INDEPENDENT AUDITOR'S REPORT

Sensus USA Inc. 401(k) Plan Benefits Committee
Rye Brook, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sensus USA Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2018 and for the year ended December 31, 2018 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Sensus USA Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

General - On January 1, 2018, Xylem Inc. (the "Company" and "Sponsor") established a salary deferral plan for salaried employees of Sensus USA Inc ("Employer"), a wholly owned subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was created as a result of the spin-off of the Sensus USA Inc. 401(k) Plan (the "Predecessor Plan") and retained the name of the Predecessor Plan. On January 1, 2018, the non-union participants of the Predecessor Plan became participants of the Plan, and the union participants remained in the Predecessor Plan which was renamed the Sensus USA Inc. Union 401(k) Plan.

On January 1, 2018, Fidelity Management Trust Company ("Fidelity") became the trustee ("Trustee"), custodian and record keeper of the Plan, and the Plan began participation in the Xylem Inc. Retirement Savings Master Trust ("Master Trust").

At January 1, 2018, the Plan received $142,094,600 of investment assets and $1,663,319 of participant loans attributed to the non-union participants of the Predecessor Plan. The spin-off had no impact on participants' benefits, other than described below.

On December 31, 2018 the Plan was merged into The Xylem Retirement Savings Plan (the "RSP") and participants of the Plan became participants of the RSP on January 1, 2019. Net investment assets of the Plan totaling $142,021,580 and notes receivable of $2,481,662 were transfered to the RSP. An additional $2,508,074 was transferred to the RSP during 2018 prior to the plan merger as a result of job classification changes for certain employees of Sensus USA Inc. that became eligible for the RSP.

The Benefits Administration Committee (the "Plan Administrator") as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan, while the Pension Fund and Investment Committee directs the managers of the Plan's investments.

Eligibility - Eligible plan participants are non-union employees of the Employer. hired before January 1, 2018. Non-union employees of the Employer hired on or after January 1, 2018 were eligible for the Xylem Retirement Savings Plan and therefore not eligible for the Plan.

Employee Contributions - A participant may generally elect to contribute 1% to 50% of eligible pay (“Salary” as defined by the Plan document). Participants may designate their contributions as pre-tax contributions, Roth contributions, after-tax contributions or any combination of the three. A participant who is considered a Highly Compensated Employee under the Plan may elect Plan contributions based on a maximum Salary as defined by the Plan document, but not participate in after-tax contributions. Participant contributions are subject to the dollar limitation provided by Section 402(g) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions - The Company will make matching contributions to the participant’s account equal to 50% of a participant's pre-tax contributions, Roth contributions and after-tax contributions, up to a maximum of 3% of a participant’s Salary. In addition, the Company contributes 3% of Salary as a core contribution to each eligible participant’s account, as defined by the Plan document. Company contributions will be allocated in the Plan’s investment options in the same proportion as the employee’s contributions.

Investments - Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a collective trust, mutual funds, Xylem stock fund, and a series of varied risk pooled separate accounts as investment options for participants. Participant contributions are not permitted in the Xylem stock fund, although participants can elect to have all or a portion of their matching employer contributions invested in the fund subject to limitations per the Plan Document.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and all Company contributions, as well as actual earnings or losses, and have a non-forfeitable right to their accounts in the Plan.

Distributions to Participants - Upon termination of employment (including death, disability, or retirement) from the Company, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the value of the participant's account paid in cash or as a rollover to another qualified plan or an Individual Retirement Account ("IRA"), or periodic payments under one of two alternative installment options, as defined in the Plan document. In any case, a participant or the participant's beneficiary whose account balance is more than $5,000 may elect to keep the participant's account balance in the Plan until the calendar year in which the participant reaches or would have reached age 70 ½. During the calendar year in which the participant attains age 70 ½, distribution from the Plan will commence in accordance with Section 401(a)(9) of the IRC. Upon the death of a participant with a non-spouse beneficiary, the distribution must be made within five years from the participant's date of death in the form of a lump sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of the participant's death.

Withdrawals Prior to Termination - At any time before termination of employment, a participant may request a withdrawal subject to the provisions of the Plan document and shall conform to the standards set by the Plan Administrator. A participant can withdraw amounts of its after-tax contributions as provided by the Plan document. A participant who has attained age 59 ½ may withdraw all or any portion of its pre-tax contributions as provided by the Plan document. A participant who has not attained age 59 ½ may withdraw all or a portion of its pre-tax contributions provided the participant has an immediate and heavy financial need and the withdrawal is necessary to satisfy such need as provided by the Plan document.

Forfeited Accounts - Participants are always 100% vested in their accounts. Therefore, there were no forfeited non-vested accounts at December 31, 2018, nor were there any forfeitures during the year ended December 31, 2018 that were used to reduce Company contributions to the Plan.

Notes Receivable from Participants - A participant may request a loan in any specified whole dollar amount which must be at least $1,000 but which may not exceed the lesser of 50% of the vested account balance or $50,000, reduced by the participant's highest outstanding loan balance under all plans of the Company, if any, during the prior one-year period. A loan is deducted from the investments in a participant's account according to the hierarchy set by the Plan Administrator, per the Plan document. The interest rate charged by the Plan is a reasonable rate of interest for loans commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, as determined by the Plan document, and generally remains the same throughout the term of the loan. General purpose loan terms range from one to 54 months. If the loan is used in the purchase of a primary residence, the loan term can be for a period of up to 174 months. Loans are secured by the balance in the participant's account. The participant's account is charged $50 to cover loan origination fees. There were no outstanding Notes Receivable from participants at December 31, 2018.

Administrative and Investment Management Expenses - The Plan pays for expenses incurred in conjunction with Plan administration, including trustee services, record keeping, investment advice, and audit fees up to 0.25% of the market value of trust assets, and the Company pays all other expenses incurred in administering the Plan**.** The participants' accounts are charged quarterly for administrative fees. The record

keeper receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed for administrative services incurred by the Plan. Certain administrative functions are performed by employees of the Company (who may also be participants in the Plan). No such employee receives compensation from the Plan.

In addition to the trustee and administrative expense charges, an investment management fee is charged by the majority of the investment funds. These investment management fees are included in the net asset value ("NAV") of the fund calculated by the investment manager of the respective fund and are reflected as a reduction of investment return for such investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting **-** The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates **-** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including common stock, mutual funds, guaranteed investment contracts and collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the values of participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition **-** The Plan's investments, other than fully benefit responsive contracts, are measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). A more detailed description of the individual types of securities held in the Master Trust and their valuation methods can be found in Note 3.

Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - The Plan accrues contributions receivable based upon payroll deferrals during the Plan year but not yet deposited.

Distributions to Participants **-** Payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan, but had not yet been paid at December 31, 2018.

Notes Receivable from Participants **-** Notes Receivable from participants ("loan" or "loans") are recorded at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses as repayments of principal and interest are received through payroll deductions, and the loans are collateralized by the participants' accounts.

In the event that a participant fails to make timely loan repayments, the loan may be considered to be in default. In the event default is declared, the outstanding loan balance and any accrued interest may be treated as a withdrawal prior to termination of employment subject to the withdrawal provisions outlined in the Plan document and may be determined to be a fully taxable distribution from the Plan.

The financial statements include delinquent loan balances until specifically written off. The Form 5500 reflects the delinquent loans as distributions.

New Accounting Standards - In August 2018, the FASB issued guidance to amend required fair value measurement disclosures for public entities. The guidance includes new requirements to disclose the range and weighted average used to develop significant unobservable inputs for Level 3 fair value measurements. It also eliminated disclosure requirements for transfers between Level 1 and 2, valuation processes for Level 3 fair value measurements, and disclosure of the policy for timing of transfers between levels of the fair value hierarchy. The new guidance also modified certain other current disclosure requirements. This guidance is effective for fiscal years beginning after December 15, 2019. It is mostly effective prospectively, with a portion effective retrospectively. Early adoption is permitted. The Plan elected to early adopt this guidance effective December 31, 2018. The adoption of this guidance did not impact the Plan's financial statements.

In February 2017, the Financial Accounting Standards Board ("FASB") issued guidance regarding amendments to the disclosure of certain master trust reporting for employee benefit plans. The amendments require a plan's interest in a master trust and any change in that interest to be presented in separate line items in the statements of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. The amendment removes the requirement to disclose the percentage interest and requires that all plans disclose the dollar amount of their interest in each general type of investment. The amendments also requires all plans to disclose (1) their master trust's other assets and liability balances and (2) the dollar amount of the plan's interest in each of those balances. The amendments are effective for fiscal years beginning after December 15, 2018 and applied retrospectively to each period presented. Early adoption is permitted. The Plan elected to early adopt the new guidance effective December 31, 2018. The impact of the new guidance is not significant and has no material effect on the Plan's financial statements.

Note 3. Fair Value Measurements

The Plan determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV Practical Expedient is the measurement of fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient as an alternative to the fair value hierarchy as discussed above.

The following is a description of the valuation methodologies and inputs used to measure fair value for major categories of investments.

- Employer Common Stock - Common stock is valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. Xylem Inc. stock is traded on the New York Stock Exchange (“NYSE”) under the ticker symbol XYL and is valued at the Plan's year-end date. These securities are classified in Level 1 of the fair value hierarchy.

- Participant-Directed Brokerage Accounts - Securities held in BrokerageLink are valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. These securities are classified in Level 1 of the fair value hierarchy.
- Mutual Funds - Mutual funds of registered investment companies are publicly traded in active markets and valued at the closing price reported on those major markets as of the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.
- Collective Trusts ("CTs") - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. There are no unfunded commitments related to the CTs and investments in CTs can be redeemed on a daily basis. CTs are not classified in the fair value hierarchy but are included in the tables below to assist in reconciling to the amount on the statements of net assets available for benefits.

While the Plan Administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these types of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2018.

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust investments measured at fair value at December 31, 2018.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient *	Total
Employer Common Stock	**$ 21,945,059**	**$ —**	**$ —**	**$ —**	**$ 21,945,059**
Participant-Directed Brokerage Accounts	**1,451,379**	**—**	**—**	**—**	**1,451,379**
Mutual Funds	**316,257,916**	**—**	**—**	**—**	**316,257,916**

Totals	**$339,654,354**	**$ —**	**$ —**	**$216,330,979**	**$555,985,333**

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value of the Plan.

At December 31, 2018, there were no investments held by the Plan in the Master Trust or outside the Master Trust.

Note 4. Guaranteed Investment Contract

Effective January 1, 2018 the Plan began participation in the Master Trust and entered into fully benefit-responsive investment contracts (traditional guaranteed investment contract or "GIC") with New York Life Insurance Company ("NY Life"), also referred to as the Stable Value Accounts that are reported at contract value. NY Life manages these investments and maintains the contributions in its pooled separate account (branded as the "Anchor Account"). The assets of the Anchor Account are owned by NY Life. The Anchor Account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract has no maturity date, but contract years begin on January 1 of each year.

Under the terms of the contracts interest will accrue daily, be credited monthly and the rate cannot be less than zero percent. The daily rate fluctuates based on the underlying investments. Realized gains and losses are amortized over the target duration.

Restrictions - Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. No direct transfers to competing investment options are permitted under the GIC. Any transfers out of the GIC must first go through a non-competing investment option and reside there for at least 90 days before transfer to a competing option, directed-brokerage account, or a mutual fund window. However, the GIC shall not be subject to a market value adjustment if the Plan provides at least 12 months advance written notice to NY Life. The following employer-initiated events may limit the ability of the Plan to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the GIC or to transfer assets out of the GIC;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and
- Complete or partial termination of the Plan or its merger with another plan.

Plan management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Note 5. Information Certified by the Trustee

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements as of and for the year ended December 31, 2018, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator (as defined by the Plan document) and certified as complete and accurate by the Trustee. This information has not been audited by independent accountants.

Note 6. Master Trust - Unaudited

During 2018, since the spin-off from the Predecessor Plan and prior to the merger into the RSP at December 31, 2018, the Plan investments consisted entirely of an interest in an investment account of the Master Trust established by the Company and administered by Fidelity. Use of the Master Trust permits the commingling of trust assets with the assets of certain other Company savings plans for investment and administrative purposes. Although assets of participating plans are commingled in the Master Trust, supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans are maintained. The net assets of the Master Trust are allocated based on individual participant account balances in the respective plans. The daily net investment income of the investment assets is allocated by the Trustees to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The following table presents the investments in the Master Trust and the Plan's interest in the Master Trust at December 31, 2018:

	Master Trust Balances	Plan's Interest in Master Trust Balances (note a)
	2018	2018
Investments at fair value:		
Employer securities	$ 21,945,059	$ —
Mutual funds	316,257,916	—
Participant-directed brokerage account	1,451,379	—
Collective trusts	216,330,979	—
Total investments at fair value	555,985,333	—
Investments at contract value:		—
Stable value account	77,555,250	—
Total investments in Master Trust	$ 633,540,583	$ —

Note a = The Plan had no assets in the Master Trust at December 31,2018.

The following table presents the (depreciation) appreciation in fair value for the year ended December 31, 2018 for the Master Trust and the Plan's interest in the Master Trust, including gains and losses on investments bought and sold, as well as held during the year:

	Master Trust Activity	Plan's Interest in Master Trust Activity
	2018	2018
Realized (loss)gain on purchases and sales	$ (15,472,314)	$ (15,222,435)
Unrealized (loss)gain on investments held	(45,289,581)	1,076
Net depreciation in fair value of investments	(60,761,895)	(15,221,359)
Interest and Dividend income	26,747,548	5,238,349
Total investment loss of the Master Trust	$ (34,014,347)	$ (9,983,010)

Note 7. Exempt Party-in-Interest Transactions

ERISA section 406(a) prohibits various types of transactions between a plan and parties in interest. Parties in interest are defined by the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ERISA section 408(a) contains specific exemptions whereby plans may engage in certain transactions with parties in interest that are otherwise prohibited by law.

Fidelity became the Trustee, record keeper and custodian for all of the Master Trust's investments on January 1, 2018. Fidelity or one of its affiliates manages the certain investment funds. Fidelity received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to the record keeper for its administrative services to the Plan.

For the year ended December 31, 2018, the Master Trust recorded related net depreciation of $381,708 and dividends of $281,638 on Company stock.

Notes receivable from participants also qualify as party-in-interest transactions and amounted to $0 at December 31, 2018.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participant account balances will become 100% vested and non-forfeitable.

Note 9. Federal Income Tax Status

The Plan became effective on January 1, 2018. The Plan has not applied for a determination letter from the Internal Revenue Service. Although the Plan has not received a favorable determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, as a result, the Plan's net investment income is exempt from taxation. Therefore, they believe the Plan was qualified and the related Master Trust was tax-exempt as of the financial statement date and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through September 24, 2019, which is the date the financial statements were available to be issued. No significant events were noted.
