Notes to Financial Statements

Note 1. Description of Plan

The following description of the Texstars, LLC and Gemcor Automation, LLC 401(k) for Bargaining Unit Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the bargaining unit employees of Texstars, LLC (Plan Sponsor) and Gemcor Automation, LLC (Participating Employer). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated effective January 1, 2018 to modify the Plan investment options and administrative fee structure.

Eligibility: Employees who have reached age 18, completed 90 days of service, and who are not any of the following: leased employees, nonresident aliens, employees of any member of the controlled and/or affiliated service group employer whose employer does not affirmatively adopt this Plan, or any employee that became an employee as a result of Code Section 410(b)(6)(c) transaction during the transition period and nonunion employees, are eligible for the Plan. Effective April 15, 2016, all prior Gemcor Automation, LLC collective bargained employees were immediately eligible for the Plan.

Contributions: Eligible employees can make pre-tax and Roth elective deferrals in any amount up to the maximum percentage of compensation and dollar amount permissible under the IRC. For 2018, the contribution limit is \$18,500 with an additional \$6,000 catch up contribution allowable for eligible employees over age 50.

Texstars, LLC matches 50% of the eligible participant's elective deferrals, up to a maximum of 1% of eligible compensation. Texstars, LLC may also make a nonelective contribution. In 2018, this was equal to 3% of eligible compensation for employees. Gemcor Automation, LLC matches 100% of the eligible participant's elective deferrals, up to a maximum of 2.5% of eligible compensation. Gemcor Automation, LLC may also make a nonelective contribution. This was equal to \$1.70 per hour up to 40 hours a week for the period of January 1, 2018 through September 8, 2018 and \$1.75 per hour up to 40 hours a week for the period of September 9, 2018 through December 31, 2018.

The Plan contains an automatic enrollment provision for all participants that consists of a pre-tax salary deferral of 3%. The provision goes into effect on the first Plan entry date after an employee meets the Plan's eligibility requirements. Participants have the right to elect not to have salary deferral contributions automatically made on their behalf or to elect to have such contributions made at a percentage that is different from the 3% designated.

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

Payment of benefits: A participant may receive a benefit payment through an in-service withdrawal, hardship withdrawal, termination withdrawal, minimum required distribution, or related to death or disability. Each benefit payment type has eligibility criteria as defined in the Plan adoption agreement.

Participant accounts: Each participant's account is credited with (a) the participant's contributions (b) the employer's contributions and (c) Plan earnings (losses), if any. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or Internet access to Transamerica Retirement Solutions Corporation (Transamerica).

Notes receivable from participants: The Plan allows participants to borrow from the Plan provided that such a loan, when added to the outstanding balance of all loans to the participant, would not exceed the lesser of \$50,000 or 50% of the value of the participant's total vested account balance under the Plan. The number of outstanding loans that a participant can have at one time is two. Loans may be made from all contribution types, except prior after-tax employee nondeductible contributions. No loan shall be made in an amount less than \$1,000. All terms of the loans are defined in the Plan. The loans bear interest equal to the prime rate plus 1% and are repayable up to a five-year period, unless used to acquire a principal residence which may be repayable up to a fifteen-year period.

Vesting: All participants are immediately fully vested in their elective pre-tax and Roth deferrals and catch-up contributions plus actual earnings thereon. Employer contributions are 100% vested after one year of service under the hours of service method. A year of service is credited for 1,000 hours.

Administrative expenses: Administrative expenses, which include custodial and certain record-keeping fees are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Recent Accounting Pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. This guidance eliminates, modifies, and adds certain disclosures on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan is currently evaluating the impact this guidance will have on the financial statements.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Payment of benefits: Benefits are recorded when paid to the Plan's participants.

Subsequent events: The Plan has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified by State Street Bank and Trust Company (SSBT)

The following is a summary of the Plan's asset and income (loss) information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by SSBT, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is accurate and complete to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets, notes receivable from participants and related income at December 31:

	2018	2017
Cash	\$ 11,811	\$ 5,192
Investments:		
Mutual funds	2,738,262	2,937,566
Stable value fund	363,502	250,550
Notes receivable from participants	309,049	314,955

SSBT also certified to the completeness and accuracy of the \$231,532 of net depreciation in fair value of investments, \$14,047 of interest income on notes receivable from participants, and \$69,540 of interest and dividends for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2018 and 2017.

Mutual funds (registered investment companies): Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these investments are classified as Level 1.

Stable value collective trust fund: A stable value fund is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		Investments at Fair Value as of December 31, 2018			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 2,738,262	\$ -	\$ -	\$ 2,738,262
Total investments in the fair value hierarchy		2,738,262	-	-	2,738,262
Investments measured at net asset value (a)		-	-	-	363,502
Total investments		\$ 2,738,262	\$ -	\$ -	\$ 3,101,764
		Investments at Fair Value as of December 31, 2017			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 2,937,566	\$ -	\$ -	\$ 2,937,566
Total investments in the fair value hierarchy		2,937,566	-	-	2,937,566
Investments measured at net asset value (a)		-	-	-	250,550
Total investments		\$ 2,937,566	\$ -	\$ -	\$ 3,188,116

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments measured using the net asset value per share practical expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	December 31, 2018 Fair Value	December 31, 2017 Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible) Eligible)	Redemption Notice Period
Stable value collective trust fund	\$ 363,502	\$ 250,550	n/a	Daily	12 months

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Transamerica. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter, dated March 31, 2014, has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan follows FASB ASC 740-10-5 on accounting for uncertainty in income taxes. The Plan Sponsor's management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note 6. Related Party Transactions

The Plan holds cash in a reserve account with State Street Bank & Trust Company. The Plan allows for loans to be taken out by participants from their account. The Plan also holds both a mutual fund and stable value fund managed by Transamerica. Transamerica is the third-party administrator, as defined by the Plan, and SSBT is the custodian and, therefore, these transactions qualify as exempt party-in-interest transactions as defined by ERISA.

These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
