INDEPENDENT AUDITORS' REPORT

Administrative Committee

KS INDUSTRIES, LP 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of KS Industries, LP 401(k) Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, and Great-West Trust Company, LLC, the custodian and trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The plan administrator has obtained certifications from the custodian and trustee as of December 31, 2018 and 2017 and for the years then ended, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KS INDUSTRIES, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the KS Industries, LP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by KS Industries, LP covering all full-time employees of Ken Small Construction of Wyoming, Inc., KSI Engineering, Inc., KS Industries, LP, KS Fabrication & Machine, Inc., and KS Industries, LLC (the "Companies") who have sixty days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Companies' Administrative Committee (the "Committee"), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Companies' Board of Trustees.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 by year-end, and are making contributions to the Plan, can make catchup contributions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

Effective January 1, 2016, the Plan Document was amended to remove the safe harbor matching contributions. For the years ended December 31, 2018 and 2017, the Companies contribute discretionary matching contributions of 50% of elective deferrals up to 6%. Additional discretionary contributions may be contributed at the option of the Companies. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently has 12 mutual funds, 14 common collective trust funds, and a guaranteed investment account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions, the Companies' match, allocations of the Companies' discretionary contributions, plan earnings, and is charged with an allocation of administrative expenses. Allocations of the Companies' discretionary contributions are based on participant compensation. Allocations of plan earnings and administrative expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. During 2016, the plan document was amended to remove the safe harbor matching contributions and was replaced with a discretionary employer match contribution.

Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %	
	Discretionary Nonelective Contribution	Discretionary Employer Match Contribution
1	25%	100%
2	50%	
3	100%	

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance from participant contributions. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate on the date of the loan plus 1%. Loan payments are made through payroll deductions, and must be paid back within 5 years unless the loan is used for the purchase of a principal residence.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life of the participant, participant and spouse, or designated beneficiary. Upon termination due to death, a participant's vested account balance will be distributed to the participant's beneficiary as soon as practicable. If the value of a participant's vested benefit is $1,000 to $5,000 the participant's account will be rolled into an IRA. If the vested benefit is less than $1,000, a lump-sum payment will be made to the participant.

Forfeited accounts - Any portion of a participant's account, which is not vested upon separation from service, is forfeited. The Plan has elected to first use forfeitures to reduce employer contributions and then to pay plan expenses. At December 31, 2018 and 2017, forfeited nonvested accounts totaled to $15,912 and $7,225, respectively. The Plan used forfeitures in the amount of $14,406 and $0 to reduce employer contributions for the years ended December 31, 2018 and 2017 respectively; and used $14,407 and $0 to reduce plan expenses for the years ended December 31, 2018 and 2017, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Companies and are not included in the Statements of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

(3) Information prepared and certified by the custodian and trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"), the custodian and trustee of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value (except for the fully benefit-responsive investment contract at contract value)
- Investment in guaranteed investment contract at contract value
- Notes receivable from participants
- Net (depreciation) appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the custodian and trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the Net Asset Value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,899,149	$ -	$ -	$ 4,899,149
Total investments in the fair value hierarchy	$ 4,899,149	$ -	$ -	$ 4,899,149
Investments measured at NAV [(a)]				29,180,281
Total investments at fair value				$ 34,079,430

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,844,362	$ -	$ -	$ 4,844,362
Total investments in the fair value hierarchy	$ 4,844,362	$ -	$ -	$ 4,844,362
Investments measured at NAV [(a)]				30,179,308
Total investments at fair value				$ 35,023,670

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair value 12/31/2018	Fair value 12/31/2017	Unfunded Commitments	Redemption frequency	Redemption Notice Period
Common collective trust funds	$ 29,180,281	$ 30,179,308	$ -	Daily	N/A

(5) Guaranteed investment contract with insurance company

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0% percent. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meets its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) termination of the Plan, (2) any transfer of all of the Covered Funds of the Plan which causes the amounts to cease to be Covered Funds, (3) partial plan termination, a spin-off, or a combination or series of such partial plan terminations or spin-offs, or any other action or changes with regard to the Plan that causes a significant withdrawal from the Plan, or (4) termination of any recordkeeping arrangement, service agreement, or other contractual arrangements between or with regard to the Plan and Great-West or one of their affiliates or subsidiaries. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

(6) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the custodian and trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net (depreciation) appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. As described in Note 2, the Plan made direct payments for administrative and recordkeeping services provided by Great-West, which amounted to $139,352 and $198,925 for the years ended December 31, 2018 and 2017, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to plan operations and investment activity to various service providers, these transactions are party-in-interest transactions under ERISA. The companies directly pay any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Excess contributions refundable

Contributions received from participants for 2018 and 2017 are net of payments of $52,240 and $65,889, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2018 and 2017, $52,240 and $65,889, respectively, has been included in the Plan's Statements of Net Assets Available for Benefits as excess contributions refundable.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:

	December 31,	
	2018	2017
Net assets available for benefits per the financial statements	$ 38,884,574	$ 39,731,019
Employee contributions receivable	(67,085)	(12,695)
Employer contributions receivable	(25,949)	(5,077)
Excess contributions refundable	52,240	65,889
Net assets available for benefits per Schedule H of the Form 5500	$ 38,843,780	$ 39,779,136

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2018 and 2017 to Form 5500:

	December 31,	
	2018	2017
Net (decrease) increase per the financial statements	$ (846,445)	$ 5,352,768
Change in excess contributions refundable	(13,649)	51,963
Change in employee contributions receivable	(54,390)	(9,074)
Change in employer contributions receivable	(20,872)	(3,590)
Net increase (decrease) per Schedule H of the Form 5500	$ (935,356)	$ 5,392,067

(10) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code and informed Great-West of such in a letter dated March, 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trusts are currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(12) Subsequent events

In April 2019, the Plan was amended to include Ken Small Construction, Inc. to be a part of the multi-employer plan.

The Plan has evaluated subsequent events through October 7, 2019, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
