1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Administrator contributions, earnings as allocated and forfeitures of terminated participants' non-vested accounts. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Administrator's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after 3 years of service.

Notes Receivable from Participants

Participants may obtain a loan from the balance in their account. The loan may not be less than $1,000 nor exceed the lesser of $50,000 or 50 percent of the market value of the participant's vested account balance. A participant may have only one loan outstanding at any time. Loans must be repaid to the participant's account over a period not to exceed five years, unless the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. The prime rate was 5.50 percent at December 31, 2018.

Benefit Payment

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account, or annual installments only with respect to the lifetime required minimum distribution. For termination of service or for other reasons, a participant may receive the value of the vested interest in his or her accounts as a lump-sum distribution. Benefits are provided for early retirement at an attained age of 55 with 15 years of vesting service, and normal retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Administrator. Benefits are also provided upon specific hardship or attainment of age 59½.

Forfeitures

Forfeited non-vested accounts are used to reduce future administrative expenses, Plan Administrator contributions or can be allocated to qualifying participants. At December 31, 2018 and December 31, 2017, forfeited non-vested accounts totaled $2,250 and $828, respectively. Also, in 2018, administrative expenses were reduced by $3,396 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned, and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and December 31, 2017.

Investment Valuation and Income Recognition

Investments are stated at fair value as certified by the custodians, Reliance Trust Company and John Hancock Trust Company LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Earnings on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the earnings on investments.

Subsequent Events

The Plan has evaluated for subsequent events through September 17, 2019, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

3. Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

There have been no changes in the methodologies used at December 31, 2018 and December 31, 2017.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about Plan investments measured at fair value on a recurring basis as of December 31, 2018 and December 31, 2017, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

(a) The objective of this fund is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long-term.

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Reliance Trust Company in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Reliance Trust Company and John Hancock Trust Company LLC. The Plan has obtained certifications from Reliance Trust Company and John Hancock Trust Company LLC that such information is complete and accurate as of December 31, 2018 and December 31, 2017 and for the year ended December 31, 2018.

	December 31, 2018	December 31, 2017
Assets as of		
Non-interest bearing cash	$ -	$ 6,410
Notes receivable from participants	119,311	-
Mutual funds at fair value	7,222,792	6,540,077
Common collective trust at fair value	167,136	139,934
Transactions for the year ended		
Notes receivable interest	$ 6,175	
Investment losses	(206,431)	

5. Party-in-Interest Transactions

Certain Plan investments were managed by Reliance Trust Company and John Hancock Trust Company LLC. Reliance Trust Company and John Hancock Trust Company LLC were the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative management services included in administrative expenses amounted to $24,184 for the year ended December 31, 2018. Fees paid by the Plan for investment management services are included in the gains and losses on investments as they are paid through revenue share, rather than a direct payment. The Plan Administrator pays directly any other expenses related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Administrator contribution portion of the participant's account.

7. Tax Status

The Plan uses a prototype plan document sponsored by John Hancock Retirement Plan Services LLC. John Hancock Retirement Plan Services LLC received an opinion letter from the IRS dated May 18, 2015, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31, 2018	December 31, 2017
Net assets available for plan benefits per the Form 5500	$ 7,529,256	$ 6,802,726
Deemed distribution of note receivable from participant	(20,015)	-
Other adjustment - rounding	(2)	-
Net assets available for plan benefits per the financial statements	$ 7,509,239	$ 6,802,726

The following is a reconciliation of net increase per Form 5500 to the financial statements:

	For the Year Ended December 31, 2018
Net increase in net assets per the Form 5500	$ 726,530
Deemed distribution of note receivable from participant	(20,015)
Other adjustment - rounding	(2)
Net increase in net assets per the financial statements	$ 706,513

10. Transfer of Assets to New Custodian

At the close of business on October 8, 2018, the Plan assets at Reliance Trust Company were converted into non-interest bearing cash. On October 10, 2018, these funds were transferred to the Plan's new custodian, John Hancock Trust Company LLC, and were invested in the appropriate funds.

11. Corrective Distributions

For the year ended December 31, 2018, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test has not been completed as of September 17, 2019, which is the date the financial statements were made available to be issued. As a result, the amount of excess contributions refunded to plan participants cannot be determined. Any excess contributions refunded to plan participants will be subject to a 10 percent excise tax penalty.

For the year ended December 31, 2017, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2018. Based on the results of this test, it was determined that the Plan had excess contributions of $24,627. These excess contributions were refunded to plan participants in 2018.
