The following description of the Invivoscribe Technologies, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Invivoscribe Technologies, Inc. ("Plan Sponsor"), and the Plan is a qualified defined contribution plan under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan Sponsor has contracted with Great-West Trust Company, LLC to provide Plan record keeping and investment services and to serve as custodian of the Plan's assets. The trustees of the Plan are officers and directors of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan is a defined contribution plan covering all employees, who are age 21 or older, except for employees who are members of a union who bargained separately for retirement plans, leased employees, independent contractors, or employees who are nonresident aliens. There is no service requirement for elective contributions including roth contributions. For purposes of sharing in all other contributions, there is a service requirement of six months.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan with the maximum defined by Internal Revenue Service ("IRS") regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor may make discretionary matching or profit sharing contributions as determined annually.

The Plan Sponsor may decide before the beginning of each Plan year, to make Safe Harbor matching contributions. The Plan Sponsor would contribute one dollar for each dollar saved by a participant up to three percent of compensation. In such event, the Plan Sponsor will also contribute an additional 50 cents for each dollar that each participant saves in excess of three percent of compensation but not more than five percent of compensation. The Plan Sponsor elected to make Safe Harbor matching contributions of $322,514 for the year ended December 31, 2018.

1. PLAN DESCRIPTION (continued)

Contributions (continued)

Participants may direct their contributions and their allocated share of employer contributions, if any, into a variety of investment options as offered by the Plan and can change their investment options at any time.

Participant Accounts

Each participant's account is composed of the participant's contributions, employer matching contributions, allocations of any Plan Sponsor's discretionary contributions (subject to vesting), and Plan earnings, and is offset each period by an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant or their beneficiary may elect to receive either a qualified joint or survivor life annuity, another form of annuity or a lump-sum amount equal to the value of the participant's vested interest in his account. Upon termination of service for other reasons, a participant may receive the value of their vested interest as a lump-sum distribution or direct transfer to another qualified plan.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balances in the Plan, subject to certain restrictions and limitations set forth in the Plan document. Loan terms range from one to five years for personal loans and up to 20 years as established by the Plan Administrator for the purchase of a primary residence. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. If a participant has an outstanding loan balance at the time their employment terminates, the entire outstanding principal and accrued interest is immediately due and payable. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Notes receivable from participants as of December 31, 2018 and 2017 bear interest rates between 4.25% and 6.25% and mature through April 2047. Principal and interest on participant loans are paid ratably through payroll deductions.

1. PLAN DESCRIPTION (continued)

Vesting

Participants are vested immediately in their contributions and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary contribution portion of their account is based on the number of years of continuous service. A participant is 100% vested after six years of credited service. Any amount not vested upon a participant's separation from service is forfeited.

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses of the Plan at the Plan Administrator's discretion, or may be applied as employer contributions to the Plan, if any. The forfeiture balance as of December 31, 2018 and 2017 was $8,663 and $10,395, respectively. No forfeitures were used during 2018 or 2017.

Plan Termination

It is the intention and expectation of the Plan Sponsor that the Plan will be continued indefinitely; however, continuation of the Plan is not assumed as an obligation of the Plan Sponsor. The Plan may be amended, terminated or Plan Sponsor contributions may be discontinued at any time. A complete discontinuance of contributions will constitute a termination subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested in the entire balance of their accounts, regardless of their years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2018. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Plan Administrative Expenses

The Plan incurs certain expenses including charges associated with distribution, loan processing and other transaction charges, investment management and advisory fees and audit and recordkeeping fees. Distribution, loan and other transaction charges are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net depreciation of fair value of investments in the accompanying statement of changes in net assets available for benefits. Certain administrative expenses are paid by the Plan Sponsor and accordingly are not reflected in the accompanying financial statements of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN AND INSURANCE COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, net depreciation in fair value of investments, interest on notes receivable, and interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC, the custodian of the Plan, and Great-West Life & Annuity Insurance Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3— Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair values. Furthermore, while the Plan believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investment assets at fair value by level within the valuation hierarchy as of December 31, 2018:

2018:	Quoted Prices in Active Markets for Identical Assets (Level 1)	Balance as of December 31, 2018
Mutual funds	$ 6,620,974	$ 6,620,974
Total assets in the fair value hierarchy	$ 6,620,974	$ 6,620,974

The following table sets forth the Plan's investment assets at fair value by level within the valuation hierarchy as of December 31, 2017:

2017:	Quoted Prices in Active Markets for Identical Assets (Level 1)	Balance as of December 31, 2017
Mutual funds	$ 5,947,539	$ 5,947,539
Total assets in the fair value hierarchy	$ 5,947,539	$ 5,947,539

5. GROUP ANNUITY CONTRACT

The Plan's investments include the Key Guaranteed Portfolio Fund, which is a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company. The Key Guaranteed Portfolio Fund is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

5. GROUP ANNUITY CONTRACT (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. Plan management believes that the occurrence of events that would limit the Plan's ability to transact at contract value with participants is not probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than the guaranteed minimum interest rate. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yield and crediting interest rate was approximately 1.10% for the year ended December 31, 2018. There is no guaranteed rate of return on future resets of this contract.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by Great-West Trust Company, LLC, the custodian of the Plan's assets. As such, these transactions qualify as party-in-interest transactions. Aggregate fees paid to Great-West Trust Company, LLC by the Plan for administrative services were $37,232 for the year ended December 31, 2018.

7. TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan provider has received an opinion letter dated March 31, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in accordance with the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if issues were found by the IRS that resulted in the disqualification of the Plan's tax-exempt status.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO IRS FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2017. There were no reconciling items as of December 31, 2018.

	2017

Less: prior year employer contributions receivable	(30,197)
Net assets available for Plan benefits per the Form 5500	$ 6,020,166

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Net increase in net assets available for benefits per the financial statements	$ 663,265
Plus: prior year employer contributions receivable	30,197
Net increase in net assets available for benefits per Form 5500	$ 693,462
