Note 1 - Description of the Plan:

The following description of Division Laundry & Cleaners, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. It determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may contribute an elective deferral on a pretax basis (i.e., salary reduction) to the Plan up to the maximum allowed by law. Participants may designate all or a portion of their elective deferral contribution as Roth elective deferral contributions instead of pre-tax elective deferral contributions. Such designation must be made before the deferral is made and cannot be changed except for future contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of the first 3% of the base compensation, plus 50% of the participant's elective deferral contributions which are over 3% of the compensation, but not over 5% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions and, (b) the Plan's earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, matching contributions, plus actual earnings thereon.

Note 1 - Description of the Plan: - continued

Payment of Benefits

On termination of service with the Company due to death, disability, retirement, or the attainment of the age of 59 1/2, a participant may elect to receive either a lump-sum distribution, direct that the benefit be rolled to an IRA account, a 403(b) plan, governmental 457 plan, or transferred directly to another 401(k) plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant has a financial hardship, they may withdraw all or any part of their vested account from elective deferral contributions. After the hardship withdrawal, the participant may not make elective deferrals or other contributions to the Plan for six months. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures

The Plan has no forfeited amounts due to participants being fully vested immediately on their account balance.

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies: - continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for administration of participant hardship withdrawals are included in administrative expenses and charged directly to the participant's account.

Recent Accounting Guidance

The Plan has adopted the provisions of FASB Accounting Standards Update (ASU) 2015-12 (Part II), "Plan Accounting (Topics 960, 962, and 965): Plan Investment Disclosures." This ASU eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits, eliminates the net appreciation or depreciation for investments by general type, and requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risks. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements.

Note 3 – Tax Status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provisions for income taxes have been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 4 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5 – Related Party Plan Administration:

An officer of the Company performs certain administrative functions for the Plan. No such officers or employees receive any compensation from the Plan.

Note 6 – Investments (Unaudited):

At December 31, 2018 and 2017, the Plan's investments were held by the Trustee, John Hancock Life Insurance Company. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $877,958.00 and $874,449.00 at December 31, 2018 and 2017, respectively, and related losses of $58,652.00 for the year ended December 31, 2018.

Note 7 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Note 7 – Fair Value Measurements: - continued

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered by the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

Assets at Fair Value as of December 31, 2018

	Level 1
Mutual Funds	$ 877,958.00
	$ 877,958.00

Assets at Fair Value as of December 31, 2017

	Level 1
Mutual Funds	$ 874,449.00
	$ 874,449.00

Note 8 – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company remitted any related lost earnings to the affected participants into the Plan.

Note 10 – Subsequent Event:

Management has evaluated subsequent events through October 2, 2019, the date which the financial statements were available to be issued.
