Note 1: Description of Plan

The following description of the Fitzpatrick Dealership Group 401(k) Plan and Trust provides only general information. Participants should refer to the Plan Adoption Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all eligible employees of the participating Companies ("the Company"). The participating companies are Valley Motors, Inc. dba Valley BMW, BEF Management Company, Valley Lexus, Inc., Oakland Motor Cars, Inc. dba Coliseum Lexus of Oakland, and McHenry Motors, dba Valley Kia. Following the completion of one year of service, as defined by the Plan, employees become eligible to participate in the Plan on January 1st, April 1st, July 1st, or October 1st.

Administration. Under the terms of the Plan, certain corporate officer's of the sponsor are designated as Plan Trustee. The Plan has contracted with Sentry Life Insurance Company ("Sentry") to act as custodian, investment advisor, and record keeper for the Plan.

Contributions. Each year, participants may contribute 0-100% of their compensation, as defined in the Plan, subject to IRS annual limits. Employees who are age 50 or older may make additional "catch up" contributions. The Company may make discretionary matching contributions. For the 2018 plan year, the Company made matching contributions equal to 50% of each participant's elective deferral on the first 4% of compensation. The maximum matching contribution is 2% of the participants gross compensation. The company contributed $105,795 in matching contributions in 2019 for the 2018 plan year.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. An employee must work 1,000 hours during the plan year to be credited with a year of service. A participant is 100% vested after six years of service.

Forfeitures. The total non-vested portion of terminated employees account balances are used by the plan sponsor as and additional employer contribution, to reduce employer contributions, or to pay plan expenses. There were $7,633, of forfeitures generated in the current year. During 2018, $50 was used to pay plan expenses and $17,475 was used to reduce employer matching contributions. As of December 31, 2018 there is a balance of $7,633 remaining in unused forfeitures available to be used by the Plan as described above.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in any of a variety of professionally managed investment accounts of the Sentry Life Insurance Company investment portfolio. Participants may change their investment options on a daily basis.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution, in installments, or choose from various life annuity options available from Sentry. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All investments available in the plan with allow for daily redemptions with no redemption notice period required.

Amendments. Effective September 1, 2018, the plan was amended to add a new location, McHenry Motors, dba Valley Kia.

Note 1: Description of Plan (continued)

Notes Receivable from Participant. Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan balances may be paid over a reasonable period of time not to exceed five years, except if used for the purchase of a home. Home loans may have a term of up to 30 years. The loans are secured by the balance in the participant's account and will bear a commercially reasonable rate of interest established by the Plan Administrator.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments consist of pooled separate accounts ("PSA") and are stated at fair value as reported by Sentry Life Insurance Company. Fair value is based on the underlying market value of the mutual funds held within the pooled separate account. The Plan's investment in the Guaranteed Account is stated at contract value as reported by Sentry Life Insurance Company. Contract value is based on contributions made under the contract, plus interest, less funds used to pay benefits and expenses. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. 40% of the Plan's assets are invested in the Sentry Insurance Guaranteed Account. A significant deterioration in the creditworthiness of Sentry Life Insurance Company may result in participants' receiving less than full contract value.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued.

Note 3: Certified Information

Sentry Life Insurance Company, the trustee of the Plan, has certified as to the completeness and accuracy of all pooled separate account and guaranteed account investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the investment activities reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and all investment information reflected in the supplemental (Schedule of Assets Held at End of Year) as of December 31, 2018 in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has been certified as complete and accurate to the best of their knowledge and is summarized below:

Note 3: Certified Information (continued)

	2018	2017
Pooled Separate Accounts at fair value	$ 2,511,504	$ 2,777,658

Note 4: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at fair value as determined by Sentry Life Insurance, based on the number of units held and quoted market values of the underlying mutual funds held in each investment account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts:	$ -	$ 2,511,504	$ -	$ 2,511,504
Total assets at fair value	$ -	$ 2,511,504	$ -	$ 2,511,504

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts:	$ -	$ 2,777,658	$ -	$ 2,777,658
Total assets at fair value	$ -	$ 2,777,658	$ -	$ 2,777,658

Note 5: Sentry Insurance Guaranteed Account

The Plan has entered into a deposit contract with the Sentry Life Insurance Company ("Sentry") to provide participants in the Plan the Guaranteed Account. The Guaranteed Account investment choice is an obligation of Sentry, and invested assets are commingled with the other assets in Sentry's general account. There is no specific portfolio of assets in which the Plan's Guaranteed Account funds are invested. The crediting interest rate is backed by the income received from assets held in the general account and Sentry's guarantee. The average yield for the investment in the Guaranteed Fund was 2.60% and 2.75% for the years ending December 31, 2018 and 2017, respectively. The crediting interest rate for this account was 2.60% and 2.75% at December 31, 2018 and 2017, respectively.

The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the Guaranteed Fund are processed at contract value. If the Plan were to request a liquidation, surrender charges and/or market value adjustments may apply. 40% of the Plan's assets are invested in the Guaranteed Account. A significant deterioration in the creditworthiness of Sentry Life Insurance Company may result in participants' receiving less than full contract value. The contract value of the Guaranteed Account is as follows:

	2018	2017
Traditional investment contract:	$ 1,851,622	$ 1,351,986

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7: Administrative and Investment Fees

Participant accounts are charged a record keeping fee by Sentry equal to .75% of the average daily asset balance. This fee is netted in the investment return of each investment. Total fees netted against investment income, including this asset charge, range from .79% to 1.63% depending on which investments are selected. The Plan Sponsor did not pay significant administrative expenses on behalf of the plan for the year ended December 31, 2018.

Note 8: Excess Contributions

For the years ended December 31, 2018 and 2017, the Plan was required to return excess employee contributions of $0 and $5,662 respectively, to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan. The distributions are included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2018 and 2017.

Note 9: Tax Status and Regulatory Compliance

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted the Sentry Life Insurance Company prototype plan which obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the determination letter; however, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 10: Prohibited Transactions - Late Participant Contributions

During the plan year ending December 31, 2018, the Plan sponsor inadvertently failed to deposit one contribution of participant deferrals, totaling $939 within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. In June 2019, the Plan's sponsor contributed lost earnings of $2 to the plan related to these late deposits, and filed the required Form 5330 with the Internal Revenue Service.

Note 11: Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All of the plan investments are pooled separate accounts and a guaranteed account all offered by Sentry, the trustee. Sentry receives indirect compensation from these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Sentry for record keeping and management services of these underlying mutual funds is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.

Note 12: Reconciliation of Financial Statements to Schedule H of Form 5500

Participant Contributions:
The following is a reconciliation of participant contributions per Schedule H of Form 5500 and the financial statement at December 31, 2018. The differences relate to timing differences in the recording of contributions on Form 5500 (cash basis), and on the financial statements (accrual basis).

Total contributions received & receivable per schedule H of Form 5500	$ 529,918
Add December 2018 employee and employer contributions received by the plan in January 2019	105,795

Total employee and employer contributions per the financial statement	$ 563,163

For purposes of these financial statements, this amount was recorded as a payable as of December 31, 2018. The form 5500 is prepared on a cash basis, and these refunds will be shown as corrective distributions on the Schedule H for 2018 tax year.

Corrective distributions per schedule H of Form 5500	$ 5,662
Less corrective distributions paid during 2018 that were accrued as payable as of December 31, 2017	(5,662)
Excess contributions per the financial statement	$ -

Net assets available for benefits per these financial statements is $105,795 higher than the amount reported on Schedule H.
