(1) Description of Plan

The following description of Keystone Bakeries 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

This Plan is a defined contribution plan for employees of Maplehurst Bakeries, LLC (Maplehurst) (the Company). Effective January 1, 2014, Granny's Kitchen, LLC (Granny's) and Freed's Bakery, LLC (Freed's) were merged into Maplehurst. The Plan covers all full-time employees of the Company who are employed at the Granny's and Freed's plants, who have attained age 18 and have completed thirty days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Weston Foods US, Inc. Savings Plan Master Trust (the Master Trust). The Pension and Benefits Committee of Weston Foods US, Inc. (Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Merger

The Plan was amended and restated effective January 1, 2019 to reflect the merger of the Plan into the Weston Foods US 401k Plan (Weston Foods US Plan) (subsequently referred to as the Plan Merger). Each participant in the Plan on December 31, 2018, became a participant in the Weston Foods US Plan effective January 1, 2019. Net assets of the Plan amounting to $4,536,834 were transferred to the Weston Foods US Plan as of December 31, 2018 and are included in transfers to affiliated plans, net in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Contributions

Each year, participants may contribute up to 20% of pre-tax annual eligible compensation subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes employer matching contributions equal to 100% of the first 3% of a participant's eligible wages and 50 percent of the next two percent of contributions up to a total match of 4% of eligible wages. The Company may also make discretionary employer contributions, none of which were made during the 2018 and 2017 plan years.

(1) Description of Plan, Continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and any prior safe harbor matching contributions plus actual earnings thereon. Employer matching contributions become 100 percent vested after two years of service. Discretionary employer contributions vest over a 6 year graduated vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination, a participant may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

There are no forfeited nonvested accounts as of December 31, 2018 as a result of the Plan Merger described in Note 1. In 2017, forfeited nonvested accounts totaled $10,217. These accounts are used to reduce future employer contributions or to pay administrative expenses of the Plan. No forfeitures were used during 2018 or 2017 to offset administrative expenses or employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5).

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies, Continued

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

New Accounting Pronouncement

In February 2017, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2017-06, *Defined Contribution Pension Plans* (Topic 962): *Employee Benefit Plan Master Trust Reporting*. This ASU requires an amended presentation and additional disclosures of the plan's interest in the master trust. The amendments are effective for the Plan's year ending December 31, 2019, with early adoption permitted. The Plan elected to forego early adoption.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued

(3) Financial Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the Trustee) as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements. The Trustee has certified the following as complete and accurate:

The Plan's assets are as follows at December 31:

	2018	2017
Investment in Master Trust, at fair value	$ -	$ 4,873,963
Notes receivable from participants	$ -	$ 359,825

Continued...

(3) Financial Information Certified by the Trustee (Unaudited), Continued

The Plan's share of investment (loss) income was as follows for the years ended December 31:

	2018	2017
Plan's interest in Master Trust investment (loss) income	$ (316,944)	$ 752,623
Interest income on notes receivable from participants	$ 17,328	$ 12,003

(4) Fair Value Measurements

FASB *Accounting Standards Board* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued...

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017.

Plan's interest in the Master Trust: See Note 5.

The methods described in Note 5 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust (Unaudited)

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Weston Foods US, Inc. sponsored defined contribution retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. The administration of the Plan is overseen by the Committee, which is appointed by George Weston Limited Board of Directors.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. The Plan has no interest in the net assets of the Master Trust as of December 31, 2018 as a result of the Plan Merger described in Note 1. At December 31, 2017 the Plan's interest in the investments of the Master Trust was approximately 4%. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee of the Master Trust as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

Continued...

(5) Interest in the Master Trust (Unaudited) , Continued

The Trustee has certified the accuracy and completeness of the investment in the net assets of the Master Trust at December 31, 2018 and 2017 and the investment (loss) income for the years then ended.

The following table presents the investments of the Master Trust at December 31:

	2018	2017
Registered investment companies	$ 103,830,002	$ 112,500,212
Money market fund	2,349,867	1,930,395
Common collective trust	-	4,265,984
Total Master Trust investments, at fair value	$ 106,179,869	$ 118,696,591
Plan interest in the Master Trust, at fair value	$ -	$ 4,873,963

Investment (loss) income for the Master Trust was as follows for the years ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments in registered investment companies	$ (14,828,028)	$ 13,142,688
Interest and dividends	7,570,806	5,914,749
	$ (7,257,222)	$ 19,057,437

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Money market fund and registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value (NAV) and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a trust company collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investments measured at NAV as a practical expedient [(a)]				4,265,984
Total investments at fair value				$ 118,696,591

[(a)] In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total master trust investments.

There were no significant transfers among investment levels for the years ended December 31, 2018 and 2017.

The following table summarized investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2018 and 2017:

	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Manged Income Portfolio CL 1	$ -	$ 4,265,984	None	Daily	12 months

(6) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. Additionally, the Company pays certain administrative expenses related to the Plan's operations.

(7) Prohibited Transactions

During 2018, the company failed to remit to the Weston Foods US Plan's custodian certain employee contributions and loan repayments totaling $6,375 and $2,111, respectively, within the period prescribed by DOL regulations. The Company is in the process of correcting the affected participants' accounts to compensate those participants for lost income due to the delays.

Due to the Plan Merger as discussed in Note 1, all corrections related to prohibited transactions will be made through the Weston Foods US Plan.

(8) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

All of the Plan's net assets were transferred to the Weston Foods US Plan as of December 31, 2018, as part of the Plan Merger (See Note 1).

(9) Tax Status

The Plan uses a prototype plan document sponsored by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated March 31, 2008, that the non-standard prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the trust is tax exempt.

(9) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statements of net assets available for benefits.

(11) Transfer to Affiliated Plan

During 2018, transfers of net assets from the Plan to the Weston Foods US Plan amounted to $4,904,559. The transfer of net assets in 2018 included the Plan Merger amounts as described in Note 1.

During 2017, transfers of assets from the Plan to the Maplehurst Bakeries, LLC 401(k) Savings Plan were $4,974.
