Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair representation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Institutional Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

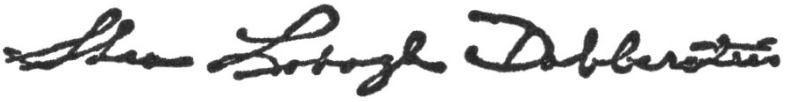

Other Matter – Supplemental Schedules

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participation Contributions for the year ended December 31, 2018, and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2018, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Brayton Purcell, LLP 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1990 by Brayton Purcell, LLP (the "Company") to provide retirement benefits for its employees.

The Plan is a voluntary defined contribution plan covering all employees who have completed one year of service and have reached 21 years of age. Employees become participants of the Plan on January 1, April 1, July 1 and October 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participant contributions are made in the form of pretax deferred salary deductions. A participant may elect to contribute up to a maximum of $18,500 for the year ended December 31, 2018 in accordance with the IRC. Additionally, participants age 50 and over at the end of the Plan year may make additional catch-up contributions up to $6,000 for the year ended December 31, 2018. A participant may increase or decrease the amount of contributions quarterly, as defined by the Plan agreement.

Employer Contributions – Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% up to a maximum of 4% of compensation, as defined in the Plan. In addition, the Company may, in its sole discretion, elect to make other contributions and such contributions are allocated to all participants who either are credited with at least 500 hours of service or are employed on the last day of the Plan year.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, and employer Safe-Harbor contributions, plus actual earnings thereon.

Investment Options – A participant may direct the investment of his or her account balance into various funds available through Voya Institutional Trust Company ("Voya"), the trustee of the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of 50% of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The notes bear interest at rates comparable to those charged by other lenders for loans which would be made under similar circumstances and remain fixed throughout the life of the note. Principal and interest are paid ratably through bi-weekly payroll deductions. Loans are due upon the earlier of maturity date or date of termination of employment.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive either a lump-sum distribution or a direct rollover distribution into a qualified plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. At the time of retirement, if a participant's account balance is in excess of $5,000, the participant may delay the receipt of distributions. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age.

Forfeited Accounts – The non-vested portion of a participant's balance is forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses, applied to reduce employer contributions, or reallocated among eligible participants. As of December 31, 2018 and 2017, forfeited non-vested accounts amounted to $6,488 and $5,576, respectively.

BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements, except for those fees funded from forfeitures and participant transaction fees for loans and distributions. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations – As of December 31, 2018 and 2017, three investments accounted for approximately 44% and 39% of total investments, respectively. Additionally, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 28% of total investments as of December 31, 2018.

Subsequent Events – The Company has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Principal Life Insurance Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are not currently subject to withdrawal limitations.

Collective Trust Funds: Valued at the NAV of the units of collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer requires thirty business days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value:				
Pooled Separate Accounts				20,251,989
Common Collective Trust				71,903
Investments at Fair Value				$ 20,323,892

	2017			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value:				
Pooled Separate Accounts				22,115,386
Common Collective Trust				1,925
Investments at Fair Value				$ 22,117,311

NOTE 4 – INFORMATION CERTIFIED BY VOYA

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment information as of December 31, 2018 and 2017 and for the year ended December 31, 2018, including the information presented in the statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the Supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2018, were obtained from data that has been certified by Voya as of December 31, 2018 and 2017 and for the year ended December 31, 2018, to be complete and accurate.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As part of the Voya Fixed Account, the Plan has entered into an investment contract that meets the criteria to be considered fully benefit-responsive and; therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Voya maintains the contributions in a general account. Contract values, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan is credited with an annual interest rate of no less than 1.00% for as long as the contract remains in force. Each calendar year, Voya will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date. As of December 31, 2018 and 2017, the current rate was 2.30% for both years.

Voya may terminate the contract after the completion of five contract years by providing the Plan a 90-day written notice to pay out the full value without fees, charges, or Market Value Adjustment ("MVA").

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events may limit the ability of the Plan to transact at contract value with Voya. A surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59½. There are restrictions on transfers to and from the Voya Fixed Account and a positive or negative MVA may apply if the contract is terminated by either Voya or the Plan sponsor. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on September 1, 2014, regarding the qualified status of the prototype plan on which the terms of the Plan are based. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Voya. Voya maintains the Plan's assets in pooled separate accounts, a common collective trust, and under a fully benefit-responsive investment contract, and, therefore, these transactions qualify as party-in-interest transactions. Voya provides certain administrative services to the Plan pursuant to a service agreement between the Company and Voya. Voya receives revenue from certain investment service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against the net appreciation or depreciation in fair value of investments.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, foreign currency rates, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset-back securities, collateralized mortgage obligations, and commercial mortgage-backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair representation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Institutional Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

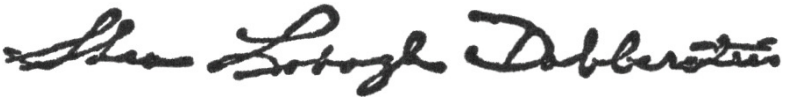

Other Matter – Supplemental Schedules

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participation Contributions for the year ended December 31, 2018, and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2018, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Brayton Purcell, LLP 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1990 by Brayton Purcell, LLP (the "Company") to provide retirement benefits for its employees.

The Plan is a voluntary defined contribution plan covering all employees who have completed one year of service and have reached 21 years of age. Employees become participants of the Plan on January 1, April 1, July 1 and October 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participant contributions are made in the form of pretax deferred salary deductions. A participant may elect to contribute up to a maximum of $18,500 for the year ended December 31, 2018 in accordance with the IRC. Additionally, participants age 50 and over at the end of the Plan year may make additional catch-up contributions up to $6,000 for the year ended December 31, 2018. A participant may increase or decrease the amount of contributions quarterly, as defined by the Plan agreement.

Employer Contributions – Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% up to a maximum of 4% of compensation, as defined in the Plan. In addition, the Company may, in its sole discretion, elect to make other contributions and such contributions are allocated to all participants who either are credited with at least 500 hours of service or are employed on the last day of the Plan year.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, and employer Safe-Harbor contributions, plus actual earnings thereon.

Investment Options – A participant may direct the investment of his or her account balance into various funds available through Voya Institutional Trust Company ("Voya"), the trustee of the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of 50% of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The notes bear interest at rates comparable to those charged by other lenders for loans which would be made under similar circumstances and remain fixed throughout the life of the note. Principal and interest are paid ratably through bi-weekly payroll deductions. Loans are due upon the earlier of maturity date or date of termination of employment.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive either a lump-sum distribution or a direct rollover distribution into a qualified plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. At the time of retirement, if a participant's account balance is in excess of $5,000, the participant may delay the receipt of distributions. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age.

Forfeited Accounts – The non-vested portion of a participant's balance is forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses, applied to reduce employer contributions, or reallocated among eligible participants. As of December 31, 2018 and 2017, forfeited non-vested accounts amounted to $6,488 and $5,576, respectively.

BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements, except for those fees funded from forfeitures and participant transaction fees for loans and distributions. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations – As of December 31, 2018 and 2017, three investments accounted for approximately 44% and 39% of total investments, respectively. Additionally, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 28% of total investments as of December 31, 2018.

Subsequent Events – The Company has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Principal Life Insurance Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are not currently subject to withdrawal limitations.

Collective Trust Funds: Valued at the NAV of the units of collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer requires thirty business days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value:				
Pooled Separate Accounts				20,251,989
Common Collective Trust				71,903
Investments at Fair Value				$ 20,323,892

	2017			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value:				
Pooled Separate Accounts				22,115,386
Common Collective Trust				1,925
Investments at Fair Value				$ 22,117,311

NOTE 4 – INFORMATION CERTIFIED BY VOYA

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment information as of December 31, 2018 and 2017 and for the year ended December 31, 2018, including the information presented in the statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the Supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2018, were obtained from data that has been certified by Voya as of December 31, 2018 and 2017 and for the year ended December 31, 2018, to be complete and accurate.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As part of the Voya Fixed Account, the Plan has entered into an investment contract that meets the criteria to be considered fully benefit-responsive and; therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Voya maintains the contributions in a general account. Contract values, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan is credited with an annual interest rate of no less than 1.00% for as long as the contract remains in force. Each calendar year, Voya will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date. As of December 31, 2018 and 2017, the current rate was 2.30% for both years.

Voya may terminate the contract after the completion of five contract years by providing the Plan a 90-day written notice to pay out the full value without fees, charges, or Market Value Adjustment ("MVA").

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events may limit the ability of the Plan to transact at contract value with Voya. A surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59½. There are restrictions on transfers to and from the Voya Fixed Account and a positive or negative MVA may apply if the contract is terminated by either Voya or the Plan sponsor. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on September 1, 2014, regarding the qualified status of the prototype plan on which the terms of the Plan are based. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Voya. Voya maintains the Plan's assets in pooled separate accounts, a common collective trust, and under a fully benefit-responsive investment contract, and, therefore, these transactions qualify as party-in-interest transactions. Voya provides certain administrative services to the Plan pursuant to a service agreement between the Company and Voya. Voya receives revenue from certain investment service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against the net appreciation or depreciation in fair value of investments.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, foreign currency rates, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset-back securities, collateralized mortgage obligations, and commercial mortgage-backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.
