# NATIONWIDE CHILDREN'S HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements  
December 31, 2018 and 2017

## Plan Description

The following description of the Nationwide Children's Hospital (Children's) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. Copies may be obtained from Children's Human Resources Department.

### General

The Plan, which became effective January 1, 1997, is a non-contributory, defined contribution plan available to substantially all employees of Children's who work at least 1,000 hours during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

The Plan provides for Children's to contribute an amount up to 50% of the participant's contribution up to the first 3% of the participant's compensation. Participant contributions are maintained in a separate plan.

The Plan also provides for Children's to make a Basic Pension Contribution to all "pension eligible" employees. The amount of the contribution is determined based on the annual compensation and length of service of each employee as outlined in the Summary Plan Description.

Participants may not contribute to this Plan except for rollover or transfer contributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

### Participant Accounts

Each participant's account is credited with the participant's rollover contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Effective January 1, 2007, the Plan was amended to modify the vesting schedules for both the matching and basic employer contributions. As it relates to the matching contributions, the amended vesting provisions are as follows:

- Participants hired on or before December 31, 2006 will be subject to a three-year cliff vesting schedule.
- Participants hired after December 31, 2006 will be subject to the following five-year graded vesting schedule.

## Plan Description (continued)

### Vesting (continued)

| Years of Credited Service | Vested Percentage |
|---------------------------|-------------------|
| Less than 2               | 0%                |
| 2                         | 20%               |
| 3                         | 40%               |
| 4                         | 60%               |
| 5 or more                 | 100%              |

As it relates to the basic contributions, the amended vesting provisions are as follows:

- Contributions attributable to plan years beginning before January 1, 2007 relating to participants hired on or before December 31, 2006 will be subject to a five-year cliff vesting schedule (100% vested after attaining five years of service and 0% vested prior to attaining five years of credited service).
- Contributions attributable to plan years beginning after December 31, 2006 relating to participants hired after December 31, 2006 will be subject to the same five-year graded vesting schedule described above.

One year of service represents a minimum of 1,000 hours of service.

Participants become fully vested in their account balances upon (i) attainment of normal retirement age, if an employee at such time; (ii) death or (iii) termination of employment upon becoming disabled.

### Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of the various investment options that the Plan offers through Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF). Participants may change their investment options at any time.

### Payment of Benefits

Upon normal retirement (age 65) or termination of service, married participants receive their vested benefit in the form of a joint and 50% survivor annuity, and unmarried participants receive single life annuities. Participants may waive this annuity in writing and, subject to spousal consent, elect to receive a lump-sum, another annuity or certain term installments.

### Administrative Costs

Costs of plan administration are paid by Children's with the exception of certain investment management services which are included as a reduction of the return earned on applicable funds.

Notes to Financial Statements  
December 31, 2018 and 2017

## Plan Description (continued)

### Forfeited Accounts

Upon termination of employment, a participant's non-vested portion of Children's contributions and related earnings are forfeited. Forfeited contributions are used to reduce future employer contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$19,911 and \$34,365, respectively. During 2018 and 2017, approximately \$1,742,000 and \$972,000, respectively, was used to reduce current employer contributions. Also, during 2017, the plan sponsor used approximately \$535,000 in forfeitures to reduce the 2016 true-up contributions due to the Plan as of December 31, 2016.

## Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

|                                                              | 2018          | 2017         |

| Net (depreciation) appreciation in fair value of investments | ( 33,720,097) | 60,394,351   |

## Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

## Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

*Registered  
Investment  
Companies:*

Valued at the net asset value (NAV) of shares held by the Plan at year-end.

*Variable Annuity  
Contracts:*

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on market quotations or prices obtained from independent pricing sources who may employ various pricing methods including matrix pricing. For this fund, there are no unfunded commitments and participants can transact daily. The only redemption restriction is that participants are not permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within that account is made within a sixty-day period.

*Pooled Separate  
Account:*

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based principally on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals. Any securities held in the account are valued using independent pricing sources. For this fund, there are no unfunded commitments and participants can transact daily; however, participant transfers out of this account are limited to one per calendar quarter per participant.

*Annuity Contracts:*

Valued at contract value, which approximates fair value, and equals the accumulated cash contributions, interest credited and transfers, if any, less any withdrawals and transfers, if any.

Notes to Financial Statements  
December 31, 2018 and 2017

## Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

### Assets at Fair Value as of December 31, 2018:

|                                                 | Level 1               | Level 2     | Level 3              | Total                 |

## Annuity Contracts with Insurance Company

The Plan has entered into a fixed rate annuity contract (TIAA Traditional Annuity) and a fixed rate group annuity contract (Stable Value Fund), both issued by TIAA and CREF. Both contracts provide a guarantee of principal and a guaranteed minimum rate of interest between 1% and 5% with the potential for additional interest, if declared by TIAA. The TIAA Traditional Annuity contract contains liquidity restrictions on the redemption of the accumulations, which could impact the value realized upon exiting the contract. Contracts contain liquidity restrictions on the redemption of the fixed rate annuity contract. The Stable Value Fund contains a restriction that direct transfers to competing funds in a plan's investment lineup are prohibited and transfers may be made to a competing fund following a 90-day waiting period after being transferred to a noncompeting fund. Additionally, transfers into the Stable Value Fund may not be made for 30 days following a transfer out. Plan sponsors choosing to terminate a plan's investment in the Stable Value Contract will receive contract value in, at most, two years.

## Plan Termination

Although it has not expressed any intent to do so, Children's has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, participants will become 100% vested in their accounts.

## Party-in-Interest Transactions

Certain plan investments are shares of a pooled separate account, variable annuity contracts, insurance company general accounts and registered investment companies managed by TIAA and CREF. TIAA and CREF is the custodian as defined by the plan document and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

## Tax Status

On September 8, 2017, the Plan received a determination letter from the Internal Revenue Service (IRS) which covers the amended and restated plan document with an effective date of January 1, 2016. The determination letter stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. Subsequent to the issuance of the determination letter, the Plan was amended; however, the plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Previous to the receipt of this letter, the Plan was operating under a Plan document with an effective date of January 1, 2011 and IRS determination letter with a date of March 29, 2012.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

## **Plan Amendments**

Effective January 1, 2017, the Plan was amended to modify the timing of when the basic and matching contributions are made to the Plan. Previously, matching contributions were remitted bi-weekly and basic contributions were remitted quarterly. Effective January 1, 2017, both basic and matching contributions will be remitted three times a year – after the end of the second, third and fourth quarters of the calendar year, dependent upon the employee having worked 1,000 hours.

## **Subsequent Events – Date of Management Evaluation**

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date that these financial statements were available to be issued.
