NOTE A -- DESCRIPTION OF PLAN

The following description of Eisman & Russo, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution plan covering substantially all employees of Eisman & Russo, Inc. who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the plan. The Board of Trustees also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS - Each year, participants may contribute an amount up to the 401(k) elective deferral limits of pretax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a nondiscretionary trust arrangement with diversified investment offerings.

The Company may make discretionary employer matching contributions. Discretionary employer matching contributions, if made, are based on eligible compensation deferred into the Plan each plan year. To be eligible to receive a discretionary employer matching contribution, a participants must complete 1000 hours of service during the plan year and be employed as of the last day of the plan year. The discretionary employer matching contributions are invested in the investment options offered by the plan as directed by the participant.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and an allocation of (a) the applicable employer's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the employer's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest arranging from 3.25% to 5.00%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

PAYMENTS OF BENEFITS - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other specified manner of payment, not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A -- DESCRIPTION OF PLAN (CONTINUED)

FORFEITED ACCOUNTS – Forfeitures shall first be used to pay Plan expenses. Any portion of such forfeitures not used to pay plan administrative expenses shall be allocated to participants. Forfeitures of $4,857 were used to pay plan expenses in the year ended December 31, 2018.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis: investment income is recognized when received and disbursements are recognized when made. Additionally, investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles.

DATE OF MANAGEMENT'S REVIEW – Subsequent events were evaluated through October 7, 2019, which is the date the financial statements were available to be issued.

NOTES RECEIVABLE FROM PARTICIPANTS – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

ESTIMATES – The preparation of financial statements in conformity with the modified cash receipts and disbursements basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENTS OF BENEFITS - Benefits are recorded when paid.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

EXPENSES - The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

NOTE C -- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits – Modified Cash Basis. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 2 or 3 inputs available to the Plan.

Level 1 Fair Value Measurement

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Lifecycle Funds - These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTE C -- FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

December 31, 2018	Fair Value	Fair Value Measurements Using: Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual Funds	$ 3,300,594	$ 3,300,594
Lifecycle Funds	5,870,845	5,870,845
TOTAL ASSETS AT FAIR VALUE	$ 9,171,439	$ 9,171,439

Gains and losses included in changes in net asset available for benefits for the year ended December 31, 2018, are reported in net depreciation in fair value of investments.

The fair value of investment at December 31, 2017:

	2017
Mutual Funds	$ 3,073,731
Lifecycle Funds	5,758,689
	$ 8,832,420
Notes Receivable from participants	$ 207,773

NOTE E -- RELATED-PARTY TRANSACTIONS

The Plan does not consider the Companies' contributions to the Plan to be party-in-interest transactions. The Companies' provide certain accounting and administrative services to the Plan for which no fees are charged.

NOTE F -- TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2014.

NOTE G -- ALLOCATIONS TO TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2018 include $414,696, allocated to the accounts of persons who as of or prior to December 31, 2018 had terminated employment with Eisman & Russo, Inc. Per the Plan document, any distribution to a participant who has a benefit which equals or exceeds $5,000 requires such participant's consent if such distribution commences prior to the later of normal retirement age or age 62. If a participant fails to consent, it is deemed an election to defer commencement of payment of any benefit. As of December 31, 2018, no benefit consent had been received by the Plan with respect to any terminated participant account balance.

NOTE H -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits – modified cash basis.
