NOTE 1 – PLAN DESCRIPTION

The following description of the Kobrand Corporation Retirement Saving Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally established in 1991 as Kobrand Corporation 401(k) Plan ("401(k)") for eligible employees of Kobrand Corporation ("Company" or "Employer"), as defined. Effective December 31, 2013, the 401(k) Plan changed the name to Kobrand Corporation Retirement Savings Plan.

On December 18, 2013, the Board of Directors of the Company adopted a resolution to merge the Kobrand Corporation Profit Sharing Plan ("Profit Sharing Plan") into the Plan.

Effective December 20, 2013, the Plan Sponsor restated the Plan and changed the trustee and record keeper from T. Rowe Price Trust Company to Wells Fargo Bank N.A.

Effective January 1, 2016, the Plan was further amended and restated to reflect current legislative and regulatory changes.

Effective January 1, 2017, the Plan was amended to allow Roth 401(k) deferrals for eligible employees.

Effective January 1, 2019, the Plan was amended to use of the elapsed time method of crediting service for all purposes under the Plan.

Eligibility for Participation

All employees are eligible to participate in: (i) the profit-sharing portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21, and (ii) the 401(k) portion of the Plan upon completing three months of service, as defined, provided that they have attained the age of 21. The date of enrollment is the first day of each month of the Plan year for the 401(k) portion and the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year for the profit-sharing portion.

Eligibility for Contribution

I. Elective Deferral Contributions. The maximum contribution for the calendar years 2018 and 2017 was limited to $18,500 and $18,000, respectively, plus up to $6,000 for a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2018 and December 31, 2017, the Plan's investments were maintained in common/collective trusts and mutual funds. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Eligibility for Contribution (Continued)

Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans and are permitted to make after-tax contributions ("Roth contributions") in addition to their pre-tax contributions.

II. Non-elective Contributions. The Company may make a discretionary contribution of each participant's annual wage, but in no event shall such contribution exceed the amount deductible for income tax purposes as a contribution to the Plan under the applicable provisions of the Internal Revenue Code (the "Code"). For the Plan years 2018 and 2017, the Employer's non-elective contributions were 15% and 13% of eligible compensation, respectively.

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution, employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses and Plan losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting of Company profit sharing contributions is based on years of continuous services as follows:

Vesting schedule

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. On termination of services, participants may elect to postpone their distribution until their required beginning date. For five percent owners, distributions are required to begin not later that the April 1st following the end of the year in which they reach age 70 ½. For participants who are not five percent owners, distributions are required to begin not later than the April 1st following the later of the end of the year in which they reach age 70 ½ or terminate employment.

Notes Receivable from Participants

Subject to certain limitations, a Participant is allowed to borrow up to one-half of their vested interest up to a maximum of $50,000 pursuant to the Plan agreement. Loan terms range in duration. Loans are secured by the balance in the participants' accounts and bear interest at a rate set by the Plan Sponsor, which is currently 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $16,729 and $14,772, respectively. During the year ended 2018, $49,400 of forfeitures were used to reduce the employer contributions.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified for comparative purposes to conform to the presentation on the 2018 financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include record keeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The net investment income from the investment in the custodian accounts consists of interest, dividends and realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee for the years ended December 31, 2018 and 2017:

	2018	2017
Investments at fair value	$ 39,171,230	$ 43,265,974
Fully benefit-responsive investment contracts at contract value	$ 645,721	$ 380,234
Net depreciation in fair value of investments	$ (2,673,812)	
Dividends and interest income	$ 733,518	

Interest income on notes receivable from participants of $20,621 in 2018 has also been certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, "Fair Value Measurements," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at fair value as of December 31, 2018		
	Level 1	Level 2	Level 3
Mutual funds	$ 39,171,230	$ -	$ -

	Assets at fair value as of December 31, 2017		
	Level 1	Level 2	Level 3
Mutual funds	$ 43,265,973	$ -	$ -

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract (FBRIC) criteria and therefore are reported in the financial statements at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings, less participant withdrawals and administrative expenses.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Insurance Company may not terminate the contract at any amount less than the contract value.

Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25157 issued by Metropolitan Life Insurance Company to Reliance Trust Company.

The Contracts are guaranteed investment contracts. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. Contract 25157 provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of the separate accounts, expected payments into and out of the Contract, amortization of the difference, if any, between the fair value of the separate accounts and the guaranteed value of the Contract, and the fees allowed under the Contract.

The following represents the investment contracts held by the plan:

	2018	2017
Synthetic investment contracts	$ 645,721	$ 380,234

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Effective December 20, 2013, Wells Fargo Bank N.A. became the Directed Trustee/Custodian and Record keeper of the Plan. At December 31, 2018 and 2017, there were no investments maintained with Wells Fargo Bank.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8 – TAX STATUS

The Plan is a prototype 401(k) and Profit Sharing Plan of Wells Fargo Bank N.A. The Internal Revenue Service "IRS" has determined and informed Wells Fargo Bank N.A. by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 1 – PLAN DESCRIPTION

The following description of the Kobrand Corporation Retirement Saving Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally established in 1991 as Kobrand Corporation 401(k) Plan ("401(k)") for eligible employees of Kobrand Corporation ("Company" or "Employer"), as defined. Effective December 31, 2013, the 401(k) Plan changed the name to Kobrand Corporation Retirement Savings Plan.

On December 18, 2013, the Board of Directors of the Company adopted a resolution to merge the Kobrand Corporation Profit Sharing Plan ("Profit Sharing Plan") into the Plan.

Effective December 20, 2013, the Plan Sponsor restated the Plan and changed the trustee and record keeper from T. Rowe Price Trust Company to Wells Fargo Bank N.A.

Effective January 1, 2016, the Plan was further amended and restated to reflect current legislative and regulatory changes.

Effective January 1, 2017, the Plan was amended to allow Roth 401(k) deferrals for eligible employees.

Effective January 1, 2019, the Plan was amended to use of the elapsed time method of crediting service for all purposes under the Plan.

Eligibility for Participation

All employees are eligible to participate in: (i) the profit-sharing portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21, and (ii) the 401(k) portion of the Plan upon completing three months of service, as defined, provided that they have attained the age of 21. The date of enrollment is the first day of each month of the Plan year for the 401(k) portion and the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year for the profit-sharing portion.

Eligibility for Contribution

I. Elective Deferral Contributions. The maximum contribution for the calendar years 2018 and 2017 was limited to $18,500 and $18,000, respectively, plus up to $6,000 for a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2018 and December 31, 2017, the Plan's investments were maintained in common/collective trusts and mutual funds. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Eligibility for Contribution (Continued)

Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans and are permitted to make after-tax contributions ("Roth contributions") in addition to their pre-tax contributions.

II. Non-elective Contributions. The Company may make a discretionary contribution of each participant's annual wage, but in no event shall such contribution exceed the amount deductible for income tax purposes as a contribution to the Plan under the applicable provisions of the Internal Revenue Code (the "Code"). For the Plan years 2018 and 2017, the Employer's non-elective contributions were 15% and 13% of eligible compensation, respectively.

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution, employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses and Plan losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting of Company profit sharing contributions is based on years of continuous services as follows:

Vesting schedule

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. On termination of services, participants may elect to postpone their distribution until their required beginning date. For five percent owners, distributions are required to begin not later that the April 1st following the end of the year in which they reach age 70 ½. For participants who are not five percent owners, distributions are required to begin not later than the April 1st following the later of the end of the year in which they reach age 70 ½ or terminate employment.

Notes Receivable from Participants

Subject to certain limitations, a Participant is allowed to borrow up to one-half of their vested interest up to a maximum of $50,000 pursuant to the Plan agreement. Loan terms range in duration. Loans are secured by the balance in the participants' accounts and bear interest at a rate set by the Plan Sponsor, which is currently 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $16,729 and $14,772, respectively. During the year ended 2018, $49,400 of forfeitures were used to reduce the employer contributions.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified for comparative purposes to conform to the presentation on the 2018 financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include record keeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The net investment income from the investment in the custodian accounts consists of interest, dividends and realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee for the years ended December 31, 2018 and 2017:

	2018	2017
Investments at fair value	$ 39,171,230	$ 43,265,974
Fully benefit-responsive investment contracts at contract value	$ 645,721	$ 380,234
Net depreciation in fair value of investments	$ (2,673,812)	
Dividends and interest income	$ 733,518	

Interest income on notes receivable from participants of $20,621 in 2018 has also been certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, "Fair Value Measurements," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at fair value as of December 31, 2018		
	Level 1	Level 2	Level 3
Mutual funds	$ 39,171,230	$ -	$ -

	Assets at fair value as of December 31, 2017		
	Level 1	Level 2	Level 3
Mutual funds	$ 43,265,973	$ -	$ -

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract (FBRIC) criteria and therefore are reported in the financial statements at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings, less participant withdrawals and administrative expenses.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Insurance Company may not terminate the contract at any amount less than the contract value.

Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25157 issued by Metropolitan Life Insurance Company to Reliance Trust Company.

The Contracts are guaranteed investment contracts. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. Contract 25157 provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of the separate accounts, expected payments into and out of the Contract, amortization of the difference, if any, between the fair value of the separate accounts and the guaranteed value of the Contract, and the fees allowed under the Contract.

The following represents the investment contracts held by the plan:

	2018	2017
Synthetic investment contracts	$ 645,721	$ 380,234

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Effective December 20, 2013, Wells Fargo Bank N.A. became the Directed Trustee/Custodian and Record keeper of the Plan. At December 31, 2018 and 2017, there were no investments maintained with Wells Fargo Bank.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8 – TAX STATUS

The Plan is a prototype 401(k) and Profit Sharing Plan of Wells Fargo Bank N.A. The Internal Revenue Service "IRS" has determined and informed Wells Fargo Bank N.A. by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 1 – PLAN DESCRIPTION

The following description of the Kobrand Corporation Retirement Saving Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally established in 1991 as Kobrand Corporation 401(k) Plan ("401(k)") for eligible employees of Kobrand Corporation ("Company" or "Employer"), as defined. Effective December 31, 2013, the 401(k) Plan changed the name to Kobrand Corporation Retirement Savings Plan.

On December 18, 2013, the Board of Directors of the Company adopted a resolution to merge the Kobrand Corporation Profit Sharing Plan ("Profit Sharing Plan") into the Plan.

Effective December 20, 2013, the Plan Sponsor restated the Plan and changed the trustee and record keeper from T. Rowe Price Trust Company to Wells Fargo Bank N.A.

Effective January 1, 2016, the Plan was further amended and restated to reflect current legislative and regulatory changes.

Effective January 1, 2017, the Plan was amended to allow Roth 401(k) deferrals for eligible employees.

Effective January 1, 2019, the Plan was amended to use of the elapsed time method of crediting service for all purposes under the Plan.

Eligibility for Participation

All employees are eligible to participate in: (i) the profit-sharing portion of the Plan upon completing one year of service, as defined, provided that they have attained the age of 21, and (ii) the 401(k) portion of the Plan upon completing three months of service, as defined, provided that they have attained the age of 21. The date of enrollment is the first day of each month of the Plan year for the 401(k) portion and the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year for the profit-sharing portion.

Eligibility for Contribution

I. Elective Deferral Contributions. The maximum contribution for the calendar years 2018 and 2017 was limited to $18,500 and $18,000, respectively, plus up to $6,000 for a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2018 and December 31, 2017, the Plan's investments were maintained in common/collective trusts and mutual funds. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Eligibility for Contribution (Continued)

Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans and are permitted to make after-tax contributions ("Roth contributions") in addition to their pre-tax contributions.

II. Non-elective Contributions. The Company may make a discretionary contribution of each participant's annual wage, but in no event shall such contribution exceed the amount deductible for income tax purposes as a contribution to the Plan under the applicable provisions of the Internal Revenue Code (the "Code"). For the Plan years 2018 and 2017, the Employer's non-elective contributions were 15% and 13% of eligible compensation, respectively.

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution, employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses and Plan losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting of Company profit sharing contributions is based on years of continuous services as follows:

Vesting schedule

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. On termination of services, participants may elect to postpone their distribution until their required beginning date. For five percent owners, distributions are required to begin not later that the April 1st following the end of the year in which they reach age 70 ½. For participants who are not five percent owners, distributions are required to begin not later than the April 1st following the later of the end of the year in which they reach age 70 ½ or terminate employment.

Notes Receivable from Participants

Subject to certain limitations, a Participant is allowed to borrow up to one-half of their vested interest up to a maximum of $50,000 pursuant to the Plan agreement. Loan terms range in duration. Loans are secured by the balance in the participants' accounts and bear interest at a rate set by the Plan Sponsor, which is currently 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $16,729 and $14,772, respectively. During the year ended 2018, $49,400 of forfeitures were used to reduce the employer contributions.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified for comparative purposes to conform to the presentation on the 2018 financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include record keeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The net investment income from the investment in the custodian accounts consists of interest, dividends and realized and unrealized appreciation or depreciation in market value of the investments, net of investment expenses.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee for the years ended December 31, 2018 and 2017:

	2018	2017
Investments at fair value	$ 39,171,230	$ 43,265,974
Fully benefit-responsive investment contracts at contract value	$ 645,721	$ 380,234
Net depreciation in fair value of investments	$ (2,673,812)	
Dividends and interest income	$ 733,518	

Interest income on notes receivable from participants of $20,621 in 2018 has also been certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, "Fair Value Measurements," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at fair value as of December 31, 2018		
	Level 1	Level 2	Level 3
Mutual funds	$ 39,171,230	$ -	$ -

	Assets at fair value as of December 31, 2017		
	Level 1	Level 2	Level 3
Mutual funds	$ 43,265,973	$ -	$ -

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract (FBRIC) criteria and therefore are reported in the financial statements at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings, less participant withdrawals and administrative expenses.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Insurance Company may not terminate the contract at any amount less than the contract value.

Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25157 issued by Metropolitan Life Insurance Company to Reliance Trust Company.

The Contracts are guaranteed investment contracts. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. Contract 25157 provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of the separate accounts, expected payments into and out of the Contract, amortization of the difference, if any, between the fair value of the separate accounts and the guaranteed value of the Contract, and the fees allowed under the Contract.

The following represents the investment contracts held by the plan:

	2018	2017
Synthetic investment contracts	$ 645,721	$ 380,234

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Effective December 20, 2013, Wells Fargo Bank N.A. became the Directed Trustee/Custodian and Record keeper of the Plan. At December 31, 2018 and 2017, there were no investments maintained with Wells Fargo Bank.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8 – TAX STATUS

The Plan is a prototype 401(k) and Profit Sharing Plan of Wells Fargo Bank N.A. The Internal Revenue Service "IRS" has determined and informed Wells Fargo Bank N.A. by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
