, forfeited amounts of \$104,869 were used to reduce current year employer contributions.

See accompanying independent auditors' report

Note 1. Description of Plan (Continued)

Investments

The Plan investments are held in a trust fund invested in pooled separate accounts managed by Transamerica Life Insurance Company. The plan provides for participant directed investments up to the extent of allocated account balances. Fair market values of investments as determined by the Custodian are presented in Note 3.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative expenses are paid for by the plan sponsor and administrator, Bucyrus Precision Tech, Inc. Audit fees of \$6,000 and \$6,000 were paid at managements' request from forfeitures during plan years 2017 and 2018.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3. Information Certified By Trustee

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian that such information is complete and accurate:

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 2,808,431	\$ 2,037,336	
Total assets at fair value			\$ 4,845,767

Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 3,244,332	\$ 2,225,357	
Total assets at fair value			\$ 5,469,689

Note 5. Investment Contract with Insurance Company

The Plan participates in a benefit-responsive investment contract. The insurance company (also the Plan's custodian) maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2018 and 2017, the value of the investment contract was \$688,573 and \$823,089, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events may limit the ability of the plan to transact at contract value with the contract issuer. Such events include: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without an issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

See accompanying independent auditors' report

Note 7. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party Transactions

Certain Plan investments are managed by affiliates of Transamerica. Transamerica is the Plan's custodian; therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Events

Events subsequent to December 31, 2018 have been evaluated through September 17, 2019 the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. Management found no subsequent events that should be disclosed.
